We have conducted a compliance audit of the Jackson Township Non-Uniformed Pension Plan for the period January 1, 2017 to December 31, 2020. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit. State aid allocations that were deposited into the pension plan for the years ended December 31, 2015 to December 31, 2020, are presented on the Summary of Deposited State Aid and Employer Contributions.

- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation. Employer contributions that were deposited into the pension plan for the years ended December 31, 2015 to December 31, 2020, are presented on the Summary of Deposited State Aid and Employer Contributions.
- We determined whether annual employee contributions were calculated, deducted, and deposited into the pension plan in accordance with the plan's governing document and applicable laws and regulations by testing total members' contributions on an annual basis using the rates obtained from the plan's governing document in effect for all years within the period under audit and examining documents evidencing the deposit of these employee contributions into the pension plan.
- We determined that there were no benefit calculations prepared for the years covered by our audit period.
- We determined whether the January 1, 2017, and January 1, 2019 actuarial valuation reports were prepared and submitted by March 31, 2018, and 2020, respectively, in accordance with Act 205 and whether selected information provided on these reports is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.

The Jackson Township Non-Uniformed Pension Plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. PMRS issues a separate Annual Comprehensive Financial Report, copies of which are available from the PMRS accounting office. PMRS's financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Jackson Township Non-Uniformed Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objective.

The results of our procedures indicated that, in all significant respects, the Jackson Township Non-Uniformed Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following findings further discussed later in this report:

Finding No. 1 – Failure To Maintain An Adequate Record-Keeping System To Effectively Monitor Activity Of The Pension Plan

Finding No. 2 – Failure To File Actuarial Valuation Report

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Jackson Township and, where appropriate, their responses have been included in the report. We would like to thank township officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a 2 percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Jackson Township Non-Uniformed Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 15 - Pennsylvania Municipal Retirement Law, Act of February 1, 1974
(P.L. 34, No. 15), as amended, 53 P.S. § 881.101 et seq.

The Jackson Township Non-Uniformed Pension Plan is a single-employer cash balance pension plan locally controlled by the provisions of Ordinance No. 315, as amended, and a separately executed plan agreement with the Pennsylvania Municipal Retirement System (PMRS) effective July 1, 2020, which replaces the prior PMRS agreement with an October 1, 2013 effective date, adopted pursuant to Act 15. The plan was established April 1, 2001. Active members are not required to contribute to the plan. The municipality is required to contribute 5 percent of compensation. As of December 31, 2020, the plan had 3 active members and 2 terminated members eligible for vested benefits in the future.

JACKSON TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Failure To Maintain An Adequate Record-Keeping System To Effectively Monitor Activity Of The Pension Plan

Condition: The township’s record-keeping system did not provide effective control over the transactional activity of the non-uniformed pension plan during 2020. Municipal officials were unable to furnish annual financial statements or custodial account transaction statements for the non-uniformed pension plan. These annual financial and account statements have historically been provided by the plan’s custodian, PMRS. However, as of the date of this report, annual financial and accounting statements summarizing the pension account activity have not been provided for the year 2020.

Criteria: An adequate system of accounting and record keeping is a prerequisite for sound administration of pension plans. In addition, assets held in a custodial account for the purpose of plan management are to be governed by the terms and provisions of the account contract, provided that the terms and provisions of the contract are within the parameters of all prevailing pension legislation. Although the municipality may contract with a trustee to administer the financial management of the plan, the fiduciary responsibility for the plan remains with the municipality.

Cause: Municipal officials indicated that the plan’s custodian, PMRS, failed to provide copies of the custodial account transaction statements summarizing activity of the pension plan account for the year 2020. In addition, municipal officials did not maintain a separate detailed accounting of pension plan transactions which, among other things, helps assure the production of proper financial statements to effectively monitor the annual activity of the pension plan.

Effect: Although we were able to obtain alternate documentation from the municipality to evidence the propriety of the individual transactions tested during performance of the audit for the year 2020, the failure to maintain annual financial and/or account transaction statements prohibits municipal officials from effectively monitoring the plan’s financial operations. Additionally, inadequate monitoring of the pension plan account could lead to undetected errors or improprieties in account transactions as well as deficiencies in authorizing and implementing pension plan policies and procedures.

Recommendation: We recommend that municipal officials contact the plan custodian and obtain annual financial statements of the custodial account of the non-uniformed pension plan for the year 2020 to ensure the accuracy and propriety of the transaction activity. In addition, we recommend that municipal officials establish and maintain a financial record-keeping system that allows the municipality to effectively monitor the plan’s financial operations, even in the absence of statements from the plan custodian. Municipal officials should refer to the Auditor General’s Bulletin No. 2-88 entitled “Preparation, Maintenance and Auditability of Financial Records,” for further guidance in establishing adequate accounting and record-keeping procedures.

JACKSON TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – (Continued)

Management’s Response: Municipal officials agreed with the finding without exception

Auditor’s Conclusion: It was noted that PMRS recently went through a substantial upgrade to the plan administration software and implemented a new accounting system. The modernization process, along with the COVID-19 pandemic, resulted in unforeseen delays in the year-end reporting process for financial statements and GASB 68 reports. PMRS officials have taken active measures to resolve these issues and recently indicated that they anticipate providing 2020 Year-End Financial Activity Reports and Annual Member Statements for all of their plans during 2021. Compliance with the finding recommendation will be evaluated during our next audit of the plan.

Finding No. 2 – Failure To File Actuarial Valuation Report

Condition: Actuarial valuation report Form Type A, for the non-uniformed cash balance pension plan with a valuation date of January 1, 2019, was not submitted to the Municipal Pension Reporting Program by the March 31, 2020, deadline, as required by Act 205 and remains outstanding as of the date of this report.

Criteria: Section 201(a) of Act 205 states, in part:

Each municipality which has established or maintains a pension plan for its employees, including any municipality which participates in the Pennsylvania Municipal Retirement System, shall cause to be made actuarial valuation reports. Actuarial valuation reports shall be made biennially, unless the applicable municipality is applying or has previously applied for supplemental State assistance pursuant to Section 603, whereupon actuarial valuation reports shall be made annually.

Furthermore, Section 201(b) of Act 205 states, in part:

The biennial actuarial valuation report required pursuant to subsection (a) shall be made as of the beginning of each plan year occurring in an odd-numbered calendar year and shall be filed with the executive director of the commission no later than the last business day of March occurring in the following calendar year.

JACKSON TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – (Continued)

Section 204 of Act 205 provides:

If a complete actuarial valuation report or experience investigation is not filed in a timely fashion, any and all financing which is provided to the municipality by the Commonwealth and is dedicated for pension plan purposes shall be withheld until the report or investigation is filed.

Cause: The failure to file the necessary actuarial valuation report occurred because current plan officials were not familiar with the applicable Act 205 filing guidelines.

Effect: The township did not receive a state aid allocation during 2020 and 2021. In addition, future state aid, if any, will be withheld until the necessary report is filed. Moreover, the plan may receive less state aid than it would have received had the report been filed in a timely manner.

Recommendation: We recommend that the municipality take immediate action to complete the January 1, 2019 Act 205 actuarial valuation report which was due by March 31, 2020 and submit it to the Municipal Pension Reporting Program. By submitting the report as soon as possible, the municipality can minimize the length of time the pension aid will be withheld due to the delinquent filing of the required report.

Furthermore, to insure that future actuarial filing deadlines are met and to improve pension plan administration, we recommend that plan officials develop and implement internal control procedures, such as a calendar listing the various reporting and filing deadlines required by Act 205, including the actuarial valuation report filing date.

Management's Response: Municipal officials agreed with the finding without exception.

Auditor's Conclusion: Compliance will be evaluated during our next audit of the plan.
