CAMERON COUNTY
LIQUID FUELS TAX FUND
AND ACT 44 TAX FUND
BACKGROUND
FOR THE THREE YEARS ENDED
DECEMBER 31, 2010

Background

The Vehicle Code makes provisions and provides funding for County Liquid Fuels and Act 44 Programs. The Pennsylvania Department of Transportation has regulatory administration and oversight of the funds supporting these county programs. Counties are required to comply with those provisions and to report annually.

The Vehicle Code imposes a state tax on liquid fuels and fuels used or sold and delivered by distributors within the Commonwealth (75 Pa. C.S. § 9004(a)). One-half cent of the tax collected on each gallon of liquid fuels is deposited in the Commonwealth's Liquid Fuels Tax Fund. The Vehicle Code further provides for the disposition and use of this tax, including the allocations to counties in June and December of each year to fund construction, reconstruction, maintenance and repair of county roads, streets and bridges. The allocation to the respective counties is made in the ratio that the average amount returned to each county during the three preceding years bears to the average amount returned to all counties during the three preceding years (75 Pa C.S. § 9010).

The Vehicle Code, as recently amended by Act 44 of 2007 (July 18, 2007, P.L.169), requires the Pennsylvania Turnpike Commission to make annual contributions for the benefit of the Pennsylvania Department of Transportation's Motor License Fund, and further requires the Department of Transportation to distribute \$5,000,000 of the annual contribution to counties (75 Pa. C.S. § 8915.6). The annual distribution to counties is determined based upon the ratio of square footage of deck area of a county's county-owned bridges to the total square footage of deck area of county-owned bridges throughout the Commonwealth. The reporting of the square footage of deck area of a county's county-owned bridges is required as part of the National Bridge Inspection Standards Program.

Independent Auditor's Report

The Honorable Barry J. Schoch, P.E.
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-991 With Adjustments for the Liquid Fuels Tax Fund and the Reports of Act 44 Tax Fund With Adjustments of Cameron County for the three years ended December 31, 2010. The county's management is responsible for the Forms MS-991 and the Reports of Act 44 Tax Fund. Our responsibility is to express an opinion on the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting Cameron County's Forms MS-991 and Reports of Act 44 Tax Fund for the three years ended December 31, 2010 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each county's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in Finding No. 1, the county's unencumbered balance as of December 31, 2010 in its Liquid Fuels Tax Fund was \$42,301.77, which was greater than the total receipts in its Liquid Fuels Tax Fund of \$28,529.46 for the preceding twelve months. This could result in the county's being required by the Department of Transportation to distribute \$28,172.04 to the municipalities within the county. Also as discussed in Finding No. 2, Cameron County failed to file its 2008 Report of Act 44 Tax Fund. The Department of the Auditor General prepared adjustments to a blank Report of Act 44 Tax Fund for 2008 based on documentation obtained from Cameron County and allocation information obtained from the Department of Transportation. Management of Cameron County has taken responsibility for the form and asserted that the adjusted amounts of the 2008 Report of Act 44 Tax Funds are accurate.

In our opinion, except for the effects of the forced distribution of \$28,172.02, the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund and Act 44 Tax Fund of Cameron County for the three years ended December 31, 2010, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-991 and the Reports of Act 44 Tax Fund and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-991 and the Reports of Act 44 Tax Fund are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Cameron County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of Cameron County's Forms MS-991 and the Reports of Act 44 Tax Fund that is more than inconsequential will not be prevented or detected by Cameron County's internal control.

Independent Auditor's Report (Continued)

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-991 and the Reports of Act 44 Tax Fund will not be prevented or detected by Cameron County's internal control.

Our consideration of internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund.

The results of our tests disclosed the following instances of noncompliance that are required to be reported under *Government Auditing Standards*:

- Unencumbered Balance Was Greater Than The Receipts For The Previous Twelve Months.
- Failure To File 2008 Report Of Act 44 Tax Fund.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of Cameron County and is not intended to be and should not be used by anyone other than these specified parties.

