Mr. James McConnell, President  
VOLANT VOLUNTEER FIREFIGHTERS'  
RELIEF ASSOCIATION  
Lawrence County

We have conducted a compliance audit of the Volant Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010 (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, for the period January 1, 2010 to December 31, 2012.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objective.

The objective of the audit was to determine if the volunteer firefighters' relief association received state aid and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objective identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Volant Volunteer Firefighters' Relief Association's administration of state aid and accumulated relief funds complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with those requirements and that we considered to be significant within the context of the audit objective, and assessed whether those significant controls were properly designed and implemented. Our audit procedures also included tests of documentary evidence supporting the Volant Volunteer Firefighters' Relief Association's recorded financial transactions, tests of the physical existence of inventories, interviews of selected officials and direct confirmation of the Volant Volunteer Firefighters' Relief Association's cash, investments, and certain other assets and liabilities as of December 31, 2012, with the custodians of the funds, debtors, creditors, and financial institutions to the extent necessary to satisfy the audit objective. Additionally, we performed procedures to provide a reasonable assurance of detecting instances of violations of legal and regulatory requirements or violations of provisions of contracts that are significant within the context of the audit objective.

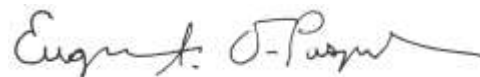

The results of our audit, for the period January 1, 2010 to December 31, 2012, found the Volant Volunteer Firefighters' Relief Association, in all significant respects, received state aid and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the findings listed below and discussed later in this report. The results of our tests also indicated the Volant Volunteer Firefighters' Relief Association expended funds as presented in the Accompanying Expenditure Information and, as of December 31, 2012, had a cash balance of \$26,124 and no investments.

Finding No. 1 – Failure to Define Discretionary Benefits

Finding No. 2 – Insufficient Surety (Fidelity) Bond Coverage

The contents of this report were discussed with the management of the Volant Volunteer Firefighters' Relief Association and, where appropriate, their responses have been included in the report.

## BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 *et seq.* (commonly referred to as Act 205), are properly expended.

The Volant Volunteer Firemen's Relief Association, herein referred to as Volant Volunteer Firefighters' Relief Association, is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality.

BACKGROUND (Continued)

The Volant Volunteer Firefighters' Relief Association was allocated state aid from the following municipalities:

<u>Municipality</u>	<u>County</u>	<u>2010</u>	<u>2011</u>	<u>2012</u>
Plain Grove Township	Lawrence	\$1,338	\$ 2,027	\$1,139
Volant Borough	Lawrence	\$ 925	\$ 1,703	\$ 965
Washington Township	Lawrence	\$2,833	\$ 4,299	\$2,434
Wilmington Township	Lawrence	\$9,284	\$13,330	\$7,628

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The Volant Volunteer Firefighters' Relief Association is affiliated with the following fire service organization:

Volant Volunteer Fire Company

VOLANT VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION  
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Failure to Define Discretionary Benefits

Condition: The relief association did not formally define and approve discretionary benefits that were being offered to its members. During the current audit period, the relief association paid \$3,017 in discretionary benefits. Although these expenditures are authorized under Act 118, the types, amounts, and criteria to be met before receiving such benefits were not described in a formal policy approved by the relief association's membership.

Criteria: Act 118 at 35 Pa.C.S. § 7413 (3) and (5) states, funds shall be available:

- (3) For payment, either by insurance or by operation of a beneficial fund, of a sum certain to designated beneficiaries of a participating member following the death of a member for any cause and **to establish criteria which members must meet in order to qualify** as participants in a death benefit fund (emphasis added).
  
- (5) Financial assistance to volunteer firefighters who, after having actively participated in the fire service **for a specified minimum term**, are no longer physically able to continue participation and are in need of financial assistance (emphasis added).

Furthermore, prudent business practice dictates that when a relief association offers death benefits, disability benefits, officer compensation, or any other type of discretionary benefit provided by Act 118, it should establish a precedent for those benefits being offered. Such a precedent should be documented in the bylaws, a formal relief association policy, or in the official meeting minutes. The formal approval is necessary to clarify the types and amounts of benefits offered to its membership as well as the criteria to be met in order to receive the benefits.

Cause: Relief association officials were not aware of the specific stipulations of Act 118 and did not perceive the formal approval to be an essential internal control in safeguarding relief association assets. As a result, the relief association failed to establish procedures to formally define the benefits and related criteria for the benefits offered to members.

Effect: The relief association's failure to formally define discretionary benefits prevents the membership from being aware of the types and amounts of benefits offered to its membership. The absence of formal approval increases the risk of unauthorized expenditures and could also lead to benefits not being applied equally to all members of the relief association.

VOLANT VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION  
FINDINGS AND RECOMMENDATIONS (Continued)

Finding No. 1 – Failure to Define Discretionary Benefits (Continued)

Recommendation: We recommend relief association officials formally define and document the criteria of the discretionary benefits being offered to its membership. The formal approval of benefits and related criteria should be documented in the bylaws, a policy statement, or in the official meeting minutes, and should be maintained for an indefinite period of time so as to afford the membership of the relief association with a formal document defining the benefits offered and the criteria to be met before receiving the benefit. Furthermore, all approved discretionary benefits should be in accordance with provisions of Act 118. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

VOLANT VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION  
FINDINGS AND RECOMMENDATIONS (Continued)

Finding No. 2 – Insufficient Surety (Fidelity) Bond Coverage

Condition: The relief association did not maintain a Surety (Fidelity) bond in a sufficient amount to cover the relief association's authorized disbursing officer. The relief association's Surety (Fidelity) bond coverage amount was \$25,000; however, as of December 31, 2012, the relief association's cash assets totaled \$26,124.

Criteria: Act 118 at 35 Pa.C.S. § 7415(c)(4) states, in part, that:

. . . the disbursing officer, whether designated treasurer, comptroller, financial secretary or otherwise, shall be bonded by corporate surety for faithful performance of duty. The amount of the bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on the bond shall be a proper charge against the funds of the association.

Cause: Relief association officials failed to monitor the relief association's cash balance to ensure that the Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer was in compliance with Act 118 provisions.

Effect: As a result of the authorized disbursing officer of the relief association being insufficiently bonded, the relief association's cash assets were not adequately safeguarded.

As a result of our audit, and subsequent to the current audit period, on May 8, 2013, the relief association increased their bond coverage to an amount greater than the expected maximum balance of their cash assets.

Recommendation: We recommend that the relief association officials should monitor the relief association's cash balance to ensure that unexpected events affecting the relief association's current funds do not again result in insufficient Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.
