BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 *et seq.* (commonly referred to as Act 205), are properly expended.

The Allegheny Township Volunteer Fire Department, Canan Station No. 1 Relief Association, herein referred to as the Canan Station Volunteer Firefighters' Relief Association, is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality.

FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Insufficient Surety (Fidelity) Bond Coverage

Condition: The relief association did not maintain a Surety (Fidelity) bond in a sufficient amount to cover the relief association's authorized disbursing officer. The relief association's Surety (Fidelity) bond coverage lapsed on February 15, 2012; however, as of December 31, 2014, the relief association's cash assets totaled \$16,721.

Criteria: Act 118 at 35 Pa.C.S. § 7415(c)(4) states, in part, that:

. . . the disbursing officer, whether designated treasurer, comptroller, financial secretary or otherwise, shall be bonded by corporate surety for faithful performance of duty. The amount of the bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on the bond shall be a proper charge against the funds of the association.

Cause: Relief association officials failed to monitor the relief association's cash balance to ensure that the Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer was in compliance with Act 118 provisions.

Effect: As a result of the authorized disbursing officer of the relief association being insufficiently bonded, the relief association's cash assets were not adequately safeguarded.

Recommendation: We recommend that the relief association officials ensure that its Surety (Fidelity) bond sufficiently covers the relief association's authorized disbursing officer, as required by Act 118. This requirement may be accomplished by increasing the Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer to an amount greater than the expected maximum balance of the relief association's cash assets, or by decreasing the relief association's cash assets to an amount anticipated to remain below the policy coverage amount. In addition, relief association officials should monitor the relief association's cash balance to ensure that unexpected events affecting the relief association's current funds do not again result in insufficient Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and, as of August 31, 2015, the relief association has obtained adequate bond coverage.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.

CANAN STATION VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – Failure To Segregate Relief Association Officers' Duties

Condition: During the current audit, we detected that the same individual holds the position of both secretary and treasurer.

Criteria: Prudent business practice dictates that the duties of the secretary and treasurer be sufficiently segregated. An adequate segregation of duties is the primary internal control intended to prevent or decrease the risk of errors or irregularities.

The minimum requirements of the secretary's position, pertaining to a relief association, are to maintain detailed minutes of meetings authorizing the relief association's financial operations. The secretary should review and coordinate the amending of the bylaws governing the relief association so that the bylaws meet the minimum requirements of Act 118.

The minimum requirements of the treasurer's position, pertaining to a relief association, are to maintain an account of all funds belonging to the relief association. The treasurer shall maintain a journal and ledger detailing all financial transactions of the relief association along with documentation supporting the receipts and disbursements. The treasurer should co-sign all negotiable instruments along with another relief association officer. Also, financial statements should be prepared at least on an annual basis by the treasurer.

Cause: Relief association officials indicated that they were unaware that one person holding the position of both secretary and treasurer negates the internal controls associated with the segregation of duties.

Effect: An inadequate segregation of duties could prevent relief association officials and members from effectively monitoring the relief association's financial transactions. Additionally, it negates the checks and balances necessary to detect and correct financial errors or irregularities in the relief association's accounting system.

Recommendation: We recommend that the relief association officials ensure that there is adequate segregation of duties between the relief association's secretary and treasurer. We also recommend that the relief association officials review its accounting and internal control procedures to ensure that the duties being performed by the secretary and treasurer are sufficiently segregated so that relief association assets are adequately safeguarded. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.