CAMERON COUNTY
LIQUID FUELS TAX FUND AND ACT 44 TAX FUND
NOTES TO FORMS MS-991 AND
REPORTS OF ACT 44 TAX FUND WITH ADJUSTMENTS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2010

1. Criteria

A. *The Vehicle Code* prescribes criteria for liquid fuels program funds (75 Pa C.S. § 9010). The Pennsylvania Department of Transportation's *Publication 9* provides more specific policies and procedures to counties for the administration and reporting of the liquid fuels program funds. In the event of any discrepancies between the two, the legislation governs.

(1) Funds received by the counties must be deposited in a special fund designated as the County Liquid Fuels Tax Fund and no other money may be deposited and commingled. Money should be invested to earn interest until expended.

- For purposes of payments under (2), below, the county may borrow and place in the special fund money not in excess of the liquid fuels tax funds to be received during the current calendar year.

(2) Payments from the special fund may be used for:

- construction, reconstruction, maintenance and repair of roads, highways, bridges and curb ramps from a road or highway to provide for access by individuals with disabilities consistent with Federal and State law;
- property damages and compensation of viewers for services in eminent domain proceedings involving roads, highways, and bridges;
- construction, reconstruction, operation and maintenance of publicly owned ferryboat operations;
- interest and principal payments on road, bridge, or publicly owned ferryboat operation bonds or sinking fund charges;
- acquisition, maintenance, repair and operation of traffic signs and signals;
- erection and maintenance of stop and go signal lights, blinkers and other like traffic control devices;
- indirect costs, including benefit costs, overhead and other administrative charges for those county employees directly engaged in eligible projects, not to exceed 10 percent of the yearly allocation to the county; and

1. Criteria (continued)

- individual vehicle liability insurance for equipment purchased under the fund, not to exceed 10 percent of the yearly allocation to the county.
- (3) Counties may not make expenditures from the special fund for new construction on roads, bridges, curb ramps, or publicly owned ferryboat operations without the approval of the plans for construction by the Pennsylvania Department of Transportation. And, counties may not allocate money from the special fund to political subdivisions within the county until the application and the contracts or plans for the proposed expenditures have been made on a form prescribed by the Pennsylvania Department of Transportation.
- (4) Counties may encumber current funds for future road and bridge construction, reconstruction, and maintenance projects including viable municipal projects. Counties must redistribute any unencumbered balance in the special fund to political subdivisions if the unencumbered balance is more than the county's receipts during the preceding twelve month period.
- (5) Counties must submit a report to the Pennsylvania Department of Transportation by January 15 for the period ending December 31 on prescribed Form MS-991, The Report of County Liquid Fuels Tax Fund, showing the receipts and expenditures of the money received by the county from the Commonwealth. Upon failure to file the report or instances of any non-compliant payments, allocations, or expenditures, the Pennsylvania Department of Transportation will withhold further funding until the delinquent report is filed, the money is allocated, or the expenditures for the prior 12 months are approved.
- B. *The Vehicle Code*, as recently amended by Act 44 of 2007 (July 18, 2007, P.L. 169), prescribes the Pennsylvania Department of Transportation with oversight authority of the Act 44 funds distributed to the counties from the Pennsylvania Turnpike Commission's annual contribution of \$5,000,000 to the Commonwealth's Motor License Fund. The County's Act 44 Tax Fund is used to account for the distribution made to the county from the Department of Transportation and the payments made for construction and maintenance of county-owned bridges.

1. Criteria (continued)

Basis Of Presentation

In accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation, the Report of County Liquid Fuels Tax Fund With Adjustments and the Report of Act 44 Tax Fund With Adjustments do not constitute complete financial presentations of the county's assets, liabilities, expenses, and fund balance but include the receipts, expenditures, and fund balances of the County Liquid Fuels Tax Fund and the County Act 44 Tax Fund, respectively.

