## Independent Auditor's Report

The Honorable Thomas W. Wolf  
Secretary  
Pennsylvania Department of Revenue  
Harrisburg, PA 17128

We have examined the accompanying statements of receipts and disbursements (Statements) of the Recorder of Deeds, Carbon County, Pennsylvania (County Officer), for the period January 1, 2004 to December 31, 2006, pursuant to the requirements of Sections 401(b) and 401(d) of *The Fiscal Code*, 72 P.S. § 401(b) and § 401(d). These Statements are the responsibility of the county office's management. Our responsibility is to express an opinion on these Statements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Statements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Sections 401(b) and 401(d) of *The Fiscal Code* to audit the accounts of each county officer to determine whether all moneys collected on behalf of the Commonwealth have been correctly assessed, reported and promptly remitted. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Sections 401(b) and 401(d) of *The Fiscal Code*.

### Independent Auditor's Report (Continued)

In our opinion, the Statements referred to above present, in all material respects, the operations of the County Officer as it pertains to receipts made on behalf of the Commonwealth for the period ended December 31, 2006, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Statements and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Statements are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Statements or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County Officer's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the County Officer's Statements that is more than inconsequential will not be prevented or detected by the County Officer's internal control.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Statements will not be prevented or detected by the County Officer's internal control.

Our consideration of internal control over reporting on the Statements was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Statements.

Independent Auditor's Report (Continued)

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Pennsylvania Department of Revenue, the Administrative Office of Pennsylvania Courts, and the County Officer and is not intended to be and should not be used by anyone other than these specified parties.

CARBON COUNTY  
NOTES TO THE STATEMENTS OF RECEIPTS AND DISBURSEMENTS  
FOR THE PERIOD  
JANUARY 1, 2004 TO DECEMBER 31, 2006

1. Criteria

The Statements of Receipts and Disbursements (Statements) have been prepared in accordance with Section 401(b) of *The Fiscal Code*, 72 P.S § 401(b), which requires the Department of the Auditor General to determine whether all money collected on behalf of the Commonwealth has been remitted properly and to provide the Pennsylvania Department of Revenue (Department of Revenue) with a report to enable them to settle an account covering any delinquency.

The Statements were prepared in accordance with reporting requirements prescribed by the Department of Revenue. Under this method, only the Commonwealth portion of cash receipts and disbursements are presented, revenues are recognized when received, and expenditures are recognized when paid.

2. Receipts

Receipts consist of monies collected on behalf of the Commonwealth. These include monies collected for the following taxes and fees:

- The Pennsylvania Realty Transfer Tax is a documentary stamp tax of 1 percent on the value of the interest in real property transferred by deed.
- Writ Taxes represent a \$.50 tax imposed on various types of documents and a \$10 tax on notary public commissions processed through the office.
- Judicial Computer System/Access To Justice Fees represent a \$10 fee imposed for each filing of deeds in any form, mortgages, mortgage assignments, mortgage releases, mortgage satisfaction pieces, installment sales agreements, leases for a term of 30 years or longer, and easements.

3. Commissions

Acting in the capacity of an agent for the Commonwealth, the Recorder of Deeds is authorized to collect a commission on the Commonwealth portion of taxes as follows:

<u>Tax</u>	<u>Commission</u>
Realty Transfer	1%
Writ	3%

Commissions of \$83,530 were paid to the County by the Department of Revenue which are not reflected in the Statement.

The Recorder of Deeds participates in the Department of Revenue's cash management system for Realty Transfer Taxes. Under this system, the "Agent" deposits Realty Transfer Tax collections to a local account approved and established in the name of the Department of Revenue, thereby eliminating the need for the agent to issue a check to disburse these taxes.

Total disbursements are comprised as follows:

Deposits into the Department of Revenue's cash management account	<u>\$ 8,352,963</u>
--	---------------------

Writ Taxes And Judicial Computer System/Access To Justice Fees

Total disbursements are comprised as follows:

RECORDER OF DEEDS  
CARBON COUNTY  
COMMENT  
FOR THE PERIOD  
JANUARY 1, 2004 TO DECEMBER 31, 2006

Comment - Compliance With Prior Audit Recommendations

During our prior audit, we recommended:

- That the office require the vendor to obtain written authorization from the County before using any Data File Utility procedures.
- That the office consult legal council about how to protect the County's interests in the event that errors or fraud occur as a result of vendor employees accessing the County's data.
- That the office require the vendor to provide monitoring reports which include the date, time, reason for changes, changes made, and who made the changes. The County should routinely review these reports to determine that access was appropriate and that data was not improperly altered.
- That the office require users to periodically change their passwords.
- That the office purchase, install, and maintain an anti-virus software package at each access point to the Recorder of Deeds server.

During our current examination, we noted that the office complied with our recommendations.
