BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended 53 P.S. § 895.701 et seq. (commonly referred to as Act 205), are properly expended.

The Joint Hermitage/Patagonia Volunteer Firemen's Relief Association, herein referred to as Hermitage & Patagonia Volunteer Firefighters' Relief Association, is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 84 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 84 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 84, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality. The Hermitage & Patagonia Volunteer Firefighters' Relief Association was allocated state aid from the following municipalities:

<u>Municipality</u>	<u>County</u>	<u>2007</u>	<u>2008</u>	<u>2009</u>
City of Hermitage	Mercer	\$110,281	\$113,631	\$100,092
Lackawannock Township	Mercer	\$ 4,656	\$ 4,791	\$ 4,257

BACKGROUND (Continued)

The volunteer firefighters' relief association and the affiliated fire service organizations are separate, legal entities. The Hermitage & Patagonia Volunteer Firefighters' Relief Association is affiliated with the following fire service organizations:

Hermitage Volunteer Fire Department, Inc.
Patagonia Volunteer Fire Company

We have conducted a compliance audit of the Hermitage & Patagonia Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), for the period January 1, 2007 to December 31, 2009.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objective.

The objective of the audit was to determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objective identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Hermitage & Patagonia Volunteer Firefighters' Relief Association's administration of state aid and accumulated funds complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with those requirements and that we considered to be significant within the context of the audit objective, and assessed whether those significant controls were properly designed and implemented. Our audit procedures also included tests of documentary evidence supporting the Hermitage & Patagonia Volunteer Firefighters' Relief Association's recorded financial

transactions, tests of the physical existence of inventories, interviews of selected officials and direct confirmation of the Hermitage & Patagonia Volunteer Firefighters' Relief Association's cash, investments, and certain other assets and liabilities as of December 31, 2009, with the custodians of the funds, debtors, creditors, and financial institutions to the extent necessary to satisfy the audit objective. Additionally, we performed procedures to provide a reasonable assurance of detecting instances of violations of legal and regulatory requirements or violations of provisions of contracts that are significant within the context of the audit objective.

The results our audit for the period January 1, 2007 to December 31, 2009, found, in all significant respects, the Hermitage & Patagonia Volunteer Firefighters' Relief Association received and expended funds in compliance with applicable state laws, contracts, bylaws, and administrative procedures, except as noted in the following finding discussed later in this report. The results of our tests indicated the Hermitage & Patagonia Volunteer Firefighters' Relief Association expended funds as presented in the accompanying information and as of December 31, 2009, had a cash balance of \$155,567 and an investment balance with a fair value of \$1,285,631.

Finding – Failure to Maintain a Federal Tax Identification Number

We also noted another matter that has been discussed in the following observation discussed later in this report.

Observation –Diversification of Investments

The contents of this report were discussed with the management of the Hermitage & Patagonia Volunteer Firefighters' Relief Association and, where appropriate, their responses have been included in the report.

HERMITAGE & PATAGONIA VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDING AND RECOMMENDATION

Finding – Failure to Maintain a Federal Tax Identification Number

Condition: The volunteer firefighters' relief association failed to comply with the Tax Equity and Fiscal Responsibility Act by not maintaining a federal tax identification number. The relief association is currently using an inactive federal tax identification number.

Criteria: All businesses, both profit and nonprofit, are required to obtain a federal tax identification number and provide this number to any financial institution where funds are earning interest. If their tax identification number is not provided, the financial institution is required to withhold 31 percent of interest earned and transmit these funds to the Internal Revenue Service, representing federal income taxes.

Cause: The relief association was aware of the necessity to reactivate its federal tax identification number but has neglected to procure a new or reactivate the old federal tax identification number.

Effect: Failure to comply with the Tax Equity and Fiscal Responsibility Act could cause the relief association to be penalized by the Internal Revenue Service, resulting in the loss of funds otherwise available for general operating expenditures or for investment purposes.

Recommendation: We recommend the relief association immediately apply for its own federal tax identification number through the Internal Revenue Service and furnish this number to its financial institutions. The relief association should also consider applying to the Internal Revenue Service for tax exempt status as a nonprofit corporation under Internal Revenue Code 501(c). For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

HERMITAGE & PATAGONIA VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION OBSERVATION

Observation – Diversification of Investments

Within the parameters established by the Volunteer Firefighters' Relief Association Act¹, it is the responsibility of the volunteer firefighters' relief association to invest its funds in a proper and prudent manner.

As these investments typically provide an income stream to the relief association for annual operations, it is generally sensible not to invest all VFRA money in one asset or asset class that places the principal at risk. In fact, state law requires VFRA's to "reasonably diversify investments, unless the [VFRA] reasonably determines that it is in the interest of the beneficiaries not to diversify..."².

By diversifying investments, the VFRA can help preserve capital, increase liquidity and decrease volatility. Diversification means spreading one's money among different investments; asset allocation diversifies total investments among different investment classes, such as stocks, bonds, government securities, and cash equivalents.

As of December 31, 2009, the VFRA had \$832,775 (fair value) or 58% of the VFRA's cash and investments in mutual funds.

The VFRA management should periodically review its specific cash needs and investment goals and ensure that its investments are allocated and diversified to prudently meet those needs and goals.

² 20 Pa. C.S.A. § 7204(a) (Supp. 2005).
