LIQUID FUELS TAX FUND
BACKGROUND
FOR THE THREE YEARS ENDED
DECEMBER 31, 2008

Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

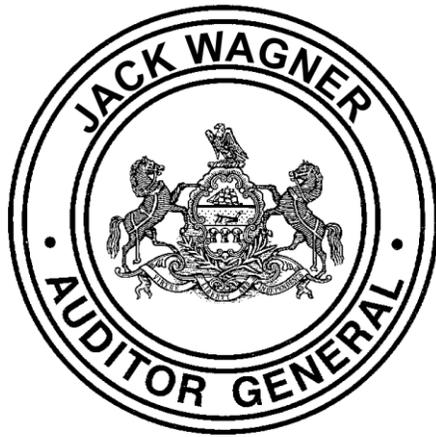

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.
2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.
3. A report of elected and appointed officials by January 31 of each year.
4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

Independent Auditor's Report

The Honorable Allen D. Biehler, P.E.
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Everson, Fayette County, for the three years ended December 31, 2008. The municipality's management is responsible for the Forms MS-965. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Except as discussed in the fifth paragraph, our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Borough of Everson, Fayette County's Forms MS-965 for the three years ended December 31, 2008 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in Finding No. 1, we were unable to examine the images of the back of the canceled checks from the municipality's financial institution because the borough failed to obtain them from its financial institution. Consequently, we were unable to perform procedures to determine whether disbursements were made in accordance with applicable laws and regulations.

As discussed in Finding No. 2, the borough deposited a \$25,000.00 Liquid Fuels Tax Fund bank loan for project No. 06-26-405-55C into the General Fund. Because the project was paid entirely from the Liquid Fuels Tax Fund, the proceeds of the loan should have been deposited into the Liquid Fuels Tax Fund. During our examination period the municipality paid principal of \$12,600.79 and interest of \$3,239.85 from its Liquid Fuels Tax Fund. We further noted that the municipality reimbursed \$3,000.00 to the Liquid Fuels Tax Fund, leaving a balance due the Liquid Fuels Tax Fund of \$12,840.64.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to examine the documentation discussed in the fifth paragraph and the effects of the matters discussed in the sixth paragraph, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Everson, Fayette County, for the three years ended December 31, 2008, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-965 and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

Independent Auditor's Report (Continued)

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Borough of Everson, Fayette County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the Borough of Everson, Fayette County's Forms MS-965 that is more than inconsequential will not be prevented or detected by the Borough of Everson, Fayette County's internal control. We consider the deficiency described in the finding below to be a significant deficiency in internal control over reporting on the Forms MS-965:

- Electronic Imaging Of Canceled Checks From The Bank Did Not Include The Back Of The Checks.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-965 will not be prevented or detected by the Borough of Everson, Fayette County's internal control. Our consideration of the internal control over reporting on the Forms MS-965 would not necessarily disclose all matters in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We consider the significant deficiency described above to be a material weakness.

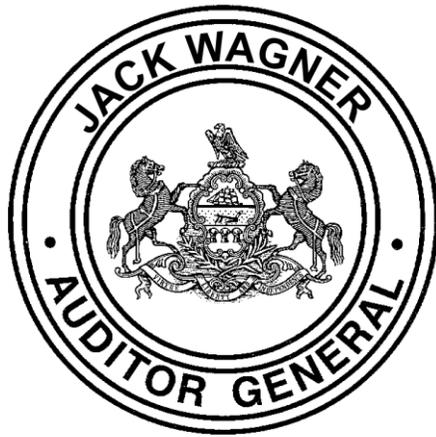

The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

- Liquid Fuels Money Deposited Into The General Fund.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Borough of Everson, Fayette County, and is not intended to be and should not be used by anyone other than these specified parties.

BOROUGH OF EVERSON
FAYETTE COUNTY
LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2008

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment that cost in excess of \$4,000.00.
- Minor equipment purchases are purchases of road machinery and road equipment that cost \$4,000.00 or less.
- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is generally received from the Department of Transportation during the first week in April of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- The turnback allocation is generally received from the Department of Transportation during the first week in April of each year. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.
- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

BOROUGH OF EVERSON
FAYETTE COUNTY
LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2008

1. Criteria (Continued)

Section 3 (Continued)

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

BOROUGH OF EVERSON
FAYETTE COUNTY
LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2008

1. Criteria (Continued)

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Borough Code, Title 53 P.S § 46316, authorizes the borough to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2008. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

FAYETTE COUNTY
LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2008

2. Deposits (Continued)

Fund Balance

The fund balance as of December 31, 2008 consists of the following:

Cash	<u>\$5,747.80</u>
------	-------------------

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in an interest-bearing account which earned \$128.69 during 2006, \$72.38 during 2007, and \$71.43 during 2008, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2006 - Section 1

Adjustments were made to "Cleaning streets and gutters" and "Miscellaneous" because expenditures of \$226.00 were misclassified.

