Letter From the Auditor General 3

Finding and Recommendation:

Finding – Untimely Deposit of State Aid 5

Accompanying Expenditure Information 6

Report Distribution List 7

JACK WAGNER

AUDITOR GENERAL

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended 53 P.S. § 895.701 et seq. (commonly referred to as Act 205), are properly expended.

The McCandless Township Volunteer Firefighters' Relief Association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 84 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 84 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 84, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality.

BACKGROUND (Continued)

The McCandless Township Volunteer Firefighters' Relief Association was allocated state aid from the following municipality:

Municipality	County	2006	2007	2008
McCandless Township	Allegheny	$217,751	$213,012	$217,501*

* However, the 2008 state aid allocation was not deposited into a relief association account until January 5, 2009, as further discussed in the finding contained in this report.

The volunteer firefighters' relief association and the affiliated fire service organizations are separate, legal entities. The McCandless Township Volunteer Firefighters' Relief Association is affiliated with the following fire service organizations:

Highland Firemen's Association No. 1
Ingomar Volunteer Fire Company No. 2
Peebles District Volunteer Fire Company

Mr. Gerald J. Aufman Jr., President
MCCANDLESS TOWNSHIP VOLUNTEER FIREFIGHTERS'
RELIEF ASSOCIATION
Allegheny County

We have conducted a compliance audit of the McCandless Township Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), for the period January 1, 2006 to December 31, 2008.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objective.

The objective of the audit was to determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objective identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the McCandless Township Volunteer Firefighters' Relief Association's administration of state aid and accumulated funds complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with those requirements and that we considered to be significant within the context of the audit objective, and assessed whether those significant controls were properly designed and implemented.

Our audit procedures also included tests of documentary evidence supporting the McCandless Township Volunteer Firefighters' Relief Association's recorded financial transactions, tests of the physical existence of inventories, interviews of selected officials and direct confirmation of the McCandless Township Volunteer Firefighters' Relief Association's cash, investments, and certain other assets and liabilities as of December 31, 2008, with the custodians of the funds, debtors, creditors, and financial institutions to the extent necessary to satisfy the audit objective. Additionally, we performed procedures to provide a reasonable assurance of detecting instances of violations of legal and regulatory requirements or violations of provisions of contracts that are significant within the context of the audit objective.

The results of our audit for the period January 1, 2006 to December 31, 2008, found, in all significant respects, the McCandless Township Volunteer Firefighters' Relief Association received and expended funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the following finding discussed later in this report. The results of our tests indicated the McCandless Township Volunteer Firefighters' Relief Association expended funds as presented in the accompanying information and as of December 31, 2008, had a cash balance of $513,112 and an investment balance with a fair value of $180,519.

Finding – Untimely Deposit of State Aid

The contents of this report were discussed with the management of the McCandless Township Volunteer Firefighters' Relief Association and, where appropriate, their responses have been included in the report.

July 14, 2009

JACK WAGNER
Auditor General

MCCANDLESS TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDING AND RECOMMENDATION

Finding – Untimely Deposit of State Aid

Condition: The volunteer firefighters' relief association did not deposit the 2008 state aid allocation it received from McCandless Township, in the amount of $217,501, until January 5, 2009.

Criteria: The foreign fire insurance tax allocation was distributed to the municipal treasurer, who forwarded this state aid to the volunteer firefighters' relief association, which is within 60 days of receipt, as required by Section 706 (b)(2) of the Act of December 18, 1984, (P.L. 1005, No. 205). Upon receipt of the state aid allocation, the relief association should ensure the funds are deposited in a timely manner.

Cause: The relief association officials inadvertently neglected to deposit the 2008 state aid check received from McCandless Township.

Effect: As a result of the untimely deposit, funds were not available to pay general operating expenses or for investment purposes. In addition, an untimely deposit of receipts can lead to a greater risk that funds could be lost or misappropriated.

Recommendation: We recommend the relief association officials adopt internal control procedures to ensure the timely deposit of all future state aid allocations. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

MCCANDLESS TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
ACCOMPANYING EXPENDITURE INFORMATION
FOR THE PERIOD JANUARY 1, 2006 TO DECEMBER 31, 2008

Act 84 at 53 P.S. § 8502(1) states, in part, that:

> A volunteer firefighters' relief association is an organization formed primarily for the purpose of affording financial protection to volunteer firefighters against the consequences of misfortune suffered as a result of their participation in the fire service. Such an association may also serve other purposes, . . . provided only that adequate provisions be first made to serve its primary purpose. . . .

Act 84 at 53 P.S. § 8506, authorizes the investment of relief association funds and outlines the types of benefits and services that can be provided with volunteer firefighters' relief association funds. All expenditures must be properly authorized as prescribed in the volunteer firefighters' relief association bylaws and approved at an association meeting.

USES OF FUNDS:

Benefit Services:		
Insurance premiums	$	322,020
Total Benefit Services	$	322,020
Fire Services:
