### Independent Auditor's Report

The Honorable Barry J. Schoch, P.E.  
Secretary  
Department of Transportation  
Harrisburg, PA 17120

We examined the accompanying Forms MS-991 With Adjustments for the Liquid Fuels Tax Fund and the Reports of Act 44 Tax Fund With Adjustments of Indiana County for the period January 1, 2010 to December 31, 2012. The county's management is responsible for the Forms MS-991 and the Reports of Act 44 Tax Fund. Our responsibility is to express an opinion on the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting Indiana County's Forms MS-991 and Reports of Act 44 Tax Fund for the period January 1, 2010 to December 31, 2012 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each county's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments are made by the Department of the Auditor General.

### Independent Auditor's Report (Continued)

As discussed in Finding No. 1 of this report, as of December 31, 2011, the county's unencumbered balance was \$736,990.50, which was greater than the total receipts of \$540,031.52 for the preceding twelve months in 2011. Additionally, the county's encumbered balance as of December 31, 2012 was \$879,701.73, which was greater than the total receipts of \$516,119.28 for the preceding twelve months in 2012.

In our opinion, except for the matters discussed in the preceding paragraph, the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund and Act 44 Tax Fund of Indiana County for the period January 1, 2010 to December 31, 2012, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-991 and the Reports of Act 44 Tax Fund and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-991 and the Reports of Act 44 Tax Fund are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Indiana County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of Indiana County's Forms MS-991 and the Reports of Act 44 Tax Fund that is more than inconsequential will not be prevented or detected by Indiana County's internal control.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-991 and the Reports of Act 44 Tax Fund will not be prevented or detected by Indiana County's internal control.

Our consideration of internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund.

Independent Auditor's Report (Continued)

The results of our tests disclosed the following instances of noncompliance that are required to be reported under *Government Auditing Standards*:

- Unencumbered Balance Was Greater Than The Receipts For The Previous Twelve Months.
- 2009 Act 44 Tax Fund Allocation Deposited Into The Liquid Fuels Tax Fund.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of Indiana County and is not intended to be and should not be used by anyone other than these specified parties.

INDIANA COUNTY  
LIQUID FUELS TAX FUND  
AND ACT 44 TAX FUND  
BACKGROUND  
FOR THE PERIOD  
JANUARY 1, 2010 TO DECEMBER 31, 2012

Background

*The Vehicle Code* makes provisions and provides funding for County Liquid Fuels and Act 44 Programs. The Pennsylvania Department of Transportation has regulatory administration and oversight of the funds supporting these county programs. Counties are required to comply with those provisions and to report annually.

*The Vehicle Code* imposes a state tax on liquid fuels and fuels used or sold and delivered by distributors within the Commonwealth (75 Pa. C.S. § 9004(a)). One-half cent of the tax collected on each gallon of liquid fuels is deposited in the Commonwealth's Liquid Fuels Tax Fund. The Vehicle Code further provides for the disposition and use of this tax, including the allocations to counties in June and December of each year to fund construction, reconstruction, maintenance and repair of county roads, streets and bridges. The allocation to the respective counties is made in the ratio that the average amount returned to each county during the three preceding years bears to the average amount returned to all counties during the three preceding years (75 Pa C.S. § 9010).

*The Vehicle Code*, as recently amended by Act 44 of 2007 (July 18, 2007, P.L.169), requires the Pennsylvania Turnpike Commission to make annual contributions for the benefit of the Pennsylvania Department of Transportation's Motor License Fund, and further requires the Department of Transportation to distribute \$5,000,000 of the annual contribution to counties (75 Pa. C.S. § 8915.6). The annual distribution to counties is determined based upon the ratio of square footage of deck area of a county's county-owned bridges to the total square footage of deck area of county-owned bridges throughout the Commonwealth. The reporting of the square footage of deck area of a county's county-owned bridges is required as part of the National Bridge Inspection Standards Program.

REPORTS OF ACT 44 TAX FUND WITH ADJUSTMENTS  
FOR THE PERIOD

1. Criteria

A. *The Vehicle Code* prescribes criteria for liquid fuels program funds (75 Pa C.S. § 9010). The Pennsylvania Department of Transportation's *Publication 9* provides more specific policies and procedures to counties for the administration and reporting of the liquid fuels program funds. In the event of any discrepancies between the two, the legislation governs.

