PMRS - Pennsylvania Municipal Retirement System

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Dorrance Township Nonuniformed Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 15 - Pennsylvania Municipal Retirement Law, Act of February 1, 1974
(P.L. 34, No. 15), as amended, 53 P.S. § 881.101 et seq.

The Dorrance Township Nonuniformed Pension Plan is a single-employer cash balance pension plan locally controlled by the provisions of Ordinance No. 1 of 1997, and a separately executed plan agreement with PMRS adopted pursuant to Act 15. Active members are required to contribute 5.5 percent of compensation to the plan. The municipality is also required to contribute 5.5 percent of each member's compensation.

We have conducted a compliance audit of the Dorrance Township Nonuniformed Pension Plan for the period January 1, 2008, to December 31, 2010. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards* applicable to performance audits issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior audit report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. The Dorrance Township Nonuniformed Pension Plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. PMRS issues a separate Comprehensive Annual Financial Report, copies of which are available from the PMRS accounting office. PMRS's financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Dorrance Township Nonuniformed Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. In conducting our audit, we obtained an understanding of the township's internal controls as they relate to the township's compliance with those requirements and that we considered to be significant within the context of our audit objectives, and assessed whether those significant controls were properly designed and implemented. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objectives.

The results of our tests indicated that, in all significant respects, the Dorrance Township Nonuniformed Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Partial Compliance With Prior Audit Recommendation –
Receipt Of State Aid In Excess Of Entitlement

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Dorrance Township and, where appropriate, their responses have been included in the report.

DORRANCE TOWNSHIP NONUNIFORMED PENSION PLAN
STATUS OF PRIOR FINDING

Partial Compliance With Prior Audit Recommendation

Dorrance Township has partially complied with the prior audit recommendation concerning the following:

- Receipt Of State Aid In Excess Of Entitlement

During the current audit period, the municipality reimbursed \$1,753 to the Commonwealth for excess state aid received in the year 2007; however, plan officials failed to reconcile the amount of state aid allocated to the township with the plan's actual pension costs in 2008, as further discussed in the Finding and Recommendation section of this report.

DORRANCE TOWNSHIP NONUNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Partial Compliance With Prior Audit Recommendation – Receipt Of State Aid In Excess Of Entitlement

Condition: As disclosed in the prior audit report, the township received state aid in excess of the plan’s pension costs for the year 2007. The township reimbursed \$1,753 to the Commonwealth for the excess state aid received; however, the township failed to reconcile the amount of state aid allocated to the township with the plan’s actual pension costs in 2008 resulting in the receipt of excess state aid, as illustrated below:

Actual municipal pension costs	\$ 5,147
Employee forfeiture available	<u>(1,264)</u>
Adjusted municipal pension costs	3,883
State aid allocation	<u>(6,160)</u>
Excess state aid received	<u><u>\$ 2,277</u></u>

This excess state aid amount was never deposited into the township’s nonuniformed pension plan and remains in the township’s general fund.

Criteria: Section 402(f)(2) of Act 205 states:

No municipality shall be entitled to receive an allocation of general municipal pension system State aid in an amount which exceeds the aggregate actual financial requirements of any municipal pension plans for police officers, paid firefighters or employees other than police officers or paid firefighters maintained by the municipality, less the amount of any aggregate annual member or employee contributions during the next succeeding plan year, as reported in the most recent complete actuarial report filed with the commission.

In addition, Section 11 of the plan agreement states:

The Township will contribute quarterly five and five tenths percent (5.5%) of each member’s compensation to the System.

FINDING AND RECOMMENDATION

Finding – (Continued)

Furthermore, Section 12 of the plan agreement states:

In the event a member's service with the Township is terminated for any reason whatsoever before the funds set aside for such member are vested or if the member elects not to receive a benefit, then the amount of such funds which have not been contributed by the member and which are not vested shall be credited against the next contribution due from the Township for the remaining or future members of this Plan.

Cause: Plan officials failed to establish adequate internal control procedures to ensure full compliance with the prior audit recommendation.

Effect: It is this department's opinion that because the entire proceeds of the insurance premium tax on foreign casualty insurance companies are distributed annually to each eligible recipient municipality, it is inappropriate to use state aid in one year to offset pension costs in other years. Consequently, the overpayment of state aid in the year 2008, in the total amount of \$2,277, must be returned to the Commonwealth for redistribution.

Recommendation: We recommend that the municipality return the \$2,277 of excess state aid received in the year 2008 to the Commonwealth from the township's general fund. A check in this amount, with interest compounded annually from date of receipt to date of repayment, at a rate earned by the plan, should be made payable to: Commonwealth of Pennsylvania and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 11 Stanwix Street, Suite 1450, Pittsburgh, PA 15222. A copy of the interest calculation must be submitted along with evidence of payment.

Furthermore, we again recommend that plan officials establish adequate internal control procedures to reconcile the amount of state aid allocated to the township, any available employee forfeitures and municipal contributions made to the pension plan, with the plan's annual pension costs and reimburse any excess state aid received to the Commonwealth.

Management's Response: Municipal officials agreed with the finding without exception.
