EUGENE A. DePASQUALE
AUDITOR GENERAL

Independent Auditor's Report

The Honorable Leslie Richards
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-991 With Adjustments for the Liquid Fuels Tax Fund and the Reports of Act 44 and Act 89 Tax Funds With Adjustments of Fulton County for the period January 1, 2015 to December 31, 2016. The county's management is responsible for presenting the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds. Our responsibility is to express an opinion on the Forms MS-991 With Adjustments and the Reports of Act 44 and Act 89 Tax Funds With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Forms MS-991 and Reports of Act 44 and Act 89 Tax Funds are fairly stated based on the criteria, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-991 and Reports of Act 44 and Act 89 Tax Funds. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-991 and Reports of Act 44 and Act 89 Tax Funds, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each county's Liquid Fuels, Act 44, and Act 89 Tax Funds to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

Independent Auditor's Report (Continued)

As described in Note 4, the adjustments included on the Forms MS-991 With Adjustments and the Reports of Act 44 and Act 89 Tax Funds With Adjustments are made by the Department of the Auditor General.

As discussed in the Finding and Recommendations section of this report, during 2015 and 2016, the county expended \$78,112.87 and \$6,497.10, respectively, on project No. 14-29000-004. The bid package required contractors to submit lump sum bids. The county awarded the bid to the lowest bidder at \$107,947.00. However, that bid did not include estimates of the quantities of the materials to be used nor did it include unit prices.

In our opinion, except for the matter discussed in the preceding paragraph, the Forms MS-991 With Adjustments and the Reports of Act 44 and Act 89 Tax Funds With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels, Act 44, and Act 89 Tax Funds of Fulton County for the period January 1, 2015 to December 31, 2016, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds or on compliance and other matters; accordingly, we express no such opinions.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Independent Auditor's Report (Continued)

Our consideration of internal control over reporting on the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds was for the limited purpose of expressing an opinion on whether the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of obtaining reasonable assurance about whether the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds are free from material misstatement, we performed tests of Fulton County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-991 and the Reports of Act 44 and Act 89 Tax Funds. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

- Lump Sum Bidding Without Approval Of The Department Of Transportation.

The purpose of this report is to determine whether the county's Liquid Fuels Tax Fund, Act 44 Tax Fund, and Act 89 Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by Fulton County to us during the course of our examination. If you have any questions, please feel free to contact Michael B. Kashishian, CPA, CGAP, CFE, Director, Bureau of County Audits, at 717-787-1363.

FULTON COUNTY
LIQUID FUELS, ACT 44,
AND ACT 89 TAX FUNDS
BACKGROUND
FOR THE PERIOD
JANUARY 1, 2015 TO DECEMBER 31, 2016

Background

The Vehicle Code makes provisions and provides funding for County Liquid Fuels, Act 44, and Act 89 Programs. The Pennsylvania Department of Transportation has regulatory administration and oversight of the funds supporting these county programs. Counties are required to comply with those provisions and to report annually.

The Vehicle Code imposes a state tax on liquid fuels and fuels used or sold and delivered by distributors within the Commonwealth (75 Pa. C.S. § 9004(a)). One-half cent of the tax collected on each gallon of liquid fuels is deposited in the Commonwealth's Liquid Fuels Tax Fund. The Vehicle Code further provides for the disposition and use of this tax, including the allocations to counties in June and December of each year to fund construction, reconstruction, maintenance and repair of county roads, streets and bridges. The allocation to the respective counties is made in the ratio that the average amount returned to each county during the three preceding years bears to the average amount returned to all counties during the three preceding years (75 Pa C.S. § 9010).

The Vehicle Code, as amended by Act 44 of 2007 (July 18, 2007, P.L.169), requires the Pennsylvania Turnpike Commission to make annual contributions for the benefit of the Pennsylvania Department of Transportation's Motor License Fund, and further requires the Department of Transportation to distribute \$5,000,000 of the annual contribution to counties (75 Pa. C.S. § 8915.6). The annual distribution to counties is determined based upon the ratio of square footage of deck area of a county's county-owned bridges to the total square footage of deck area of county-owned bridges throughout the Commonwealth. The reporting of the square footage of deck area of a county's county-owned bridges is required as part of the National Bridge Inspection Standards Program.