An adjustment of \$11.40 was made to "Street lighting" because check No. 323 was not reported.

An adjustment of \$(101.80) was made to "Repairs of tools and machinery" because check No. 302 was reported twice.

2006 - Section 2

An adjustment of \$(13.50) was made to "Interest on investments" because interest earnings were overstated.

An adjustment of \$226.00 was made to "Miscellaneous" receipts because a reimbursement for a payment in error was not reported (see Note 7).

BOROUGH OF EVERSON
FAYETTE COUNTY
LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2008

4. Adjustments (Continued)

2006 - Section 3

An adjustment of \$(1,368.85) was made to “Prior year equipment balance” because prior report adjustments were not carried forward in the equipment balance.

2007 - Section 2

Adjustments were made to “State allocation” and “Miscellaneous” because receipts of \$225.32 were misclassified.

2007 - Section 3

An adjustment of \$(45.06) was made to “Current year equipment allocation” because the state allocation in 2007 – Section 2, which is used to calculate this figure, was understated.

2008 - Section 3

An adjustment of \$(45.06) was made to “Prior year equipment balance” to reflect the adjustment made to the equipment balance in 2007 - Section 3.

Totals		<u>\$268.00</u>	<u>\$28.00</u>	<u>\$3,726.00</u>

7. Payments In Error

On July 10, 2006 and January 7, 2008 the borough paid a vendor \$226.00, respectively, from its Liquid Fuels Tax Fund in error. On October 6, 2006 and April 16, 2008 the borough transferred \$226.00, respectively, from its General Fund to its Liquid Fuels Tax Fund to correct the payments in error.

8. Deposit In Error

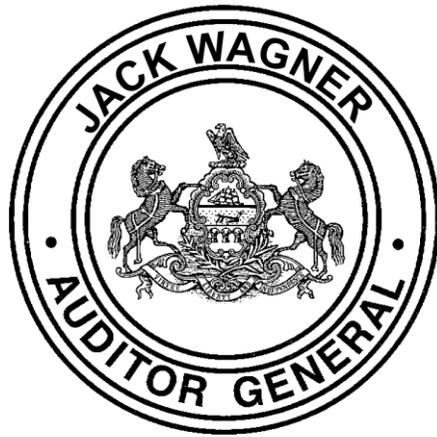

On December 26, 2007 the borough deposited \$3,500.00 into the Liquid Fuels Tax Fund that should have been deposited to the General Fund. On January 7, 2008 the borough transferred \$3,500.00 from the Liquid Fuels Tax Fund to the General Fund to correct the deposit in error.

9. Bank Loan

On September 28, 2005, the municipality borrowed \$25,000.00 from Scottsdale Bank & Trust Company for street paving project No. 06-26-405-55C. The proceeds of the loan were deposited into the General Fund. However, the entire project was paid from the Liquid Fuels Tax Fund. Because the loan proceeds were not used for the intended purpose, Liquid Fuels Tax Fund money may not be used to repay the loan (see Finding No. 2). The term of the loan was for five years at an interest rate of 7.00 percent. Principal and interest payments of \$495.02 are due monthly. Prior years' principal and interest payments from the General Fund were \$1,048.86 and \$436.20, respectively.

During the current examination period the municipality paid principal of \$12,600.79 and interest of \$3,239.85 from the Liquid Fuels Tax Fund. These amounts are reflected in highway construction and rebuilding projects on the 2006, 2007, and 2008 Forms MS-965 – Section 1. Additionally, the municipality paid principal of \$1,527.63 and interest of \$452.45 from the General Fund. The outstanding balance of the loan as of December 31, 2008 was \$9,822.72, plus interest.

