AUDITOR GENERAL

### Independent Auditor's Report

The Honorable Leslie Richards  
Secretary  
Department of Transportation  
Harrisburg, PA 17120

We examined the accompanying Forms MS-991 With Adjustments for the Liquid Fuels Tax Fund and the Reports of Act 44 Tax Fund With Adjustments of Wyoming County for the period January 1, 2012 to December 31, 2013. The county's management is responsible for the Forms MS-991 and the Reports of Act 44 Tax Fund. Our responsibility is to express an opinion on the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting Wyoming County's Forms MS-991 and Reports of Act 44 Tax Fund for the period January 1, 2012 to December 31, 2013 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each county's Liquid Fuels Tax Fund and Act 44 Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments are made by the Department of the Auditor General.

### Independent Auditor's Report (Continued)

As discussed in Finding No. 1, the county failed to file for bridge reimbursements of \$153,238.81. Additionally, as discussed in Finding No. 2, our examination disclosed that the county deposited Liquid Fuels Tax Fund money of \$76,371.07 into the General Fund.

Although management of the county provided us with a management representation letter on the date of our exit conference of June 3, 2015, held at the county, they did not respond to our request for an updated management representation letter including the disclosure of any subsequent events that affected the Forms MS-991 and report of Act 44 through the date of this report.

In our opinion, except for failure to file for bridge reimbursements, the deposit of Liquid Fuels Tax Fund money into the General Fund, and the possible effects of the county's failure to provide an updated management representation letter, the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund and Act 44 Tax Fund of Wyoming County for the period January 1, 2012 to December 31, 2013, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-991 and the Reports of Act 44 Tax Fund; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-991 and the Reports of Act 44 Tax Fund. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-991 and the Reports of Act 44 Tax Fund are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund or on compliance and other matters; accordingly, we express no such opinions.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-991 and the Reports of Act 44 Tax Fund will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Independent Auditor's Report (Continued)

Our consideration of internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund was for the limited purpose of expressing an opinion on whether the Forms MS-991 and the Reports of Act 44 Tax Fund are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of obtaining reasonable assurance about whether the Forms MS-991 and the Reports of Act 44 Tax Fund are free from material misstatement, we performed tests of Wyoming County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-991 and the Reports of Act 44 Tax Fund. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instances of noncompliance that are required to be reported under *Government Auditing Standards*:

- Failure To File Documentation For Bridge Reimbursements As Per Agreements - Recurring.
  
- Liquid Fuels Tax Fund Monies Deposited Into The General Fund.

We are concerned that the county failed to correct the issue noted in our prior examination finding regarding the failure to file documentation for bridge reimbursements as per agreements. During our current examination the municipality failed to file documentation for bridge reimbursements as per agreements and deposited Liquid Fuels Tax Fund money into the General Fund. Good internal control procedures ensure that documentation is filed in a timely manner as required by contractual agreements. Additionally, when Liquid Fuels Tax Fund money is commingled with the General Fund or other funds, the potential for Liquid Fuels Tax Fund money to be used for unauthorized purposes increases significantly. The county should comply with the recommendations and corrective actions noted in this report.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of Wyoming County and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the courtesy extended by Wyoming County to us during the course of our examination. If you have any questions, please feel free to contact Michael B. Kashishian, CPA, CGAP, CFE, Director, Bureau of County Audits, at 717-787-1363.

WYOMING COUNTY  
LIQUID FUELS TAX FUND  
AND ACT 44 TAX FUND  
BACKGROUND  
FOR THE PERIOD  
JANUARY 1, 2012 TO DECEMBER 31, 2013

Background

*The Vehicle Code* makes provisions and provides funding for County Liquid Fuels and Act 44 Programs. The Pennsylvania Department of Transportation has regulatory administration and oversight of the funds supporting these county programs. Counties are required to comply with those provisions and to report annually.

*The Vehicle Code* imposes a state tax on liquid fuels and fuels used or sold and delivered by distributors within the Commonwealth (75 Pa. C.S. § 9004(a)). One-half cent of the tax collected on each gallon of liquid fuels is deposited in the Commonwealth's Liquid Fuels Tax Fund. The Vehicle Code further provides for the disposition and use of this tax, including the allocations to counties in June and December of each year to fund construction, reconstruction, maintenance and repair of county roads, streets and bridges. The allocation to the respective counties is made in the ratio that the average amount returned to each county during the three preceding years bears to the average amount returned to all counties during the three preceding years (75 Pa C.S. § 9010).

*The Vehicle Code*, as recently amended by Act 44 of 2007 (July 18, 2007, P.L.169), requires the Pennsylvania Turnpike Commission to make annual contributions for the benefit of the Pennsylvania Department of Transportation's Motor License Fund, and further requires the Department of Transportation to distribute \$5,000,000 of the annual contribution to counties (75 Pa. C.S. § 8915.6). The annual distribution to counties is determined based upon the ratio of square footage of deck area of a county's county-owned bridges to the total square footage of deck area of county-owned bridges throughout the Commonwealth. The reporting of the square footage of deck area of a county's county-owned bridges is required as part of the National Bridge Inspection Standards Program.