The Vehicle Code, as amended by Act 89 of 2013 (November 25, 2013, P.L. 974, No.89) provides for semi-annual allocations to all counties that own public bridges (75 Pa. C.S. § 9502(a)(2)(iv)). These allocations are made on the first business day of June and December each year. The Commonwealth allocates the funds available through Act 89 to counties based upon the ratio of square footage of deck area of a county's county-owned bridges to the total square footage of deck area of county-owned bridges throughout the Commonwealth. The reporting of the square footage of deck area of a county's county-owned bridges is required as part of the National Bridge Inspection Standards Program.

ACT 44 AND ACT 89 TAX FUNDS WITH ADJUSTMENTS

1. Criteria

A. *The Vehicle Code* prescribes criteria for liquid fuels program funds (75 Pa C.S. § 9010). The Pennsylvania Department of Transportation's *Publication 9* provides more specific policies and procedures to counties for the administration and reporting of the liquid fuels program funds. In the event of any discrepancies between the two, the legislation governs.

(1) Funds received by the counties must be deposited in a special fund designated as the County Liquid Fuels Tax Fund and no other money may be deposited and commingled. Money should be invested to earn interest until expended.

- For purposes of payments under (2), below, the county may borrow and place in the special fund money not in excess of the liquid fuels tax funds to be received during the current calendar year.

(2) Payments from the special fund may be used for:

- construction, reconstruction, maintenance and repair of roads, highways, bridges and curb ramps from a road or highway to provide for access by individuals with disabilities consistent with Federal and State law;
- property damages and compensation of viewers for services in eminent domain proceedings involving roads, highways, and bridges;
- construction, reconstruction, operation and maintenance of publicly owned ferryboat operations;
- interest and principal payments on road, bridge, or publicly owned ferryboat operation bonds or sinking fund charges;
- acquisition, maintenance, repair and operation of traffic signs and signals;
- erection and maintenance of stop and go signal lights, blinkers and other like traffic control devices;
- indirect costs, including benefit costs, overhead and other administrative charges for those county employees directly engaged in eligible projects, not to exceed 10 percent of the yearly allocation to the county; and

1. Criteria (Continued)

- individual vehicle liability insurance for equipment purchased under the fund, not to exceed 10 percent of the yearly allocation to the county.
- (3) Counties may not make expenditures from the special fund for new construction on roads, bridges, curb ramps, or publicly owned ferryboat operations without the approval of the plans for construction by the Pennsylvania Department of Transportation. And, counties may not allocate money from the special fund to political subdivisions within the county until the application and the contracts or plans for the proposed expenditures have been made on a form prescribed by the Pennsylvania Department of Transportation.
- (4) Counties may encumber current funds for future road and bridge construction, reconstruction, and maintenance projects including viable municipal projects. Counties must redistribute any unencumbered balance in the special fund to political subdivisions if the unencumbered balance is more than the county's receipts during the preceding twelve month period.
- (5) Counties must submit a report to the Pennsylvania Department of Transportation by January 31 for the period ending December 31 on prescribed Form MS-991, The Report of County Liquid Fuels Tax Fund, showing the receipts and expenditures of the money received by the county from the Commonwealth. Upon failure to file the report or instances of any non-compliant payments, allocations, or expenditures, the Pennsylvania Department of Transportation may withhold further funding until the delinquent report is filed, the money is allocated, or the expenditures for the prior 12 months are approved.
- B. *The Vehicle Code*, as amended by Act 44 of 2007 (July 18, 2007, P.L. 169), prescribes the Pennsylvania Department of Transportation with oversight authority of the Act 44 funds distributed to the counties from the Pennsylvania Turnpike Commission's annual contribution of \$5,000,000 to the Commonwealth's Motor License Fund. The County's Act 44 Tax Fund is used to account for the distribution made to the county from the Department of Transportation and the payments made for construction and maintenance of county-owned bridges.

1. Criteria (Continued)

The Pennsylvania Department of Transportation prescribes that the county report the following on the Form MS-991, *Report of County Liquid Fuels Tax Fund*:

- A. The balance in the County Liquid Fuels Tax Fund at the beginning of the report calendar year.
- B. Receipts which must be itemized and include the County's Liquid Fuels Tax Fund allocations, interest, reimbursable agreements, and miscellaneous items such as loans, sale of salvageable material, and damage claims to road or bridge property.

