TOWNSHIP OF KINGSTON
LUZERNE COUNTY
LIQUID FUELS TAX FUND
BACKGROUND
FOR THE TWO YEARS ENDED
DECEMBER 31, 2010

Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authorifor the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.

2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.

3. A report of elected and appointed officials by January 31 of each year.

4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

Harrisburg, Pennsylvania 17120-0018

JACK WAGNER
AUDITOR GENERAL

Independent Auditor's Report

The Honorable Barry J. Schoch, P.E.
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Township of Kingston, Luzerne County, for the two years ended December 31, 2010. The municipality's management is responsible for the Forms MS-965. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Township of Kingston, Luzerne County's Forms MS-965 for the two years ended December 31, 2010 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

As discussed in the Finding and Recommendations section of this report, the municipality expended a total of $26,626.73 in 2009 and $13,420.93 in 2010 from its Liquid Fuels Tax Fund for the purchase of a plow, three spreaders, inlets boxes for storm sewers, and pipe without advertising for bids.

COUNCIL 90
AFSCME
UNION LABEL

In our opinion, except for the matter discussed in the preceding paragraph, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Township of Kingston, Luzerne County, for the two years ended December 31, 2010, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-965 and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township of Kingston, Luzerne County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the Township of Kingston, Luzerne County's Forms MS-965 that is more than inconsequential will not be prevented or detected by the Township of Kingston, Luzerne County's internal control.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-965 will not be prevented or detected by the Township of Kingston, Luzerne County's internal control.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Forms MS-965.

Independent Auditor's Report (Continued)

The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

- Purchases Over $2,500.00 In Noncompliance With Advertising And Bidding Requirements Of The Kingston Township Home Rule Charter.

We are concerned in light of the municipality's failure to correct a previously reported finding regarding purchases over $2,500.00 in noncompliance with advertising and bidding requirements of the Kingston Township Home Rule Charter. The municipality should strive to implement the recommendations and corrective actions noted in this report.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Township of Kingston, Luzerne County, and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF KINGSTON
LUZERNE COUNTY
LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE TWO YEARS ENDED
DECEMBER 31, 2010

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment that cost in excess of $4,000.00.

- Minor equipment purchases are purchases of road machinery and road equipment that cost $4,000.00 or less.

- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is generally received from the Department of Transportation during the first week in April of each year. The amount the municipality receives is based half on its population and half on its road mileage.

- The turnback allocation is generally received from the Department of Transportation during the first week in April of each year. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.

- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

1. Criteria (Continued)

Section 3 (Continued)

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

1. Criteria (Continued)

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Second Class Township Code, Title 53 P.S. § 68204, authorizes the township to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.

- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2010. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

2. Deposits (Continued)

Fund Balance

The fund balance as of December 31, 2010 consists of the following:

Cash	$26,880.73

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in an interest-bearing account which earned $602.08 during 2009, and $260.24 during 2010, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2009 - Section 1

Adjustments were made to “Minor equipment purchases,” “Storm sewers and drains,” and “Maintenance and repair of roads and bridges” because expenditures of $13,776.66 were misclassified.

2009 - Section 2

An adjustment of $733.13 was made to “Miscellaneous” because a receipt for winter maintenance from the Commonwealth of Pennsylvania was not reported.

2010 - Section 1

Adjustments were made to “Minor equipment purchases,” “Storm sewers and drains,” and “Maintenance and repair of roads and bridges” because expenditures of $7,495.93 were misclassified.

Adjustments were made to “Winter maintenance services” and “Repairs of tools and machinery” because expenditures of $1,429.44 were misclassified.

An adjustment of $100.00 was made to “Street lighting” because check No. 1163 was reported as $3,842.31 but was issued for $3,942.31.

4. Adjustments (Continued)

2010 - Section 2

An adjustment of $733.13 was made to "Balance, January 1, 2010" to reflect the adjustment made to the fund balance in 2009 - Section 2.

An adjustment of $(21.67) was made to "Interest on investments" because interest earned was overstated.