REPORTS OF ACT 44 TAX FUND WITH ADJUSTMENTS  
FOR THE PERIOD

1. Criteria

A. *The Vehicle Code* prescribes criteria for liquid fuels program funds (75 Pa C.S. § 9010). The Pennsylvania Department of Transportation's *Publication 9* provides more specific policies and procedures to counties for the administration and reporting of the liquid fuels program funds. In the event of any discrepancies between the two, the legislation governs.

(1) Funds received by the counties must be deposited in a special fund designated as the County Liquid Fuels Tax Fund and no other money may be deposited and commingled. Money should be invested to earn interest until expended.

- For purposes of payments under (2), below, the county may borrow and place in the special fund money not in excess of the liquid fuels tax funds to be received during the current calendar year.

(2) Payments from the special fund may be used for:

- construction, reconstruction, maintenance and repair of roads, highways, bridges and curb ramps from a road or highway to provide for access by individuals with disabilities consistent with Federal and State law;
- property damages and compensation of viewers for services in eminent domain proceedings involving roads, highways, and bridges;
- construction, reconstruction, operation and maintenance of publicly owned ferryboat operations;
- interest and principal payments on road, bridge, or publicly owned ferryboat operation bonds or sinking fund charges;
- acquisition, maintenance, repair and operation of traffic signs and signals;
- erection and maintenance of stop and go signal lights, blinkers and other like traffic control devices;
- indirect costs, including benefit costs, overhead and other administrative charges for those county employees directly engaged in eligible projects, not to exceed 10 percent of the yearly allocation to the county; and

1. Criteria (Continued)

- individual vehicle liability insurance for equipment purchased under the fund, not to exceed 10 percent of the yearly allocation to the county.
- (3) Counties may not make expenditures from the special fund for new construction on roads, bridges, curb ramps, or publicly owned ferryboat operations without the approval of the plans for construction by the Pennsylvania Department of Transportation. And, counties may not allocate money from the special fund to political subdivisions within the county until the application and the contracts or plans for the proposed expenditures have been made on a form prescribed by the Pennsylvania Department of Transportation.
- (4) Counties may encumber current funds for future road and bridge construction, reconstruction, and maintenance projects including viable municipal projects. Counties must redistribute any unencumbered balance in the special fund to political subdivisions if the unencumbered balance is more than the county's receipts during the preceding twelve month period.
- (5) Counties must submit a report to the Pennsylvania Department of Transportation by January 15 for the period ending December 31 on prescribed Form MS-991, The Report of County Liquid Fuels Tax Fund, showing the receipts and expenditures of the money received by the county from the Commonwealth. Upon failure to file the report or instances of any non-compliant payments, allocations, or expenditures, the Pennsylvania Department of Transportation will withhold further funding until the delinquent report is filed, the money is allocated, or the expenditures for the prior 12 months are approved.
- B. *The Vehicle Code*, as recently amended by Act 44 of 2007 (July 18, 2007, P.L. 169), prescribes the Pennsylvania Department of Transportation with oversight authority of the Act 44 funds distributed to the counties from the Pennsylvania Turnpike Commission's annual contribution of \$5,000,000 to the Commonwealth's Motor License Fund. The County's Act 44 Tax Fund is used to account for the distribution made to the county from the Department of Transportation and the payments made for construction and maintenance of county-owned bridges.

1. Criteria (Continued)

Basis Of Presentation

In accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation, the Report of County Liquid Fuels Tax Fund With Adjustments and the Report of Act 44 Tax Fund With Adjustments do not constitute complete financial presentations of the county's assets, liabilities, expenses, and fund balance but include the receipts, expenditures, and fund balances of the County Liquid Fuels Tax Fund and the County Act 44 Tax Fund, respectively.

The Pennsylvania Department of Transportation prescribes that the county report the following on the MS-991 form, *Report of County Liquid Fuels Tax Fund*:

- A. The balance in the County Liquid Fuels Tax Fund at the beginning of the report calendar year.
- B. Receipts which must be itemized and include interest, reimbursable agreements, and miscellaneous items such as loans, sale of salvageable material, and damage claims to road or bridge property.

*Refer to the related Note: Note 3, Interest Earnings.*

- C. Accounts receivable (to be realized within 60 days of the year end).
- D. Total Liquid Fuels Tax funds available for expenditure and encumbrances.
- E. Expenditures for county-owned roads, highways, and bridges.
- F. Accounts payable (accrued wages, accrued payroll taxes, and accounts payable vendors to be realized within 60 days of the year end).
- G. The balance in the fund at the close of the report calendar year.
- H. Encumbered and unencumbered balances on hand at the close of the report calendar year.

*Refer to Note 5, Encumbrances.*

2. Deposits

*The County Code*, Title 16 P.S. § 17067, authorizes the county to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in financial institutions. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2013. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the county's name.