Refer to the related Notes: Note 3, Interest Earnings.

- C. Accounts receivable (to be realized within 60 days of the year end).
- D. Total Liquid Fuels Tax funds available for expenditure and encumbrances.
- E. Expenditures for county-owned roads, highways, and bridges.
- F. Accounts payable (accrued wages, accrued payroll taxes, and accounts payable vendors to be realized within 60 days of the year end).

1. Criteria (Continued)

The Pennsylvania Department of Transportation prescribes that the county report the following on the Reports Of Act 44 Tax Fund and Act 89 Tax Fund:

- A. The balance in the County Act 44 and Act 89 Tax Fund at the beginning of the report calendar year.
- B. Receipts which must be itemized and include the County's Act 44 and Act 89 allocations, interest, reimbursable agreements, and miscellaneous items such as loans, sale of salvageable material, and damage claims to road or bridge property.

Refer to the related Notes: Note 3, Interest Earnings.

- C. Total Liquid Fuels Tax funds available for expenditure and encumbrances.
- D. Expenditures for county-owned bridges.
- E. The balance in the fund at the close of the report calendar year.

2. Deposits

The County Code, Title 16 P.S § 17067, authorizes the county to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts, of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan or savings bank's assets minus liabilities.

2. Deposits (Continued)

Deposits consist of receipts and deposits in financial institutions. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2016. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the county's name.

Fund Balance

The fund balance for the Liquid Fuels Tax Fund consists of the following:

Cash	\$27,412.85
------	-------------

The fund balance for the Act 44 Tax Fund consists of the following:

Cash	\$7,695.65
------	------------

The fund balance for the Act 89 Tax Fund consists of the following:

Cash	\$15,212.52
------	-------------

3. Interest Earnings

Our examination disclosed that the county deposited idle liquid fuels tax money in interest-bearing accounts which earned \$27.67 during 2015 and \$6.92 during 2016, thus providing additional funds for road maintenance and repairs.

Additionally, the county deposited idle Act 44 tax money in interest-bearing accounts which earned \$1.74 during 2015 and \$6.42 during 2016, thus providing additional funds for bridge maintenance and repairs.

Additionally, the county deposited idle Act 89 tax money in interest-bearing accounts which earned \$6.80 during 2015 and \$16.28 during 2016, thus providing additional funds for bridge maintenance and repairs.

FINDING AND RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2015 TO DECEMBER 31, 2016

Finding - Lump Sum Bidding Without Approval Of The Department Of Transportation

Our examination disclosed that during 2015 and 2016, the county expended \$78,112.87 and \$6,497.10, respectively, on project No. 14-29000-004. The bid package required contractors to submit lump sum bids. The county awarded the bid to the lowest bidder at \$107,947.00. However, that bid did not include estimates of the quantities of the materials to be used nor did it include unit prices. Lump sum bids are not permitted unless it is approved by the Department of Transportation. The county did not obtain the approval of the Department of Transportation to use lump sum bids for this project.

The above purchases were not made in compliance with the Department of Transportation's *Publication 9*, Appendix D, Section 449.9(c), which states, in part:

The proposal shall contain the approximate number of tons or square yards of materials or the metric equivalents, required, as reasonably estimated by the municipality. The bidder shall insert:

- (1) The unit price for each item.
- (2) The total price for each item (quantity X unit price).
- (3) The total price for any group of items, as to which the proposal requires a total or subtotal.

(d) Lump Sum bids.

In special cases, the Director of the Bureau of Municipal Services of the Department may approve lump sum bids in lieu of the procedure set forth in subsection (c).

The failure to comply with the Department of Transportation's *Publication 9* could result in the county having to reimburse \$84,609.97 to its Liquid Fuels Tax Fund.

Recommendations

We recommend that the county reimburse \$84,609.97 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the county comply with the Department of Transportation's *Publication 9* as noted in this finding.

Management's Response

The county chief clerk stated:

It was our understanding that Department of Transportation's municipal service representative gave approval for the lump sum bid process at the time this project was underway. I however, was not employed at the county during this time period, so my only verification of that would need to come through municipal service representative.

Auditor's Conclusion

The Department of Transportation will determine if the county is required to reimburse \$84,609.97 to its Liquid Fuels Tax Fund. During our next examination, we will determine if the county complied with our recommendations.