The Pennsylvania Department of Transportation prescribes that the county report the following on the MS-991 form, *Report of County Liquid Fuels Tax Fund*:

- A. The balance in the County Liquid Fuels Tax Fund at the beginning of the report calendar year.
- B. Receipts which must be itemized and include interest, reimbursable agreements, and miscellaneous items such as loans, sale of salvageable material, and damage claims to road or bridge property.

Refer to the related Notes: Note 3, Interest Earnings; Note 5, Reimbursable Agreements; and Note 6, Encumbrances.

- C. Accounts receivable (to be realized within 60 days of the year end).
- D. Total Liquid Fuels Tax funds available for expenditure and encumbrances.
- E. Expenditures for county-owned roads, highways, and bridges.
- F. Accounts payable (accrued wages, accrued payroll taxes, and accounts payable vendors to be realized within 60 days of the year end).
- G. The balance in the fund at the close of the report calendar year.
- H. Encumbered and unencumbered balances on hand at the close of the report calendar year.

Refer to Note 6, Encumbrances.

2. Deposits

The County Code, Title 16 P.S. § 17067, authorizes the county to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit from institutions having their principal place of business in or outside the Commonwealth of Pennsylvania that are insured by the FDIC or other like insurance. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2010. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the county's name.

3. Interest Earnings

Our examination disclosed that the county deposited idle liquid fuels tax money in an interest-bearing account which earned \$708.06 during 2008, \$566.19 during 2009, and \$289.38 during 2010, thus providing additional funds for road maintenance and repairs.

Additionally, the county deposited idle Act 44 tax money in an interest-bearing account which earned \$137.44 during 2009, and \$87.60 during 2010, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2008 Form MS-991

An adjustment of \$(11,778.94) was made to “Miscellaneous” because the Act 44 Tax Fund allocation was incorrectly reported as a Liquid Fuels Tax Fund receipt.

2009 Form MS-991

An adjustment of \$(11,778.94) was made to “Balance, January 1, 2009” to reflect the adjustment made in 2008.

An adjustment of \$(11,778.94) was made to “Miscellaneous” expenditures because there were no miscellaneous expenditures.

2010 Form MS-991

An adjustment of \$(1,890.30) was made to “Maintenance and repair” because check No. 275 was voided but was included as an expenditure.

An adjustment of \$11,778.94 was made to “Act 44 Funds” because the Act 44 Funds were not reported.

2009 Report Of Act 44 Tax Fund

An adjustment of \$11,778.94 was made to “Balance, January 1, 2009” to reflect the adjustment made on the 2008 Report of Act 44 Tax Fund.

An adjustment of \$(11,778.94) was made to “Act 44 Funds” because the 2008 Act 44 Tax Fund allocation was incorrectly reported in 2009.

5. Reimbursable Agreements

During our examination we noted that the county entered into a reimbursement agreement with the Department of Transportation for bridge inspections. During our current examination period, the county received \$17,116.30 during 2008, \$10,063.66 during 2009, and \$5,381.28 during 2010 as a result of this agreement. As of December 31, 2010, \$11,953.11 was due the Liquid Fuels Tax Fund.

6. Encumbrances

As of December 31, 2010, \$60,000.00 was encumbered for a county project.

CAMERON COUNTY
LIQUID FUELS TAX FUND
AND ACT 44 TAX FUND
FINDINGS AND RECOMMENDATIONS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2010

Finding No. 1 - Unencumbered Balance Was Greater Than The Receipts For The Previous
Twelve Months

All counties receive allocations of Liquid Fuels Tax Fund money in June and December of each year. Liquid Fuels Tax Fund money is primarily used for the construction, reconstruction, and maintenance and repair of roads and bridges. Counties may also choose to grant Liquid Fuels Tax Fund money to the political subdivisions within the county. Additionally, if the unencumbered fund balance as of December 31 was greater than the receipts for the previous twelve months, the county **must** disburse a portion of its Liquid Fuels Tax Fund money to the political subdivisions within the county. This condition is referred to as a forced distribution.