Fund Balance

The fund balance for the Liquid Fuels Tax Fund as of December 31, 2013 consists of the following:

3. Interest Earnings

Our examination disclosed that the county deposited idle liquid fuels tax money in interest-bearing accounts which earned \$1,811.51 during 2012, and \$1,454.24 during 2013, thus providing additional funds for road maintenance and repairs.

Additionally, the county deposited idle Act 44 tax money in an interest-bearing account which earned \$4.68 during 2012, and \$3.08 during 2013, thus providing additional funds for bridge maintenance and repairs.

4. Adjustments

2012 Form MS-991

An adjustment of \$390.67 was made to “Grants to political subdivisions” because these expenditures were understated.

An adjustment of \$3,000.00 was made to “Unpaid encumbrances” because the balance for encumbrance No. M97-65-000-01 was \$120,000.00 but was reported as \$117,000.00.

2013 Form MS-991

Adjustments were made to “Construction” and “Miscellaneous” because expenditures of \$1,775.00 were misclassified.

An adjustment of \$5,756.28 was made to “Unpaid encumbrances” because the balances of the following encumbrances were reported incorrectly:

<u>Encumbrance No.</u>	<u>Actual Amount</u>	<u>Reported Amount</u>	<u>Adjustment</u>
M97-65-000-01	\$120,000.00	\$117,000.00	\$3,000.00

WYOMING COUNTY  
LIQUID FUELS TAX FUND  
AND ACT 44 TAX FUND  
FINDINGS AND RECOMMENDATIONS  
FOR THE PERIOD  
JANUARY 1, 2012 TO DECEMBER 31, 2013

**Finding No. 1 - Failure To File Documentation For Bridge Reimbursements As Per Agreements - Recurring**

We cited the county for failure to file documentation for bridge reimbursements of \$103,487.99 as per agreements in our prior three reports for with the most recent being for the period January 1, 2010 to December 31, 2011. Our current examination disclosed that the county entered into agreements with the Department of Transportation to receive reimbursements for bridge inspections and reconstruction. The agreements provided for various percentages of the county's expenditures for bridge inspections and reconstruction to be reimbursed upon receipt of invoice documentation. As of December 31, 2011, an additional \$49,750.82 was due the Liquid Fuels Tax Fund for reimbursements for bridge inspections and reconstruction. During our current examination we noted that the county still had not received the reimbursements of \$103,487.99 and \$49,750.82 due the Liquid Fuels Tax Fund as of December 31, 2013, because the county failed to file for reimbursement.

Good internal control procedures ensure that documentation is filed in a timely manner as required by contractual agreements.

Because the county failed to file the documentation, the county did not have access to the \$153,238.81. Additionally, had the money been received, it would have been available for investment purposes potentially earning interest that could be used for road maintenance and repairs.

This condition occurred because the county failed to comply with our prior examination recommendation to file all necessary documentation as per agreements with the Department of Transportation in a timely matter.

**Recommendations**

We again recommend that the county file all necessary documentation with the Department of Transportation to obtain the \$153,238.81 in reimbursements due the county.

We again further recommend that in the future, the county file all necessary documentation as per agreements with the Department of Transportation in a timely manner.

**Management's Response**

The county officials stated:

I will work with the county engineer to complete the reimbursements this year.

**Finding No. 2 - Liquid Fuels Money Deposited Into The General Fund**

Our examination disclosed that the county expended \$272,196.34 from its Liquid Fuels Tax Fund for the repairs of flood damage to Bridge No. 12 from 2011 to 2013. On August 10, 2012, the county deposited \$128,600.93 of reimbursements received from F.E.M.A. for the repairs to Bridge No. 12 into its Liquid Fuels Tax Fund. However, the county deposited \$67,323.73 on September 11, 2012 and \$9,047.34 on November 15, 2012, into its General Fund that was received from F.E.M.A. for the reimbursement of the expenditures related to the flood damage of Bridge No. 12. Because the county paid for the repairs from its Liquid Fuels Tax Fund, the money from F.E.M.A. should have been deposited into the Liquid Fuels Tax Fund.

The practice of depositing liquid fuels money into any account other than the Liquid Fuels Tax Fund account is contrary to the Liquid Fuels and Fuels Tax Act, 75 Pa. C.S.A. § 9010(b)(2), which states, in part:

All money received by the counties...shall be deposited and maintained in a special fund designated as the County Liquid Fuels Tax Fund. No other money shall be deposited and commingled into the County Liquid Fuels Tax Fund, except in a county which does not have sufficient money in such special fund to provide for payments designated in the current annual budget.

When Liquid Fuels Tax Fund money is commingled with the General Fund or other funds, the potential for Liquid Fuels Tax Fund money to be used for unauthorized purposes increases significantly.

The failure to comply with the Liquid Fuels and Fuels Tax Act could result in the county having to reimburse \$76,371.07 to its Liquid Fuels Tax Fund.

**Recommendations**

We recommend that the county reimburse \$76,371.07 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the county deposit all liquid fuels tax money promptly into the Liquid Fuels Tax Fund.

**Management's Response**

The county officials stated:

We are aware of this and will make the transfer to the Liquid Fuels Tax Fund.
