BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Chambersburg Borough Nonuniformed Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes.

The Chambersburg Borough Nonuniformed Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 2009-5. The plan is also affected by the provisions of collective bargaining agreements between the borough and its nonuniformed employees.

The Honorable Mayor and Borough Council
Chambersburg Borough
Franklin County
Chambersburg, PA 17201

We have conducted a compliance audit of the Chambersburg Borough Nonuniformed Pension Plan for the period January 1, 2007, to December 31, 2008. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards* applicable to performance audits issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. Chambersburg Borough contracted with an independent certified public accounting firm for annual audits of its basic financial statements which are available at the borough's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Borough officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Chambersburg Borough Nonuniformed Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. In conducting our audit, we obtained an understanding of the borough's internal controls as they relate to the borough's compliance with those requirements and that we considered to be significant within the context of our audit objective, and assessed whether those significant controls were properly designed and implemented. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objective.

The results of our tests indicated that, in all significant respects, the Chambersburg Borough Nonuniformed Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Incorrect Data On Certification Form AG 385 Resulting In A Net Overpayment Of State Aid

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Chambersburg Borough and, where appropriate, their responses have been included in the report.

October 29, 2009

JACK WAGNER
Auditor General

CHAMBERSBURG BOROUGH NONUNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Incorrect Data On Certification Form AG 385 Resulting In A Net Overpayment Of State Aid

Condition: The borough certified 6 ineligible nonuniformed employees (6 units) in 2007 on Certification Form AG 385. The borough also certified 6 ineligible nonuniformed employees (6 units) and 1 ineligible firefighter (2 units) in 2008 on Certification Form AG 385. In addition, subsequent to the audit period, the borough certified 8 ineligible nonuniformed employees (8 units) and failed to certify 1 eligible firefighter (2 units) in 2009 on Certification Form AG 385.

Criteria: Pursuant to Act 205, at Section 402(e)(2), in order to be eligible for certification, an employee must have been employed on a full-time basis for at least six consecutive months and must have been participating in a pension plan during the certification year. In addition, the nonuniformed pension plan’s governing document prescribes a plan entry date of January 1, coinciding with or immediately following the date on which the employee meets the three month service requirement.

Cause: Plan officials were unaware of the nonuniformed pension plan’s waiting period for plan membership eligibility. In addition, the borough lacked adequate internal control procedures to ensure the accuracy of the data certified.

Effect: The data submitted on these certification forms is used, in part, to calculate the state aid due to the borough for distribution to its pension plans. Because the borough’s state aid allocations were based on unit value, the incorrect certification of pension data affected the borough’s state aid allocations, as identified below:

<u>Year</u>	<u>Type Of Plan</u>	<u>Units Overstated (Understated)</u>	<u>Unit Value</u>	<u>State Aid Overpayment (Underpayment)</u>
2007	Nonuniformed	6	\$ 3,206	\$ 19,236
2008	Nonuniformed Firemen’s	6 2	\$ 3,186 3,186	\$ 19,116 6,372
				\$ 25,488
2009	Nonuniformed Firemen’s	8 (2)	\$ 3,128 3,128	\$ 25,024 (6,256)
				\$ 18,768
			Net Overpayment of State Aid	\$ 63,492

CHAMBERSBURG BOROUGH NONUNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

In addition, the borough used the overpayments of state aid to pay the minimum municipal obligations (MMOs) due to the nonuniformed and firemen’s pension plans; therefore, if the reimbursement to the Commonwealth is made from the pension plans, the plans’ MMOs will not be fully paid.

Recommendation: We recommend that the net overpayment of state aid, in the amount of \$63,492, be returned to the Commonwealth. A check in this amount, with interest compounded annually from date of receipt to date of repayment, at a rate earned by the pension plan, should be made payable to: Commonwealth of Pennsylvania and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 1205 Pittsburgh State Office Building, 300 Liberty Avenue, Pittsburgh, PA 15222. A copy of the interest calculation must be submitted along with the check.

We also recommend that, in the future, plan officials comply with the instructions that accompany Certification Form AG 385 to assist them in accurately reporting the required pension data.

In addition, if the reimbursement to the Commonwealth is made from nonuniformed and firemen’s pension plan funds, we recommend that any resulting MMO deficiencies be paid to the pension plan with interest, at a rate earned by the pension plan.

Management’s Response: Municipal officials agreed with the finding without exception.

CHAMBERSBURG BOROUGH NONUNIFORMED PENSION PLAN
POTENTIAL WITHHOLD OF STATE AID

The finding contained in this audit report cites an overpayment of state aid to the borough in the amount of \$63,492. A condition of this nature may lead to a total withholding of state aid in the future unless the finding is corrected. A check in this amount with interest, at a rate earned by the pension plan, should be made payable to: Commonwealth of Pennsylvania, and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 1205 Pittsburgh State Office Building, 300 Liberty Avenue, Pittsburgh, PA 15222.

CHAMBERSBURG BOROUGH NONUNIFORMED PENSION PLAN
 SUPPLEMENTARY INFORMATION
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2003, is as follows:

	(1)	(2)	(3)	(4)	(5)	(6)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	Unfunded (Assets in Excess of) Actuarial Accrued Liability as a % of Payroll [(b-a)/(c)]
01-01-03	\$ 13,634,556	\$ 12,130,524	\$ (1,504,032)	112.4%	\$ 4,950,432	(30.4%)
01-01-05	14,503,660	13,918,831	(584,829)	104.2%	5,708,522	(10.2%)
01-01-07	16,163,230	15,456,281	(706,949)	104.6%	6,172,381	(11.5%)

CHAMBERSBURG BOROUGH NONUNIFORMED PENSION PLAN
SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.
