**TIMOTHY L. DEFOOR
AUDITOR GENERAL**

The Honorable Mayor and City Council
City of Warren
Warren County
Warren, PA 16365

We have conducted a compliance audit of the City of Warren Municipal Employee Pension Plan for the period January 1, 2020 to December 31, 2022. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit.

- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- We determined whether annual employee contributions were calculated, deducted, and deposited into the pension plan in accordance with the plan's governing document and applicable laws and regulations by testing total members' contributions on an annual basis using the rates obtained from the plan's governing document in effect for all years within the period under audit and examining documents evidencing the deposit of these employee contributions into the pension plan.
- We determined whether retirement benefits calculated for plan members who retired and the plan member who elected to vest during the current audit period, and subsequent to the current audit period, represent payments to all (and only) those entitled to receive them and were properly determined and disbursed in accordance with the plan's governing document, applicable laws, and regulations by recalculating the amount of the monthly pension benefits due to the retired individuals and comparing these amounts to supporting documentation evidencing amounts determined and actually paid or payable to the recipients.
- We determined whether the January 1, 2021 actuarial valuation report was prepared and submitted by March 31, 2022 in accordance with Act 205 and whether selected information provided on this report is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.

The City of Warren contracted with an independent certified public accounting firm for audits of its basic financial statements, for the years ended December 31, 2020 and 2021, which are available at the city's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

City officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the City of Warren Municipal Employee Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objective.

The results of our procedures indicated that, in all significant respects, the City of Warren Municipal Employee Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of the City of Warren and, where appropriate, their responses have been included in the report. We would like to thank city officials for the cooperation extended to us during the conduct of the audit.

A handwritten signature in black ink that reads "Timothy L. DeFoor". The signature is written in a cursive style with a long horizontal line extending to the left of the first letter.

Report Distribution List	8

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a two (2) percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the City of Warren Municipal Employee Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 67 - The Third Class City Code, Act of November 24, 2015 (P.L. 242, No. 67), as amended, 11 Pa. C.S. § 10101 et seq.

Act 177 - General Local Government Code, Act of December 19, 1996 (P.L. 1158, No. 177), as amended, 53 Pa.C.S. § 101 et seq.

The City of Warren Municipal Employee Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 1880, as amended. The plan is also affected by the provisions of collective bargaining agreements between the city and its non-uniformed employees. The plan was established August 15, 1966. Active members hired prior to January 1, 2018 are required to contribute two (2) percent of base wages to the plan. Active members hired after January 2, 2018 are required to contribute three and one-half (3.5) percent of compensation to the plan. As of December 31, 2022, the plan had 24 active members, 5 terminated members eligible for vested benefits in the future, and 30 retirees receiving pension benefits from the plan.

CITY OF WARREN MUNICIPAL EMPLOYEE PENSION PLAN
 SUPPLEMENTARY INFORMATION
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan’s funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially. The historical information, beginning as of January 1, 2017, is as follows:

	(1)	(2)	(3)	(4)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)
01-01-17	\$ 5,545,250	\$ 5,843,240	\$ 297,990	94.9%
01-01-19	5,779,012	6,123,047	344,035	94.4%
01-01-21	6,660,959	6,693,283	32,324	99.5%

Note: The market values of the plan’s assets at 01-01-17, 01-01-19, and 01-01-21 have been adjusted to reflect the smoothing of gains and/or losses over a 4-year averaging period, which will be limited to a maximum of 120 percent and a minimum of 80 percent of the fair market value of assets. This method will lower contributions in years of less than expected returns and increase contributions in years of greater than expected returns. The net effect over long periods of time is to have less variance in contribution levels from year to year.

CITY OF WARREN MUNICIPAL EMPLOYEE PENSION PLAN
SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

SCHEDULE OF CONTRIBUTIONS

Year Ended December 31	Actuarially Determined Contribution	Actual Contributions	Contribution Deficiency (Excess)	Covered- Employee Payroll*	Contributions as a Percentage of Covered- Employee Payroll*
2013	\$ 211,217	\$ 211,217	\$ -		
2014	198,243	198,243	-	\$1,160,268	17.1%
2015	193,634	193,634	-	1,114,818	17.4%
2016	136,779	136,779	-	1,264,036	10.8%
2017	135,508	135,508	-	1,255,134	10.8%
2018	193,392	193,392	-	1,279,181	15.1%
2019	193,712	193,712	-	1,478,079	13.1%
2020	213,434	213,434	-	1,475,101	14.5%
2021	212,654	212,654	-	1,409,640	15.1%
2022	208,825	208,825	-	1,458,990	14.3%

* This schedule is presented pursuant to the implementation of GASB Statement No. 67, *Financial Reporting for Pension Plans* by reporting entities responsible for administering the pension plan to improve financial reporting by state and local governmental pension plans. Due to the statement being implemented only recently, the amount of Covered-Employee Payroll was not provided for years prior to 2014.