BOROUGH OF EVERSON

LIQUID FUELS TAX FUND
FINDINGS AND RECOMMENDATIONS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2008

Finding No. 1 - Electronic Imaging Of Canceled Checks From The Bank Did Not Include The
Back Of The Checks

Our examination disclosed that the imaging of canceled checks from the bank for the Liquid Fuels Tax Fund, General Fund and the Payroll Account were not acceptable because the bank provides only an image of the front side of the canceled checks. The borough made transfers from the Liquid Fuels Tax Fund to the General Fund and the Payroll Account to reimburse these accounts for permissible Liquid Fuels Tax Fund expenditures. Therefore, our disbursement and payroll tests included checks from the General Fund and Payroll accounts. During our testing, we discovered that the imaging of canceled checks from these accounts were not acceptable because the bank provides only the front side of the canceled checks. For us to properly complete our examination testing, we have to examine the front and the back of the canceled checks. Because the test of disbursements was limited, we had to qualify our opinion as stated in the Independent Auditor's Report.

Good internal controls and the Commonwealth of Pennsylvania Management Directive 210.11, dated June 16, 1997, require that imaging systems comply with the provisions of the Internal Revenue Service (IRS) procedures for record keeping with electronic imaging. To be acceptable, the documents provided by the system must meet IRS procedures governing size, content, format, and pattern. Those procedures require that all images produced by the imaging system exhibit a high degree of legibility and readability when displayed on paper. Legibility includes the ability to identify all letters and numerals positively and quickly. Readability includes the ability to recognize a group of letters or numerals as words or completed numbers. Imaged documents must include the front and back of a document in which both the front and back are used.

Further, good internal controls ensure that by having a municipal official review the front and back of the canceled checks, any errors or irregularities can be detected on a timely basis.

Without this control, the potential exists for errors or misappropriations to go undetected for long periods of time.

Recommendations

We recommend that the municipal officials obtain images of the front and back of canceled checks in accordance with Directive 210.11. Additionally, municipal officials should review the front and back of each canceled check for any errors or misappropriations.

FINDINGS AND RECOMMENDATIONS
FOR THE THREE YEARS ENDED
DECEMBER 31, 2008

Finding No. 1 - Electronic Imaging Of Canceled Checks From The Bank Did Not Include The
Back Of The Checks (Continued)

Recommendations (Continued)

We further recommend that, if the municipality's financial institution's check imaging process does not comply with Directive 210.11, original documentation must be obtained.

Management's Response

The secretary/treasurer officials stated:

I have discussed it with the bank and they are making it possible for us to receive the backs of checks.

Auditor's Conclusion

During our next examination, we will determine if the municipality complied with our recommendations.

BOROUGH OF EVERSON
 FAYETTE COUNTY
 LIQUID FUELS TAX FUND
 FINDINGS AND RECOMMENDATIONS
 FOR THE THREE YEARS ENDED
 DECEMBER 31, 2008

Finding No. 2 - Liquid Fuels Money Deposited Into The General Fund

Our examination disclosed that the municipality borrowed \$25,000.00 from Scottsdale Bank and Trust Company for street paving project No. 06-26-405-55C (see Note 9). Although the municipality paid the entire cost of the project from the Liquid Fuels Tax Fund, it deposited the loan proceeds of \$25,000.00 into the General Fund. Therefore, repayment of the loan should have been made through the General Fund. However, the municipality paid principal of \$12,600.79 and interest of \$3,239.85 from its Liquid Fuels Tax Fund as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2006	\$ 4,002.66	\$1,442.56
2007	3,553.61	901.57
2008	<u>5,044.52</u>	<u>895.72</u>
Totals	<u>\$12,600.79</u>	<u>\$3,239.85</u>

As a result the Liquid Fuels Tax Fund paid \$15,840.64 of the cost of this project twice. The municipality transferred \$3,000.00 from the General Fund to the Liquid Fuels Tax Fund on November 20, 2006 for the reimbursement of loan payments.

The failure to follow the Liquid Fuels Tax Municipal Allocation Law as noted above could result in the municipality having to reimburse \$12,840.64 to its Liquid Fuels Tax Fund.

Recommendations

We recommend that the municipality reimburse \$12,840.64 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation. Additionally, no further payments on this loan should be made from the Liquid Fuels Tax Fund.

We further recommend that, in the future, when the municipality pays for a project from the Liquid Fuels Tax Fund then obtains a loan for a project, that it ensures that the loan proceeds are deposited into the Liquid Fuels Tax Fund.

Finding No. 2 - Liquid Fuels Money Deposited Into The General Fund (Continued)

Management's Response

The municipal officials stated:

We agree with the finding that the Liquid Fuels money was deposited into the General Fund in error. As of November 14, 2009 we ceased making payments from Liquid Fuels for this loan and we are in the process of repaying all payments made in 2009. We would like to work with PENNDOT in setting up payments to repay the \$12,840.64.

Auditor's Conclusion

During our next examination we will determine if the municipality complied with our recommendations.
