Letter From the Auditor General	3
Finding and Recommendation:	
Finding – Unauthorized Expenditures	5
Accompanying Expenditure Information	7
Report Distribution List.....	9

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended 53 P.S. § 895.701 et seq. (commonly referred to as Act 205), are properly expended.

The Sandycreek Township Volunteer Firefighters' Relief Association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 84 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 84 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 84, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality. The Sandycreek Township Volunteer Firefighters' Relief Association was allocated state aid from the following municipalities:

<u>Municipality</u>	<u>County</u>	<u>2005</u>	<u>2006</u>	<u>2007</u>	<u>2008</u>
Frenchcreek Township	Venango	\$ 2,917	\$ 2,959	\$ 3,037	\$ 3,123
Sandycreek Township	Venango	\$13,165	\$13,269	\$13,567	\$13,985

BACKGROUND (Continued)

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The Sandycreek Township Volunteer Firefighters' Relief Association is affiliated with the following fire service organization:

Sandycreek Township Volunteer Fire Department

Mr. Robert E. Robinson Jr., President
SANDYCREEK TOWNSHIP VOLUNTEER FIREFIGHTERS'
RELIEF ASSOCIATION
Venango County

We have conducted a compliance audit of the Sandycreek Township Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), for the period January 1, 2005 to December 31, 2008.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objective.

The objective of the audit was to determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objective identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Sandycreek Township Volunteer Firefighters' Relief Association's administration of state aid and accumulated funds complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with applicable state laws, contracts, bylaws and administrative procedures significant within the context of the audit objective. We also tested transactions, confirmed the Sandycreek Township Volunteer Firefighters' Relief Association's investment balance and the cash balance as of December 31, 2008, with the custodians of the funds, and interviewed selected officials to the extent necessary to satisfy the audit objective.

The results of our audit for the period January 1, 2005 to December 31, 2008, found, in all significant respects, the Sandycreek Township Volunteer Firefighters' Relief Association received and expended funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the following finding discussed later in this report. The results of our tests indicated the Sandycreek Township Volunteer Firefighters' Relief Association expended funds as presented in the accompanying information and as of December 31, 2008, had a cash balance of \$10,034 and an investment balance with a fair value of \$15,758.

Finding – Unauthorized Expenditures

The contents of this report were discussed with the management of the Sandycreek Township Volunteer Firefighters' Relief Association and, where appropriate, their responses have been included in the report.

Auditor General

SANDYCREEK TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDING AND RECOMMENDATION

Finding – Unauthorized Expenditures

Condition: The relief association expended funds for the following items that are not authorized by Act 84:

<u>Date</u>	<u>Check No.</u>	<u>Description</u>	<u>Amount</u>
07/23/08	1112	Fire department building liability insurance	\$ 197
10/21/08	1123	Fire department property, bond, auto insurance	<u>3,552</u>
Total			<u>\$ 3,749</u>

Criteria: Act 84 at 53 P.S. § 8506(e)(1, 2, 4, 8 and 12) states:

The funds of any volunteer firefighters' relief association may be spent:

- (1) To pay for such normal and reasonable running expenses as may be appropriate to the businesslike conduct of its affairs including legal fees and including but not by way of limitation the rental or purchase of offices, the payment of reasonable compensation of any needed employees, and the purchase of office equipment and supplies.
- (2) To purchase contracts of insurance which shall at the least afford financial assistance to active members of the fire service represented by the association against losses due to injury suffered in the fire service and which may also provide in the order named, (i) for payments to the widow or other dependents of a member in the event of his death, (ii) for protection of active firefighters against disease, (iii) for the replacement or purchase of prosthetic devices such as visual aids, hearing aids, dentures, braces, crutches, and the like, where such devices have been lost or damaged while the owner was engaged in the fire service or where the need for such devices arises because of functional impairment attributable to participation in the fire service, (iv) for the repair or replacement if necessary of articles of clothing or pocket pagers damaged in the course of participation in the fire service, and (v) for disability incurred after service for a minimum of 20 years as a volunteer firefighter.
- (4) To pay in full or in part for damage or loss in any of the categories mentioned in clause (2) above in any specific case in which (i) no policy of insurance is in force which covers the risk, or (ii) the amount payable under insurance policies in force is inadequate to cover the loss.

FINDING AND RECOMMENDATION

Finding – (Continued)

- (8) To contribute or to purchase contracts of insurance which will contribute towards the costs of rehabilitating and retraining volunteer firefighters who by reason of their participation in the fire service have suffered a major impairment of their ability to continue their vocation.

- (12) To secure insurance against the legal liability of the volunteer firefighters for loss and expense from claims arising out of the performance of their official, authorized duties while going to, returning from or attending fires or while performing their duties as special fire police.

Because the Department of the Auditor General is legislatively prohibited from giving pre-audit advice, an interagency agreement with the Department of Community and Economic Development (DCED) had been established whereby the DCED provided interpretation of Act 84 of 1968, the “Volunteer Firefighters’ Relief Association Act.” Fire department building liability insurance, officer’s bond, and auto insurance have been deemed by DCED to not qualify as authorized expenditures; consequently, these disbursements are not authorized under Act 84.

Cause: Relief association officials were unaware that the aforementioned expenditures were not authorized by Act 84.

Effect: As a result of these improper expenditures, relief association funds were not available for investment purposes or to pay for expenditures authorized by Act 84.

However, subsequent to the audit period, on April 24, 2009, the relief association received reimbursement from the affiliated fire department, in the amount of \$3,749, for the above noted unauthorized expenditures.

Recommendation: We recommend the relief association officials become familiar with Act 84 at 53 P.S. § 8506(e) to aid them in determining the propriety of future expenditures. For further guidance, please refer to the Auditor General’s publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS’ RELIEF ASSOCIATIONS.

Management’s Response: Relief association management agreed with the finding and indicated they will take action to comply with the recommendation.