 SUPPLEMENTARY INFORMATION
 NOTES TO SUPPLEMENTARY SCHEDULES
 (UNAUDITED)

The information presented in the supplementary schedules was determined as part of the actuarial valuation at the date indicated. Additional information as of the latest actuarial valuation date follows:

Actuarial valuation date	January 1, 2021
Actuarial cost method	Entry age normal
Amortization method	Level dollar open
Remaining amortization period	4 years
Asset valuation method	4-year smoothing – the actuarial value of assets will be limited to a maximum of 120% and a minimum of 80% of the fair market value of assets
Actuarial assumptions:	
Investment rate of return	7.0%
Projected salary increases *	4.5%
Cost-of-living adjustments	None assumed

* Includes inflation at 2.5%

CITY OF WARREN MUNICIPAL EMPLOYEE PENSION PLAN
COMMENT

The city adopted a home rule charter pursuant to the Home Rule Charter and Optional Plans Law, 53 Pa. C.S. §2901 et seq. (previously 53 P.S. §1-101 et seq.). The prior audits for the city's municipal employee pension plan covering the years 1997 through 2007, disclosed that the pension plan's governing document included provisions which were not in compliance with the Third Class City Code. It was noted in the prior audit reports that certain provisions were in excess of Third Class City Code requirements, while other provisions provided for lesser benefits than mandated by the Third Class City Code. It was previously recommended that the city restricts pension benefits to those authorized by the Third Class City Code for all employees who began full-time employment on or after January 24, 2001 (the date *Municipality of Monroeville v. Monroeville Police Department Wage Policy Committee* was issued as disclosed in the January 1, 2006, to December 31, 2007 audit report) upon the renewal, extension, or renegotiation of the collective bargaining agreement. To the extent that the city is not in compliance with the Third Class City Code and/or is contractually obligated to provide benefits in excess of those authorized by the Third Class City Code to employees who began employment on or after January 24, 2001, the excess benefits must be reflected in the Act 205 actuarial valuation reports for the plan and funded in accordance with Act 205 funding standards. Conversely, to the extent that the city failed to provide benefits mandated by the Third Class City Code, it was recommended that the city increase those benefits for all active plan members to the levels prescribed by the code at the earliest opportunity to do so.

The City of Warren has maintained that pension benefits are subject to collective bargaining and interest arbitration processes. In addition, the city has argued that these matters have been the subject of litigation, which included an appeal and Memorandum Opinion issued by the Commonwealth Court. In particular, certain retired firefighters and the International Association of Firefighters appealed the fact that retired firefighters were receiving benefits below the levels established by the Third Class City Code. In concluding that the pension benefits below those required by the Third Class City Code were not void as against public policy, the Court concluded that the retirees and the Union, "through collective bargaining, bargained away their pension rights." This is particularly true, according to the Court when the parties, as here, negotiated the issue of compliance with the Third Class City Code and, ultimately agreed to lesser benefits which cost less than if the plan were entirely Third Class City Code compliant.

During the prior audit period, the city adopted Ordinance No. 1916 on April 16, 2018, which amended the Municipal Employee Pension Plan to comply with the Third Class City Code for all non-uniformed, union employees hired after January 1, 2018 and for all non-uniformed, non-union employees hired after January 1, 2019. However, union employees hired prior to January 1, 2018 and non-union employees hired prior to January 1, 2019 will continue to receive benefits that are not authorized by the Third Class City Code.

CITY OF WARREN MUNICIPAL EMPLOYEE PENSION PLAN
COMMENT

The Department recognizes that the city is unable to make any unilateral changes to its pension plans due to collective bargaining agreements that have been negotiated. In addition, the Department also recognizes that all of the benefit provisions that deviate from the Third Class City Code do not result in increased pension costs and, to the extent that the city has provided pension benefits less than those mandated by the Third Class City Code, it has consequently resulted in lower annual pension costs for the city. However, it remains the Department's position that the city restrict pension benefits to those authorized by the Third Class City Code for all employees who began full-time employment on or after January 24, 2001 (the date *Monroeville* was issued) upon the renewal, extension, or renegotiation of the collective bargaining agreement and to the extent that the city has failed to provide benefits mandated by the Third Class City Code, we again recommend that the city increase those benefits for all active plan members to the levels prescribed by the code at the earliest opportunity to do so.

Since the city received its state aid allocations based on unit value during the current audit period, the city did not receive any state aid attributable to pension benefits that deviate from the Third Class City Code. We will continue to monitor the city's efforts to comply with the prior audit recommendations and the effect of providing pension benefits not in compliance with the Third Class City Code on the city's state aid allocations during future audits of the plan.
