BACKGROUND

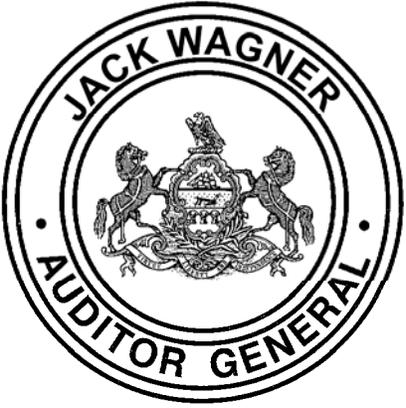

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, 53 P.S. §895.101, et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Limerick Township Police Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 600 - Police Pension Fund Act, Act of May 29, 1956, (P.L. (1955) 1804, No. 600), as amended, 53 P.S. § 767, et seq.

The Limerick Township Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 06-266, adopted pursuant to Act 600. The plan is also affected by the provisions of collective bargaining agreements between the township and its police officers.

We have conducted a compliance audit of the Limerick Township Police Pension Plan for the period January 1, 2004, to December 31, 2006. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 of 1984 and in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior audit report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. Limerick Township contracted with an independent certified public accounting firm for annual audits of its basic financial statements which are available at the township's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

The Department of the Auditor General (Department) is mandated by state statute to calculate state aid provided to municipal pension funds and to audit municipal pension funds having received such aid. State aid is calculated by an administrative unit that is not involved in the audit process. The Department's Comptroller Office then pre-audits the calculation and submits requests to the Commonwealth's Treasury Department for the disbursement of state aid to the municipality. The Department has implemented procedures to ensure that Department audit personnel are not directly involved in the calculation and disbursement processes. The Department's mandatory responsibilities are being disclosed in accordance with *Government Auditing Standards*.

Township officials are responsible for establishing and maintaining an internal control structure to provide reasonable assurance that the Limerick Township Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. To assist us in planning and performing our audit, we obtained an understanding of the township's internal control structure as it relates to the township's compliance with those requirements. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objectives.

The results of our tests indicated that, in all significant respects, the Limerick Township Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Incorrect Data On Certification Form AG 385 Resulting In
An Overpayment Of State Aid

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Limerick Township and, where appropriate, their responses have been included in the report.

LIMERICK TOWNSHIP POLICE PENSION PLAN
STATUS OF PRIOR FINDING

Compliance With Prior Audit Recommendation

Limerick Township has complied with the prior audit recommendation concerning the following:

- Pension Benefits Not In Compliance With Act 600 Provisions

The township enacted Ordinance No. 06-266, which amended and restated the police pension plan by providing for benefits in compliance with Act 600, as amended by Act 30.

LIMERICK TOWNSHIP POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Incorrect Data On Certification Form AG 385 Resulting In An Overpayment Of State Aid

Condition: The township certified 5 ineligible police officers (10 units) and overstated payroll by \$96,371 in 2005 on Certification Form AG 385. In addition, the township certified 4 ineligible nonuniformed employees (4 units) and overstated payroll by \$40,227 in 2005 on Certification Form AG 385.

Criteria: Pursuant to Act 205, at Section 402(e)(2), in order to be eligible for certification, an employee must have been employed on a full-time basis for at least six consecutive months and must have been participating in a pension plan during the certification year.

Cause: Plan officials were unaware of the applicable Act 205 guidelines for the certification of eligible employees.

Effect: The data submitted on these certification forms is used, in part, to calculate the state aid due to the township for distribution to its pension plans. Since the township’s state aid allocation was based on unit value, the effect of the incorrect certification of pension data on the township’s state aid allocation is identified below:

Type Of Plan	Units Overstated	Unit Value	State Aid Overpayment
Police	10	\$2,927	\$ 29,270
Nonuniformed	4	\$2,927	11,708
Total Overpayment of State Aid			\$ 40,978

In addition, since the township used the overpayment of state aid to pay the minimum municipal obligation (MMO) due to the police pension plan, if the reimbursement to the Commonwealth is made from the pension plan, the plan’s MMO will not be fully paid.

Recommendation: We recommend that the total excess state aid, in the amount of \$40,978, be returned to the Commonwealth. A check in this amount, with interest compounded annually from date of receipt to date of repayment, at a rate earned by the pension plan, should be made payable to: Commonwealth of Pennsylvania and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 1205 Pittsburgh State Office Building, 300 Liberty Avenue, Pittsburgh, PA 15222. A copy of the interest calculation must be submitted along with the check.

LIMERICK TOWNSHIP POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

In addition, if the reimbursement to the Commonwealth is made from pension plan funds, we recommend that any resulting MMO deficiency be paid to the pension plan with interest, at a rate earned by the pension plan.

We also recommend that plan officials comply with the instructions that accompany Certification Form AG 385 to assist them in accurately reporting the required pension data.

Management's Response: Township officials agreed with the finding without exception.

LIMERICK TOWNSHIP POLICE PENSION PLAN
POTENTIAL WITHHOLD OF STATE AID

The finding contained in this audit report cites an overpayment of state aid to the township in the amount of \$40,978. A condition of a finding of this nature may lead to a total withholding of state aid in the future unless the finding is corrected. A check in this amount with interest, at a rate earned by the pension plan, should be made payable to: Commonwealth of Pennsylvania, and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 1205 Pittsburgh State Office Building, 300 Liberty Avenue, Pittsburgh, PA 15222.

 SUPPLEMENTARY INFORMATION

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2001, is as follows:

	(1)	(2)	(3)	(4)	(5)	(6)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	Unfunded (Assets in Excess of) Actuarial Accrued Liability as a % of Payroll [(b-a)/(c)]
01-01-01	\$ 1,276,782	\$ 1,055,504	\$ (221,278)	121.0%	\$ 691,279	(32.0%)
01-01-03	1,437,396	1,430,872	(6,524)	100.5%	982,757	(0.7%)
01-01-05	1,806,756	1,693,463	(113,293)	106.7%	1,005,744	(11.3%)

Note: The market value of the plan's assets at 01-01-03 has been adjusted to reflect the smoothing of gains and/or losses over a 4-year averaging period. This method will lower contributions in years of less than expected returns and increase contributions in years of greater than expected returns. The net effect over long periods of time is to have less variance in contribution levels from year to year.

LIMERICK TOWNSHIP POLICE PENSION PLAN
SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.