(1) Funds received by the counties must be deposited in a special fund designated as the County Liquid Fuels Tax Fund and no other money may be deposited and commingled. Money should be invested to earn interest until expended.

- For purposes of payments under (2), below, the county may borrow and place in the special fund money not in excess of the liquid fuels tax funds to be received during the current calendar year.

(2) Payments from the special fund may be used for:

- construction, reconstruction, maintenance and repair of roads, highways, bridges and curb ramps from a road or highway to provide for access by individuals with disabilities consistent with Federal and State law;
- property damages and compensation of viewers for services in eminent domain proceedings involving roads, highways, and bridges;
- construction, reconstruction, operation and maintenance of publicly owned ferryboat operations;
- interest and principal payments on road, bridge, or publicly owned ferryboat operation bonds or sinking fund charges;
- acquisition, maintenance, repair and operation of traffic signs and signals;
- erection and maintenance of stop and go signal lights, blinkers and other like traffic control devices;
- indirect costs, including benefit costs, overhead and other administrative charges for those county employees directly engaged in eligible projects, not to exceed 10 percent of the yearly allocation to the county; and

1. Criteria (Continued)

- individual vehicle liability insurance for equipment purchased under the fund, not to exceed 10 percent of the yearly allocation to the county.
- (3) Counties may not make expenditures from the special fund for new construction on roads, bridges, curb ramps, or publicly owned ferryboat operations without the approval of the plans for construction by the Pennsylvania Department of Transportation. And, counties may not allocate money from the special fund to political subdivisions within the county until the application and the contracts or plans for the proposed expenditures have been made on a form prescribed by the Pennsylvania Department of Transportation.
- (4) Counties may encumber current funds for future road and bridge construction, reconstruction, and maintenance projects including viable municipal projects. Counties must redistribute any unencumbered balance in the special fund to political subdivisions if the unencumbered balance is more than the county's receipts during the preceding twelve month period.
- (5) Counties must submit a report to the Pennsylvania Department of Transportation by January 15 for the period ending December 31 on prescribed Form MS-991, The Report of County Liquid Fuels Tax Fund, showing the receipts and expenditures of the money received by the county from the Commonwealth. Upon failure to file the report or instances of any non-compliant payments, allocations, or expenditures, the Pennsylvania Department of Transportation will withhold further funding until the delinquent report is filed, the money is allocated, or the expenditures for the prior 12 months are approved.
- B. *The Vehicle Code*, as recently amended by Act 44 of 2007 (July 18, 2007, P.L. 169), prescribes the Pennsylvania Department of Transportation with oversight authority of the Act 44 funds distributed to the counties from the Pennsylvania Turnpike Commission's annual contribution of \$5,000,000 to the Commonwealth's Motor License Fund. The County's Act 44 Tax Fund is used to account for the distribution made to the county from the Department of Transportation and the payments made for construction and maintenance of county-owned bridges.

1. Criteria (Continued)

Basis Of Presentation

In accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation, the Report of County Liquid Fuels Tax Fund With Adjustments and the Report of Act 44 Tax Fund With Adjustments do not constitute complete financial presentations of the county's assets, liabilities, expenses, and fund balance but include the receipts, expenditures, and fund balances of the County Liquid Fuels Tax Fund and the County Act 44 Tax Fund, respectively.

The Pennsylvania Department of Transportation prescribes that the county report the following on the MS-991 form, *Report of County Liquid Fuels Tax Fund*:

- A. The balance in the County Liquid Fuels Tax Fund at the beginning of the report calendar year.
- B. Receipts which must be itemized and include interest, reimbursable agreements, and miscellaneous items such as loans, sale of salvageable material, and damage claims to road or bridge property.  
  
*Refer to the related Notes: Note 3, Interest Earnings; Note 5, Reimbursable Agreements; and Note 6, Miscellaneous Receipts.*
- C. Accounts receivable (to be realized within 60 days of the year end).
- D. Total Liquid Fuels Tax funds available for expenditure and encumbrances.
- E. Expenditures for county-owned roads, highways, and bridges.
- F. Accounts payable (accrued wages, accrued payroll taxes, and accounts payable vendors to be realized within 60 days of the year end).
- G. The balance in the fund at the close of the report calendar year.
- H. Encumbered and unencumbered balances on hand at the close of the report calendar year.

