HIGHWAY TRANSFER PROGRAM – TURNBACK ACCOUNT BACKGROUND FOR THE PERIOD MAY 15, 2001 TO FERUARY 26, 2004

Background

The Highway Transfer Program (more commonly known as the Highway Turnback Program) is outlined in Title 75 P.S. § 9511. It is designed to reduce the amount of state road mileage by transferring "functionally-local" roads on a cooperative, voluntary basis to local governments. When a municipality takes over a road through this program, the Department of Transportation and the municipality jointly determine the necessity and extent of any restoration or rehabilitative work required to put a state highway in satisfactory condition before it is transferred. The rehabilitative work may be done by the Department of Transportation, municipal forces, or be contracted out by either party.

If the restoration or rehabilitation is to be done by the municipality or a contractor hired by the municipality, the municipality receives funds for the work from the State Highway Transfer Restoration Restricted Receipt Account. These funds must be deposited into a separate interest-bearing Highway Transfer Account. Any funds not used for the restoration or rehabilitation of the road that was transferred to the municipality must be transferred to the borough's Liquid Fuels Tax Fund.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Highway Transfer Program money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

Independent Auditor's Report

The Honorable Allen D. Biehler, P.E. Secretary
Department of Transportation
Harrisburg, PA 17120

We have examined the accompanying Form MS-999 With Adjustments of the Highway Transfer Program – Turnback Account of the Borough of Gallitzin, Cambria County, for the period May 15, 2001 to February 26, 2004. The municipality's management is responsible for the Form MS-999. Our responsibility is to express an opinion on the Form MS-999 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Borough of Gallitzin, Cambria County's Form MS-999 for the period May 15, 2001 to February 26, 2004 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Highway Transfer Program – Turnback Account to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

In our opinion, the Form MS-999 With Adjustments presents, in all material respects, the information required by the Pennsylvania Department of Transportation for the Highway Transfer Program – Turnback Account of the Borough of Gallitzin, Cambria County, for the period May 15, 2001 to February 26, 2004, in conformity with the criteria set forth in Note 1.

Independent Auditor's Report (Continued)

In accordance with *Government Auditing Standards*, we are required to report findings of deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to Form MS-999 and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether Form MS-999 is presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over Form MS-999 or on compliance and other matters; accordingly, we express no such opinion. Our examination disclosed a certain finding that is required to be reported under *Government Auditing Standards*, and that finding is described in the Finding and Recommendations section of this report.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Borough of Gallitzin, Cambria County, and is not intended to be and should not be used by anyone other than these specified parties.

September 6, 2006

JACK WAGNER Auditor General

HIGHWAY TRANSFER PROGRAM – TURNBACK ACCOUNT NOTES TO FORM MS-999 WITH ADJUSTMENTS FOR THE PERIOD MAY 15, 2001 TO FEBRUARY 26, 2004

1. Criteria

Form MS-999 With Adjustments provides a summary of Highway Transfer Program receipts and expenditures by category. Categories requiring explanation include:

- The Turnback Grant is the grant received from the Commonwealth of Pennsylvania to be used for the restoration or rehabilitation of the road or roads transferred from the state to the municipality.
- The Unexpended balance transfer is money that was not used for the restoration or rehabilitation of the road or roads transferred from the state to the municipality that was transferred to the municipality's Liquid Fuels Tax Fund upon completion of the project.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Highway Transfer Program, Act 32 of 1983 (also referred to as Road Turnback by the Department of Transportation), provides state funds to municipal governments for the costs of restoring state highways for which ownership is turned back to the municipal government. The turnback revenues are deposited in a separate turnback account. After the highway restoration work is completed, any unexpended funds are to be transferred to the Liquid Fuels Tax Fund.

The Form MS-999 has been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of Act 32 of 1983, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance.

Basis Of Accounting

The accompanying Form MS-999 With Adjustments is prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

HIGHWAY TRANSFER PROGRAM – TURNBACK ACCOUNT NOTES TO FORM MS-999 WITH ADJUSTMENTS FOR THE PERIOD

MAY 15, 2001 TO FEBRUARY 26, 2004

1. Criteria (Continued)

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. <u>Interest On Investments</u>

Our examination disclosed that the municipality deposited idle turnback money in an interest-bearing account and a certificate of deposit which earned \$4,255.09 during the examination period, thus providing additional funds for road maintenance.

3. Unexpended Balance

During our examination, we noted that the municipality transferred the unexpended balance in the turnback account of \$4,091.92 to its Liquid Fuels Tax Fund account on February 26, 2004 in accordance with Act 32 of 1983.

HIGHWAY TRANSFER PROGRAM – TURNBACK ACCOUNT FINDING AND RECOMMENDATIONS FOR THE PERIOD MAY 15, 2001 TO FEBRUARY 26, 2004

<u>Finding - Electronic Imaging Of Canceled Checks From The Bank Did Not</u> Include The Back Of The Checks

Our examination disclosed that the imaging of canceled checks from the bank for the Liquid Fuels Tax Fund account was not acceptable because the bank provides only an image of the front side of the canceled checks. For us to properly complete our examination testing, we have to examine the front and the back of the canceled checks.

Good internal controls and the Commonwealth of Pennsylvania Management Directive 210.11, dated June 16, 1997, require that imaging systems comply with the provisions of the Internal Revenue Service (IRS) procedures for record keeping with electronic imaging. To be acceptable, the documents provided by the system must meet IRS procedures governing size, content, format, and pattern. Those procedures require that all images produced by the imaging system exhibit a high degree of legibility and readability when displayed on paper. Legibility includes the ability to identify all letters and numerals positively and quickly. Readability includes the ability to recognize a group of letters or numerals as words or completed numbers. Imaged documents must include the front and back of a document in which both the front and back are used.

Further, good internal controls ensure that by having a municipal official review the front and back of the canceled checks, any errors or irregularities can be detected on a timely basis.

Without this control, the potential exists for errors or irregularities to go undetected for long periods of time.

The municipality obtained and provided us with copies of the backs of the canceled checks requested for examination.

This account was closed on February 26, 2004 and the unexpended balance was transferred to the municipality's Liquid Fuels Tax Fund (see Note 3).

Recommendations

We recommend that the municipal officials obtain images of the front and back of canceled checks in accordance with Directive 210.11 for all future turnback accounts. Additionally, municipal officials should review the front and back of each canceled check for any errors or irregularities.

We further recommend that, if the municipality's financial institution's check imaging process does not comply with Directive 210.11, original documentation must be obtained.