2010 - Section 3

An adjustment of $733.13 was made to "Prior year equipment balance" to reflect the adjustment made to the equipment balance in 2009 - Section 3.

5. Miscellaneous Receipts

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

Source	Description	2009	2010
Commonwealth of Pennsylvania General Fund	Winter maintenance agreement	$733.13	$ -
	Reimbursement (Comment)	-	6,473.60
Totals		$733.13	$6,473.60

AUDITOR GENERAL

TOWNSHIP OF KINGSTON
LUZERNE COUNTY
LIQUID FUELS TAX FUND
FINDING AND RECOMMENDATIONS
FOR THE TWO YEARS ENDED
DECEMBER 31, 2010

Finding - Purchases Over $2,500.00 In Noncompliance With Advertising And Bidding Requirements Of The Kingston Township Home Rule Charter

Our examination disclosed that the township expended $26,626.73 during 2009 and $13,420.93 during 2010 from the Liquid Fuels Tax Fund for the purchase of a plow, three spreaders, inlet boxes for storm sewers, and pipe without advertising for bids. These expenditures were as follows:

Product	Check Number	Check Date	Amount	Totals
Snow Plow	1063	05/11/09	$ 8,563.47	
Two steel Spreaders	1063	05/11/09	5,883.34	
Inlet boxes	1102	07/06/09	7,893.32	
Pipe	1125	12/07/09	4,286.60	
2009 Total				$26,626.73
One steel spreader	1146	04/12/10	2,941.67	
Pipe	Various	Various	10,479.26	
2010 Total				13,420.93
Two Year Total				$40,047.66

The above expenditures were not made in compliance with the advertising, bidding, and contract requirements of Article XI of the Kingston Township Home Rule Charter, which states in Section 1101, all contracts of the township involving sums in excess of Two Thousand Five Hundred Dollars ($2,500.00) shall be in writing and shall be executed on behalf of the township by the Chairman of the Board of Supervisors, or, in his absence, the Vice-Chairman of the Board of Supervisors. Additionally, Section 1102 states that except as otherwise provided in this charter, no contract for supplies, material, labor, franchise, or other valuable consideration, to be furnished to or by the township, shall be authorized on behalf of the township, except with the best responsible bidder after competitive bidding.

Most townships are required to obtain price quotations for purchases between $4,000.00 and $10,000.00 and advertise for bids for purchases over $10,000.00. However, the Department of Transportation's *Publication 9*, Appendix D, Section 449.3 (d), states:

> Exception to advertising, bidding, and bonding requirements for Home Rule Charter Municipalities.

Finding - Purchases Over $2,500.00 In Noncompliance With Advertising And Bidding Requirements Of The Kingston Township Home Rule Charter (Continued)

> In the case any municipality which has adopted a home rule charter, the Department [of Transportation] will recognize charter provisions which are contrary to the advertising, bidding, and contract requirements set forth in this chapter or in various municipal codes.

The failure to comply with the Kingston Township Home Rule Charter could result in the township having to reimburse $40,047.66 to its Liquid Fuels Tax Fund.

A similar finding was also written in our prior report.

Recommendations

We recommend that the township reimburse $40,047.66 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

Further, we again recommend that, in the future, the township comply with the Kingston Township Home Rule Charter as noted in this finding.

Management's Response

The township officials offered no formal response at this time.

Auditor's Conclusion

This is a recurring finding. We strongly recommend that the township comply with our recommendations.

TOWNSHIP OF KINGSTON
LUZERNE COUNTY
LIQUID FUELS TAX FUND
COMMENT
FOR THE TWO YEARS ENDED
DECEMBER 31, 2010

Comment - Summary Of Prior Examination Recommendations

In our prior report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse $6,473.60 to its Liquid Fuels Tax Fund for purchases over $2,500.00 in noncompliance with advertising and bidding requirements of the Kingston Township Home Rule Charter. A similar finding was written in our current report (see Finding).

During our current examination we reviewed a letter dated October 8, 2010, from the Department of Transportation informing the municipality to reimburse $6,473.60 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on November 24, 2010.