*Refer to the related Note: Note 7, Encumbrances.*

2. Deposits

*The County Code*, Title 16 P.S § 17067, authorizes the county to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit from institutions having their principal place of business in or outside the Commonwealth of Pennsylvania that are insured by the FDIC or other like insurance. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in financial institutions. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2012. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the county's name.

Fund Balance

The fund balance for the Liquid Fuels Tax Fund as of December 31, 2012, consists of the following:

Fund Balance (Continued)

The fund balance for the Act 44 Tax Fund as of December 31, 2012, consists of the following:

Cash	\$251,549.17
------	--------------

3. Interest Earnings

Our examination disclosed that the county deposited idle liquid fuels tax money in interest-bearing accounts and certificates of deposit which earned \$6,623.98 during 2010, \$7,780.04 during 2011, and \$4,602.98 during 2012, thus providing additional funds for road maintenance and repairs.

Additionally, the county deposited idle Act 44 tax money in an interest-bearing account which earned \$88.67 during 2010, \$200.62 during 2011, and \$114.99 during 2012, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2010 Form MS-991

An adjustment of \$(22.87) was made to "Interest" because interest earned was overstated.

Adjustments were made to "Construction" and "Grants to political subdivisions" because expenditures of \$20,616.17 were misclassified.

An adjustment of \$(55,056.62) was made to "Unpaid encumbrances" because the balances of the following encumbrances were reported incorrectly:

<u>Encumbrance No.</u>	<u>Actual Amount</u>	<u>Reported Amount</u>	<u>Adjustment</u>

FOR THE PERIOD  
JANUARY 1, 2010 TO DECEMBER 31, 2012

4. Adjustments (Continued)

2011 Report Of Act 44 Tax Fund

Adjustments were made to “Act 44 Funds,” “Interest,” and “Miscellaneous Receipts” because receipts of \$49,572.31 were misclassified.

5. Reimbursable Agreements

During our examination, we noted that the county entered into reimbursement agreements with the Department of Transportation for bridge construction and inspection. The county received \$938,143.29 in 2010, \$285,929.18 in 2011 and \$251,473.95 in 2012 as a result of these agreements. This money was deposited into the Liquid Fuels Tax Fund. As of December 31, 2012, \$46,586.66 is due the Liquid Fuels Tax Fund.

6. Miscellaneous Receipts

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

<u>Source</u>	<u>Description</u>	<u>2010</u>
Various	Restitution	\$ 150.00
Vendor	Reimbursement of road materials	8,168.13
Commonwealth of Pennsylvania	Act 44 allocation (Finding No. 2)	<u>49,511.78</u>
Total		<u>\$57,829.91</u>

7. Encumbrances

As of December 31, 2012, \$533,676.79 was encumbered. This amount consists of \$492,286.73 for county projects and \$41,390.06 for grants to political subdivisions.

INDIANA COUNTY  
LIQUID FUELS TAX FUND  
AND ACT 44 TAX FUND  
FINDINGS AND RECOMMENDATIONS  
FOR THE PERIOD  
JANUARY 1, 2010 TO DECEMBER 31, 2012

Finding No. 1 - Unencumbered Balance Was Greater Than The Receipts For The Previous  
Twelve Months

All counties receive allocations of Liquid Fuels Tax Fund money in June and December of each year. Liquid Fuels Tax Fund money is primarily used for the construction, reconstruction, and maintenance and repair of roads and bridges. Counties may also choose to grant Liquid Fuels Tax Fund money to the political subdivisions within the county. Additionally, if the unencumbered fund balance as of December 31 was greater than the receipts for the previous twelve months, the county **must** disburse a portion of its Liquid Fuels Tax Fund money to the political subdivisions within the county. This condition is referred to as a forced distribution.

Our examination disclosed that the county's unencumbered balance as of December 31, 2011 was \$736,990.50, which was greater than the total receipts of \$540,031.52 for the preceding twelve months in 2011. Additionally, the county's unencumbered balance as of December 31, 2012 was \$879,701.73, which was greater than the total receipts of \$516,119.28 for the preceding twelve months in 2012.

