EUGENE A. DEPASQUALE AUDITOR GENERAL

The Commissioners of Dauphin County Dauphin County Administration Building Two South Second Street, 4th Floor Harrisburg, PA 17101

Dear Commissioners:

We have examined the submitted CY-370 Expenditure Report, the CY-370A Revenue Report, and the CY-348 Fiscal Summary, hereinafter referred to as the submitted fiscal reports, and the related financial records of the Dauphin County Social Services for Children and Youth (agency) for the purpose of ascertaining and certifying the actual Commonwealth expenditures incurred on behalf of children residing within the County for the fiscal years ended June 30, 2011, June 30, 2012, June 30, 2013 and June 30, 2014 pursuant to authority derived from Act 148 of 1976, as amended, 62 P.S. § 704.1(a)(4). The scope of our engagement was limited to the fiscal reports submitted to the Department of Human Services (DHS) as part of the Act 148 Invoice Packages for the above referenced fiscal years.

Preparation of the submitted fiscal reports, and compliance with children, youth, and families regulations, are the responsibility of agency management. Our engagement procedures included a review of selected agency records, and other procedures we deemed necessary, to enable us to ascertain and certify the actual Commonwealth expenditures incurred on behalf of children residing within the County and to determine the County's compliance¹ with certain provisions of 55 Pa. Code, Part V. Children, Youth, and Families Manual, Subpart C, Chapters 3140 and 3170 (55 Pa. Code §§ 3140.1 *et seq.* and 3170.1 *et seq.*).

We performed a review of the agency's internal controls over its invoice review and approval process for the 2010-2011 through the 2013-2014 fiscal years. We determined that agency staff responsible for reviewing and approving invoices submitted for payment performed procedures to substantiate that monthly or quarterly service costs invoiced by Placement Purchased Service providers were actually provided, and provided in adherence to executed key contract terms before these invoices were approved for payment. However, we determined that no such corresponding procedures were performed for monthly or quarterly services invoiced by twenty six In-Home Purchased Service providers. Specifically, as detailed in Finding No.1, beginning on page 31 of this report, for submitted In-Home Purchased Services' invoices selected for detailed review and the corresponding expenditures reported on the agency's submitted fiscal reports, the agency failed to provide supporting documentation evidencing that

the services billed on the submitted invoices, and subsequently paid by the agency, were actually provided, and if provided, were provided in adherence to the requirements of the respective provider key contract terms.

Because of the significance of the matter described in the preceding paragraph, we had no assurance that total expenditures of \$13,161,351 paid to In-Home Purchased Service providers and included in total Purchased Services' expenditures of \$95,045,226 reported on the agency's CY-370 Expenditure Reports, and corresponding CY-383 Fee-For-Service Schedules, submitted to the DHS for the fiscal years ended 2011, 2012, 2013, and 2014, and included in the agency's respective general ledgers, were valid because we were provided no evidence that the corresponding services were actually provided or, if provided, that the services adhered to respective key executed contract provisions and DHS regulations. Therefore, while we achieved our objective of ascertaining and certifying the total Commonwealth expenditures paid on behalf of children residing within the county for the fiscal years ended 2011, 2012, 2013, and 2014, we cannot attest that the \$13,161,351 expended by the Commonwealth for In-Home Purchased Services were actually provided, or if provided, were provided in adherence to executed key contract provisions and DHS regulations because a high risk exists that overbillings and fraudulent billings could have occurred.

Despite the matter described in the third paragraph of page 1, we did perform procedures using the documentation available to us, and the results of those procedures are described in the bulleted items below. However, these results may have been affected by the matter described in the third paragraph, and our assurance provided is limited by this matter:

The results of our procedures performed during this engagement were as follows:

- For the **fiscal year ended 2011**, our engagement resulted in one adjustment being made to the agency's submitted fiscal reports. This adjustment in total impacted the agency's Final Net State Share by decreasing agency expenditures by \$7,329. Based on the application of the state participation rates, this adjustment resulted in an amount due to the state totaling \$5,864. This adjustment is detailed in our amended fiscal reports for the fiscal year 2010-2011, as included in Section 1 of this report, beginning on page 3.
- For the **fiscal year ended 2012**, our engagement resulted in two adjustments being made to the agency's submitted fiscal reports. These adjustments in total impacted the agency's Final Net State Share by decreasing agency expenditures by \$4,400 and increasing non-reimbursable expenditures by \$20,658. Based on the application of the state participation rates, these adjustments resulted in an amount due to the state totaling \$15,916. Both adjustments are detailed in our amended fiscal reports for the fiscal year 2011-2012, as included in Section 2 of this report, beginning on page 10.

- For the **fiscal year ended 2013**, our engagement resulted in one adjustment being made to the agency's submitted fiscal reports. This adjustment impacted the agency's Final Net State Share by increasing agency expenditures by \$34,532. Based on the application of the state participation rates, this adjustment resulted in an amount due to the county totaling \$27,643. This adjustment is detailed in our amended fiscal reports for the fiscal year 2012-2013, as included in Section 3 of this report, beginning on page 17.
- For the **fiscal year ended 2014**, our engagement resulted in one adjustment being made to the agency's submitted fiscal reports. This adjustment impacted the agency's Final Net State Share by increasing agency expenditures by \$1,077. Based on the application of the state participation rates, this adjustment resulted in an amount due to the county totaling \$865. This adjustment is detailed in our amended fiscal reports for the fiscal year 2013-2014, as included in Section 4 of this report, beginning on page 24.

As previously discussed above, we identified the following significant matter, as detailed in Section 5 of this report, beginning on page 31:

Finding – Dauphin County Social Services for Children and Youth Failed to Provide Supporting Documentation Evidencing that In-Home Purchased Services Paid For Were Actually Provided by the Contracted In-Home Purchased Service Providers

We also included the following current engagement observation and subsequent event observation, as detailed in Section 6 and Section 7 of this report, page 38 and page 41:

Current Engagement Observation – Significant Control Deficiencies Exist in DHS' Oversight of Children and Youth (C&Y) Agencies' Adherence to Child Protective Services Law (CPSL) Requirements

Subsequent Event Observation – Dauphin County Social Services for Children and Youth Agency Staff Turnover and Amendments to the Pennsylvania Child Protective Services Law (CPSL) Impacted the Effectiveness and Timeliness of Services which Resulted in the Commonwealth Department of Human Services Issuing the agency a Provisional Certificate of Compliance in 2015 and 2016

The results of our engagement procedures, as presented in this report, were discussed with County representatives and agency management at an exit conference held on December 14, 2016.

This report is being forwarded to the DHS Bureau of Financial Operations, and the Office of Children, Youth, and Families for review and settlement of the adjustments included in our amended fiscal reports. You will be notified by the DHS of the decisions made during the DHS settlement process and the impact, if any, on a future Act 148 payment. At that time, in accordance with the Commonwealth's General Rules of Administrative Practice and Procedure, 1 Pa. Code § 31.1 *et seq.*, you will be afforded the opportunity by Commonwealth DHS to appeal its settlement process decision.

We appreciate the cooperation, assistance, and courtesy granted our representatives by your officials and the staff of the Dauphin County Social Services for Children and Youth.

Sincerely,

December 28, 2016

Eugene A. DePasquale Auditor General

Eugraf: O-Pagur

Endnote

¹ The Child Protective Services Law (CPSL), 23 Pa.C.S. § 6301 *et seq.*, requires the conduct of criminal background checks and child abuse history clearances (certifications) for all employees and direct volunteers of county children and youth (C&Y) agencies, as well as the volunteers/employees of their contractors (providers) and subcontractors (sub-recipients). To ensure adherence to these requirements, the Commonwealth DHS has assigned monitoring responsibilities to internal offices and bureaus based on the types of services provided. However, the safety of children receiving services from/through these agencies may be at risk due to significant control deficiencies related to the CPSL adherence that exist within C&Y agencies and DHS. Details regarding these deficiencies are further outlined in the Observation beginning on page 38 of this report.

BACKGROUND

The Department of the Auditor General is responsible for reviewing the fiscal reports, known as the submitted CY-370 Expenditure Report, the CY-370A Revenue Report, and the CY-348 Fiscal Summary of the 67 County Children and Youth Agencies to determine proper reporting and utilization of funds according to program regulations and guidelines under Public Welfare Code 62 P.S. § 704.1(a)(4). The annual state Act 148 allocations are used by the Counties to administer social services for the children and youth that reside within the Commonwealth of Pennsylvania, whose stated goal is "to ensure, for each child in this Commonwealth, a permanent, legally assured family which protects the child from abuse and neglect." The Children and Youth Social Services Program is County-Administered and State-Supervised by the Department of Human Services (DHS) and thus, they are jointly responsible for achieving the Commonwealth's goal.

In accordance with the Public Welfare Code (62 P. S. § 703), the DHS is responsible for making and enforcing all rules and regulations necessary and appropriate to the proper accomplishment of the child welfare duties and functions vested by law in the county institution districts or their successors. Title 55 Pa. Code, Part V. Children, Youth, and Families Manual, Subpart C, outlines the rules and regulations relative to the County Administration of the Children and Youth Social Service Programs. Specifically, in compliance with 55 Pa. Code § 3140.31, the Counties must report their cumulative actual expenditures incurred for the provision of children and youth social services on a quarterly basis to the DHS through the Act 148 Invoice package. The expenditures reported in the Act 148 Invoice package refers to all costs for dependent and delinquent children and youth services funded or administered by the DHS.

As part of our engagement, we reviewed the County Children and Youth Agency's submitted fiscal reports, as referenced above, which are included in the Act 148 Invoice package. Specifically, we reviewed the final, cumulative 4th Quarter fiscal reports submitted to the DHS, along with the County Children and Youth Agency's related financial records and supporting documentation, to determine whether the County Children and Youth Agency's actual, cumulative expenditures and revenues were properly reported to the DHS for the respective fiscal years (FYs). The variances identified between the submitted and actual costs and revenues required adjustments to these fiscal reports, and thus, our Amended CY-370 Expenditure Report, Amended CY-370A Revenue Report, and Amended CY-348 Fiscal Summary, resulting from our engagement procedures and included in this report for each fiscal year included in our scope, reflect the County Children and Youth Agency's actual related costs and revenues for those years and those costs and revenues' impact on the County Children and Youth Agency's corresponding Net State Shares.

CURRENT ENGAGEMENT FINDING AND RECOMMENDATION

<u>Finding - Dauphin County Social Services For Children & Youth Failed to Provide Supporting Documentation Evidencing that In-Home Purchased Services Paid For Were Actually Provided by the Contracted In-Home Purchased Service Providers</u>

Condition: During the 2010-2011, 2011-2012, 2012-2013, and 2013-2014 fiscal years, the Dauphin County Social Services for Children & Youth (agency) utilized 61 different In-Home Purchased Service providers to provide contracted services to resident at risk children and their families; these 61 providers invoiced services totaling \$13,161,351. During our current engagement for the aforementioned fiscal years, we judgmentally selected 26 of these In-Home Purchased Service providers for review; of the \$10,709,503 in In-Home service fees invoiced by these 26, we selected invoices totaling \$408,047 for detailed review and found that, while the agency did retain and provide us with the corresponding approved submitted invoices totaling \$408,047, for these providers, the agency failed to provide supporting documentation evidencing that services related to the \$408,047 in service fees invoiced by these 26 providers, and subsequently paid by the agency, were actually provided, and if provided, provided in adherence to the requirements of the respective provider contract terms. The 26 cited In-Home Purchased Service providers were contracted to perform services which included: counseling, temporary housing for children in which the parents experienced unmanageable or critical circumstances, child abuse prevention and school safety programming, truancy programs, and youth mentoring programs.

The 26 cited In-Home Purchased Service providers consisted of 20 Fee-for-Service providers and 6 Program Funded providers. The approved contracts for the 20 Fee-for-Service providers include an agreed upon fee-for-service rate per unit (days or hours) and costs invoiced by these types of providers are calculated by multiplying the contracted service rate by the listed number of days/hours for the number of children or family members to whom the Fee-for-Service provider lists on the submitted invoice. While the monthly invoices submitted by the 20 cited fee-for-service providers included names of individuals who received service, and the agency maintained documentation substantiating approval for each listed individual to receive the invoiced services, we were not provided any documentation evidencing each listed individual's actual monthly attendance/participation. Furthermore, we were not provided any supporting documentation substantiating the number of days or hours invoiced for each individual. Regarding the six cited Program Funded providers, these providers contracted with the agency for a maximum amount to be paid for each contracted fiscal year and each month these providers either invoiced the agency for actual operating costs or invoiced the agency a standard prorated monthly amount. For these six providers, while the agency provided our auditors with these providers' prepared monthly internal expense statements detailing total monthly operating costs by expenditure item or invoices that detailed the names of individuals who received invoiced services, these providers submitted no supporting documentation, nor did the agency require any documentation, substantiating that the contracted services were actually provided.

While we were able to reconcile Total In-Home Purchased Service expenditures reported on the agency's submitted CY-370 Expenditure Report to the corresponding CY-383 Fee-For-Service Schedule and to the agency's general ledger for each respective fiscal year, agency management failed to provide us evidence substantiating that the 26 In-Home Purchased Services providers we judgmentally selected for review actually provided to children and their families the contracted In-Home Purchased services they were paid for, or if provided, that the services were allowable per DHS regulations and executed key contract terms.

Furthermore, regarding the total population of 61 In-Home Purchased Services providers contracted during our engagement scope period to provide In-Home services, agency management informed us that, for the four years of our engagement scope period, they did not require any of the Fee-for-Service or Program-Funded providers included in this population to submit any documentation, other than submitted invoices, to substantiate the fees invoiced by these respective providers.

<u>Criteria</u>: 55 Pa. Code Chapter 3140. Planning and Financial Reimbursement Requirements for County Children and Youth Social Service Programs.

Section 3140.21. Reimbursement for Services. General. "(a) Under section 704.1 of the Public Welfare Code (62 P.S. § 704.1), the Department reimburses expenses incurred by the county for children and youth social services, including services to alleged and adjudicated dependent and delinquent children according to an approved county plan and budget estimate up to the amount of State funds allocated to the county under section 709.3 of the Public Welfare Code (62 P.S. § 709.3)."

• Office of Children, Youth and Families (OCYF) Bulletin 3140-06-06, applicable for fiscal year ended 6/30/2011; Bulletin 3140-11-02, applicable for fiscal year ended 6/30/2012; Bulletin 3140-13-01, applicable for fiscal year ended 6/30/2013; Bulletin 3140-13-05, applicable for fiscal year ended 6/30/2014: Act 148 Invoicing Procedures for County Child Social Services - Instructions for Completion of Expenditure Report. This form is a report of the ACTUAL EXPENDITURES of the County Children and Youth Agency (CCYA).

In addition, 55 Pa. Code § 3170. Allowable Costs and Procedures for County Children and Youth.

• Section 3170.2. Definitions. Program funded agency – An agency whose total eligible expenditures are funded in a manner which is predetermined by the appropriate county authorities.

- Section 3170.23(a). Purchase of Service. Purchase of service funding may be by unit of service funding or by program funding.
- Section 3170.85. Responsibility of the County. "...the county executive officers shall be responsible for the effective execution of each purchase of service agreement..."
- Section 3170.91. County Responsibility. "The county is responsible for the general fiscal management of the county agency. This includes maintaining fiscal records of expenditures and revenues of the program, providing data for budgeting and expenditure reporting to the Department, monitoring the financial activities of the program, and other activities related to the fiscal operations of the program."
- Section 3170.92(b). Accountability for Expenditures for Clients. Records Maintenance. "County agencies shall maintain sufficient and appropriate records and data to justify payment for expenses by the Department. The local authorities or contractors shall maintain books, records, documents and other evidence and accounting procedures and practices, sufficient to reflect properly all direct and indirect costs of whatever nature claimed to have been incurred and anticipated to be incurred for funds supported by the Department and for which reimbursement is claimed..."

<u>Cause</u>: Agency management informed us that the agency had a monitoring process that consisted of fiscal staff performing on-site audits of all types of contracted service providers, during which line item expenses were validated through examination of provider general ledger entries, profit and loss statements, reconciliation reports and individual receipts and that the last round of these on-site audits was completed for the 2011-2012 fiscal year; after which, the conduct of these on-site audits were suspended due to the intensity of the work and other demands on the time of fiscal staff.

We requested documentation evidencing the completion of these on-site audits and were provided a copy of one on-site audit report detailing the results of an on-site audit completed in March 2011; however, the provider that was the subject of this on-site audit report did not provide In-Home services and the on-site audit report was incomplete, as only one of sixteen questions included within the on-site visit checklist, was answered. Furthermore, we determined that the agency failed to issue any formal, written policies or procedures detailing the on-site audit process.

Effect: Because our auditors were only provided a copy of one deficient on-site audit report for a provider that did not provide In-Home services, the on-site visit checklist included in this report was incomplete, the agency had not issued any formal written policies and procedures detailing its on-site audit process, and the agency could not provide us with a listing of the contracted service providers reviewed, we concluded that significant deficiencies existed in the agency's contracted service providers' monitoring process, and that the suspension of this

monitoring process resulted in no further consequences to the agency's already deficient monitoring process.

Furthermore, because the subject of the on-site audit report that our auditors were provided was not an In-Home Services provider and it appears, based on the verbal description provided by agency management, that the objectives of the procedures performed during the conduct of the now suspended on-site audits were to only substantiate the operating costs invoiced by Fee-for-Service and Program Funded In-Home Service providers, we concluded that the agency had no controls in place to ensure that contracted services invoiced by In-Home Purchased Service providers were actually provided and if provided, provided in adherence to key executed contract terms.

Finally, regarding the 35 In-Home Purchased Service providers for whom we performed no testing procedures, agency management informed us that, for the four years of our engagement scope period, they did not require any of the Fee-for-Service or Program-Funded providers included in the agency's total population of 61 In-Home Purchased Services providers to submit any documentation substantiating that the services related to the fees invoiced by these 35 providers were actually provided to at risk children and their families.

The agency's failure to require and review supporting documentation evidencing that the services related to the In-Home Purchased Service fees invoiced were actually provided by the 61 contracted In-Home Purchased Service providers to at risk children and their families, and if provided, provided in adherence to the requirements of the respective provider's contract terms, increases the risk of provider overbillings and/or fraudulent billings going undetected by the agency, resulting in the possibility of inappropriate reimbursement payments being made by the agency to these types of providers and the agency's inaccurate invoicing of these overpayments to the Commonwealth DHS and, in turn, the agency's receipt of Act 148 funds to which it may not be entitled.

Furthermore, the agency's failure to provide our auditors supporting documentation evidencing that In-Home Purchased Services paid for were actually provided to at risk children and their families, and if provided, were allowable per DHS regulations, prevents us from substantiating the propriety of the \$13,161,351 in invoiced In-Home Purchased Service costs reported on the agency's respective submitted CY-370 Expenditure Reports, and corresponding CY-383 Fee-For-Service Schedules, for the fiscal years included in our scope period due to the increased risk of overbillings and fraudulent billings by In-Home Purchased Service Providers that may have gone undetected by the agency.

Recommendations: We recommend that agency management implement routine monitoring of In-Home Purchased Service Providers to ensure that invoiced services were actually rendered according to executed contracted terms prior to submitted invoices being approved for payment and prior to the inclusion of these expenditures on the agency's submitted CY-370 Expenditure Reports, and corresponding CY-383 Fee-For-Service Schedules, upon which Act 148 state reimbursement is based by the Commonwealth DHS. Specifically, the agency should develop and implement formal, written monitoring procedures to ensure contracted services were actually provided. These monitoring procedures should include, but not be limited to, the following:

- Randomly request from each In-Home Purchased Service providers with which the
 agency has an executed contract in the respective fiscal year, supporting documentation
 substantiating the provider's operating costs for program funded services and/or
 evidencing that invoiced services were actually provided.
- Performance of financial-related on-site monitoring visits of In-Home Purchased Service Providers to determine whether appropriate supporting documentation is maintained substantiating the provider's operating costs for program funded services and/or evidencing that invoiced services were actually provided.
- Development and implementation of formal policies and procedures as to what type of monitoring processes and documents must be completed for each on-site visit and how the identified provider deficiencies will impact the review and approval payment process for submitted invoices.
- Ensure agency staff responsible for reviewing and approving submitted invoices for payment are made aware of the results of monitoring reviews of providers and impact on the agency's review and approval process of those providers' submitted invoices for which significant documentation deficiencies were identified.

We also recommend that the agency give consideration to re-establishing its on-site auditing process to validate contracted service providers' line item expenses and developing and issuing formal, written policies or procedures detailing this on-site audit process.

We further recommend that agency management require In-Home Program Funded Service providers to substantiate the operating costs billed by program funded providers to reduce the risk of overbilling and fraudulent billing of these costs.

<u>Agency Response</u>: In the Finding, it was noted the Agency failed to provide supporting documentation evidencing that the contracted in-home services billed on the submitted invoices were actually provided, and if provided, were provided in adherence to the requirements of the respective contract terms. In response to this finding, we are in the process of implementing a plan to increase the monitoring of all provider contracts. Within the Contract Division, we have

created a Program Specialist 1 position which will be posted in the near future. The responsibilities for this position will include overseeing the monitoring of all contracts. Such monitoring will incorporate a risk assessment tool to determine the frequency of monitoring as well as the type of monitoring (specifically, if an onsite visit to the provider will be required or whether a review of requested documentation will suffice). Some criteria weighed in the risk assessment will include but not limited to: the amount of funds paid to the provider, the number of children/families served, and the frequency of use.

In addition, a Contract Monitoring Checklist will be used with each provider and a fiscal test will be performed on selected expenses. No less than annually, during contract negotiations, providers will be required to demonstrate that they are obtaining and maintaining clearances according to regulatory requirements. Finally, the Program Division has created a uniform provider monitoring tool which is used by all staff in the division; this tool is used to record all contracts with the provider and indicate when client participation has been verified. Both the Program Division and the Contract Division with the support of the Fiscal Accounting Unit will coordinate all monitoring efforts. The Agency continues to preauthorize services for clients and verifies the preauthorization prior to initiating payment of an invoice. Results of future monitoring reviews will be shared with the appropriate staff.

<u>Auditor's Conclusion</u>: During our next audit of the agency, we will follow up on the agency's development of formal, written monitoring procedures to ensure the procedures incorporate substantiation of contracted services billed via the submitted invoices by In-Home Purchased Service Providers, as well as the proper implementation and effectiveness of these monitoring procedures.

SECTION 6

CURRENT ENGAGEMENT OBSERVATION

DAUPHIN COUNTY CHILDREN AND YOUTH AGENCY CURRENT ENGAGEMENT OBSERVATION

Observation - Significant Control Deficiencies Exist in DHS' Oversight of Children and Youth (C&Y) Agencies' Adherence to Child Protective Services Law (CPSL) Requirements

The Child Protective Services Law¹ (CPSL) requires the conduct of criminal background checks and child abuse history clearances (certifications) for all employees and direct volunteers of county children and youth (C&Y) agencies as well as the volunteers/employees of these agencies' contractors (providers) and subcontractors (sub-recipients).² To ensure adherence to these requirements, the Commonwealth DHS has assigned monitoring responsibilities to internal offices and bureaus based on the types of services provided.

As a part of its annual licensing inspection process of county C&Y agencies, the Commonwealth DHS' Office of Children, Youth and Families (OCYF) performs reviews of agency employees', including agency foster parents, adherence to the requirements of the CPSL. The OCYF also performs CPSL adherence reviews of employees of contracted foster family agencies through its annual licensing inspection of these providers. However, because the OCYF is behind in its completion of these annual inspections and does not have adequate procedures in place to determine whether C&Y agencies are monitoring their respective providers' and sub-recipients' adherence to the CPSL, as detailed in Commonwealth of Pennsylvania Single Audit Reports (most recently for the fiscal year ended June 30, 2015, via Finding 2015-020), the safety of children receiving services from these agencies and their contractors and subcontractors may be at risk.

Furthermore, beginning July 1, 2012, the DHS Bureau of Human Services' Licensing (bureau) took over the responsibility for the performance of the annual licensing inspections of Child Day Treatment Centers and Child Residential Facilities which encompasses the performance of CPSL adherence reviews of the employees of these providers. Prior to July 1, 2012, the DHS OCYF had been responsible for performing these CPSL adherence reviews during its annual licensing inspections of these providers. Through a review of DHS' website, we found letters, posted by DHS, to the management staff of Child Day Treatment Centers and Child Residential

38

¹ Please note that the CPSL was extensively amended in 2013, 2014, and 2015 with 24 pieces of legislation "[being] enacted, changing how Pennsylvania responds to child abuse. These changes will significantly impact the reporting, investigation, assessment, prosecution and judicial handling of child abuse and neglect cases. The new laws will expand and further define mandatory reporters and the reporting process, increase penalties for those mandated to report suspected child abuse who fail to do so, and provide protections from employment discrimination for filing a good faith report of child abuse." *See http://keepkidssafe.pa.gov/laws/index.htm last accessed on September 2, 2016. Please note that although this particular DHS' keepkidssafe.pa.gov link only refers to 23, instead of 24, pieces of legislation, we were able to confirm that the link should actually refer to 24 pieces of legislation, just as in the following DHS' link: http://keepkidssafe.pa.gov/index.htm
² 23 Pa.C.S. §§ 6344 and 6344.2.*

DAUPHIN COUNTY CHILDREN AND YOUTH AGENCY CURRENT ENGAGEMENT OBSERVATION

Facilities detailing the results of the licensing inspections performed by the bureau; identified regulatory violations, including CPSL adherence violations, were specified in the accompanying License Inspection Summaries. However, we are unable to attest to the timeliness of the completion of these annual inspections. Furthermore, we are also unable to attest to whether the CPSL adherence of any potential sub-recipients used by these providers are being monitored.

Finally, for contracted in-home preventative service providers, we were informed by DHS OCYF that these providers are not required to be licensed by the Commonwealth and, thus, are not subject to the annual inspections performed by the DHS. However, it is DHS' position that while not all in-home service providers would meet the criteria requiring the conduct of criminal background checks and child abuse history clearances (certifications) employees/volunteers, when they do, C&Y agencies are responsible for including provisions in their executed contracts with these providers and monitoring their providers' adherence to CPSL requirements. Furthermore, in correspondence with agency management during the course of audit engagements conducted to date during this operating year, we have found that the agency management staffs of these C&Y agencies are under the assumption that DHS OCYF was licensing all providers and, as a result, there is no need for C&Y agencies to monitor CPSL adherence of the employees/volunteers of these providers, as DHS would be reviewing the certifications during their licensing process. As a consequence of this assumption, neither the DHS nor the C&Y agencies are monitoring the CPSL adherence of employees and volunteers of contracted in-home preventative service providers, thus, putting the safety of the children receiving in-home preventative type services at **great risk**.

It is important to note that background checks and child abuse clearances have historically been valid for one year after being obtained. However, recent amendments to the CPSL extend this time frame from one year to five years.³ Therefore, there is a need for DHS and C&Y agencies across the commonwealth to have a *greatly heightened* awareness about their employees' providers' and sub-recipients' arrest and conviction records, as well as child abuse adjudications to ensure that no new, disqualifying incidents have occurred from the date of the background clearances since certain disqualifying offenses could go undetected for years.

SECTION 7

SUBSEQUENT EVENT OBSERVATION

DAUPHIN COUNTY CHILDREN AND YOUTH AGENCY SUBSEQUENT EVENT OBSERVATION

Subsequent Event Observation – Dauphin County Social Services for Children and Youth Agency Staff Turnover and Amendments to the Pennsylvania Child Protective Services Law (CPSL) Impacted the Effectiveness and Timeliness of Services which Resulted in the Commonwealth Department of Human Services Issuing the Agency a Provisional Certificate of Compliance in 2015 and 2016

In March 2014, the agency reorganized the structure of their agency to address the agency's need to work more efficiently towards accomplishing their mission while maximizing resources and continually improving the level of services provided to families. All caseworkers were given responsibilities for providing services to families from intake to case closure to ensure continuity of service. However, this restructuring of the agency was not embraced by all staff and resulted in significant staff turnover; 28 staff members resigning from the agency in 2014.

Also, amendments to Pennsylvania's Child Protective Services Law (CPSL) were made effective December 31, 2014. These changes impacted the regulatory requirements of children and youth agencies and the providers with whom these agencies contract to provide services to resident at risk youth pertaining to the mandatory reporting of suspected child abuse and reports of child abuse that were previously referred to law-enforcement agencies as now are required to be investigated by County Children and Youth Agencies. As a result, Dauphin County experienced a significant increase in child abuse referrals which increased child abuse investigations and cases. During the 2014-2015 fiscal year, the agency experienced a 24% increase in child abuse referrals and a 34% increase in cases when compared to the 2013-2014 fiscal year. For the 2015-2016 fiscal year, the agency experienced a 24% increase in child abuse referrals and a 23% increase in cases when compared to the 2014-2015 fiscal year.

This significant increase in child abuse referrals resulted in a burden on the direct service casework staff and supervisory staff. In addition, as a result, several administrative level positions became vacant requiring supervisory staff to perform the duties of these roles in addition to completing their regular duties and responsibilities. The combination of agency staff turnover and the resulting increased staff workload and stress contributed towards a decreased level of services for children, families and service providers, which lead to the agency receiving a provisional certificate of compliance from the Commonwealth Department of Human Services (DHS), for the period July 24, 2015 to January 24, 2016, and a second provisional certificate of compliance for the period January 24, 2016 to July 24, 2016.

Subsequent to January 24, 2016, the agency implemented corrective actions which included: filling vacant staff positions; increased supervision of casework staff, increased staff training, and revisions to policies and procedures. As a result of these corrective actions, DHS issued the agency a full certificate of compliance for the period July 24, 2016 to July 24, 2017. We will follow up on the agency certificate of compliance during our next audit of the agency.