Our examination disclosed that the county's unencumbered balance in its Liquid Fuels Tax Fund as of December 31, 2010 was \$42,301.77, which was greater than the total receipts in its Liquid Fuels Tax Fund of \$28,259.46 for the preceding twelve months.

The Liquid Fuels and Fuels Tax Act, 75 Pa. C.S.A. § 9010(c) states, in part:

When the unencumbered balance in the County Liquid Fuels Tax Fund is greater than the receipts for the twelve months immediately preceding the date of either of the reports, the county commissioners shall notify the political subdivisions to make application within 90 days for participation in the redistribution of the unencumbered balance. Redistribution shall be effected within 120 days of the date of either of the reports.

In addition, the Department of Transportation's *Publication 9*, Chapter One, Section 1.9.1, states, in part:

...This forced distribution applies only to that portion of the unencumbered balance in excess of fifty percent (50%) of the receipts for the previous twelve months....

The following calculation is how to apply the above formula as it pertains to Cameron County:

Unencumbered balance	\$42,301.77
Less 50% of prior 12 months' receipts of \$28,259.46	<u>14,129.73</u>
Amount to be distributed	<u><u>\$28,172.04</u></u>

FINDINGS AND RECOMMENDATIONS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2010

Finding No. 1 - Unencumbered Balance Was Greater Than The Receipts For The Previous
Twelve Months (Continued)

The failure to comply with the Liquid Fuels and Fuels Tax Act and the Department of Transportation's *Publication 9* could result in the county having to distribute \$28,172.04 to the political subdivisions within the county.

Recommendation

We recommend that the Commissioners of Cameron County distribute \$28,172.04 to the political subdivisions within the county in accordance with the provision of the Liquid Fuels and Fuels Tax Act and the Department of Transportation's *Publication 9* upon official notification by the Department of Transportation.

Management's Response

The county officials stated:

We agree with the finding.

Auditor's Conclusion

During our next examination we will determine if the county complied with our recommendation.

Finding No. 2 - Failure To File 2008 Report Of Act 44 Tax Fund

Our examination disclosed that the county failed to file its 2008 Report of Act 44 Tax Fund with the Department of Transportation. The Report of Act 44 Tax Fund is a report indicating the manner in which a municipality's Liquid Fuels Tax Fund money was expended in the preceding year. The Department of Transportation's *Publication 9*, Chapter Four, Section 4.4 states:

In order to receive Act 44 funds as scheduled, each county must submit an annual report showing the receipts and expenditures for the preceding 12 months. The use of the funds must be in compliance with the Act. Failure to do so may result in the county's not receiving allocations until such deficiencies are resolved.

Additionally, the Department of Transportation's *Publication 9*, Chapter Four, Section 4.8, requires the Report of Act 44 Tax Fund to be filed with the Department of Transportation by January 31 each year.

Recommendation

We recommend that the county file its Report of Act 44 Tax Fund with the Department of Transportation by January 31 of each year as required by the Department of Transportation's *Publication 9*.

Management's Response

The county officials stated:

Corrective measures have been taken and we are now in compliance. All reports have been filed.

Auditor's Conclusion

As of April 24, 2012, the county had not filed its 2008 Report of Act 44 Tax Fund with the Department of Transportation. During our next examination we will determine if the county complied with our recommendation.

Comment - Summary Of 2006 Examination Recommendation

In our 2006 report, we recommended that the Department of Transportation review our examination finding to determine if the county should reimburse \$7,500.00 to its Liquid Fuels Tax Fund for the duplicate payment of a grant to a political subdivision.

During our current examination we reviewed a letter dated February 22, 2008, from the Department of Transportation informing the county to reimburse \$7,500.00 to its Liquid Fuels Tax Fund. We noted that the county reimbursed that amount to its Liquid Fuels Tax Fund on July 22, 2008.