The Liquid Fuels and Fuels Tax Act, 75 Pa. C.S.A. § 9010(c) states, in part:

When the unencumbered balance in the County Liquid Fuels Tax Fund is greater than the receipts for the twelve months immediately preceding the date of either of the reports, the county commissioners shall notify the political subdivisions to make application within 90 days for participation in the redistribution of the unencumbered balance. Redistribution shall be effected within 120 days of the date of either of the reports.

In addition, the Department of Transportation's *Publication 9*, Chapter One, Section 1.9.1, states, in part:

...This forced distribution applies only to that portion of the unencumbered balance in excess of fifty percent (50%) of the receipts for the previous twelve months....

The following calculation is how to apply the above formula as it pertains to Indiana County:

	2011	2012
Unencumbered balance	\$ 736,990.50	\$ 879,701.73
Less 50% of prior 12 months' receipts	(270,015.76)	(258,059.64)
Amount to be distributed	\$ 466,974.74	\$ 621,642.09

FINDINGS AND RECOMMENDATIONS  
FOR THE PERIOD  
JANUARY 1, 2010 TO DECEMBER 31, 2012

Finding No. 1 - Unencumbered Balance Was Greater Than The Receipts For The Previous  
Twelve Months (Continued)

The failure to comply with the Liquid Fuels and Fuels Tax Act and the Department of Transportation's *Publication 9* could result in the county having to distribute up to \$1,088,616.83 to the political subdivisions within the county.

Recommendation

Pursuant to the review of the Department of Transportation, we recommend that the Commissioners of Indiana County distribute up to \$1,088,616.83 to the political subdivisions within the county in accordance with the provision of the Liquid Fuels and Fuels Tax Act and the Department of Transportation's *Publication 9*.

Management's Response

The county officials stated:

The audit finding of the "Unencumbered Balance Was Greater Than The Receipts For The Previous Twelve Months" was primarily due to an error in the Excel spreadsheet utilized for preparing the Liquid Fuels report. An encumbered project that was cancelled was not properly removed from the Liquid Fuels spreadsheet and carried forward in error. The error was compounded with a decrease in program revenues over the period. The Liquid Fuels reporting has migrated to the DotGrants system moving forward thus eliminating the repeat of this issue in the future.

Auditor's Conclusion

During our next examination we will determine if the municipality complied with our recommendation.

INDIANA COUNTY

AND ACT 44 TAX FUND  
FINDINGS AND RECOMMENDATIONS  
FOR THE PERIOD  
JANUARY 1, 2010 TO DECEMBER 31, 2012

Finding No. 2 - 2009 Act 44 Tax Fund Allocation Deposited Into The Liquid Fuels Tax Fund

Our examination disclosed that the county deposited the 2009 Act 44 Tax Fund allocation of \$49,511.78 into the Liquid Fuels Tax Fund on March 19, 2010 upon its receipt, which is in noncompliance with the Department of Transportation's *Publication 9*.

The Department of Transportation's *Publication 9*, Chapter Four, Section 4.5, states:

Each county must deposit the Act 44 funds it receives into a special fund called the County Act 44 Fund, which may be used only for those purposes permitted by the Act.

When Act 44 Tax Fund money is commingled with the Liquid Fuels Tax Fund or other funds, the potential for Act 44 Tax Fund money to be used for unauthorized purposes increases significantly.

On June 9, 2011 the municipality transferred \$49,572.31, which included interest of \$60.53, from the Liquid Fuels Tax Fund to the Act 44 Fund to correct the deposit in error.

The 2010, 2011, and 2012 Act 44 Tax Fund allocations were correctly deposited into the Act 44 Tax Fund upon receipt.

Recommendation

We recommend that, in the future, the county continue to deposit all Act 44 tax money promptly into the Act 44 Tax Fund.

Management's Response

The county officials stated:

The Act 44 allocation was deposited unintentionally into the Liquid Fuels Tax Fund allocation by human error. The error was discovered by the financial supervisor and the full amount, including interest, was immediately transferred into the Act 44 account.
