## **BACKGROUND**

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Lower Makefield Township Nonuniformed Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes.

The Lower Makefield Township Nonuniformed Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Resolution No. 2164.

Board of Township Supervisors  
Lower Makefield Township  
Bucks County  
Yardley, PA 19067-1696

We have conducted a compliance audit of the Lower Makefield Township Nonuniformed Pension Plan for the period January 1, 2006, to December 31, 2008. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards* applicable to performance audits issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. Lower Makefield Township contracted with an independent certified public accounting firm for annual audits of its basic financial statements which are available at the township's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Township officials are responsible for establishing and maintaining an internal control structure to provide reasonable assurance that the Lower Makefield Township Nonuniformed Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. To assist us in planning and performing our audit, we obtained an understanding of the township's internal control structure as it relates to the township's compliance with those requirements. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objective.

The results of our tests indicated that, in all significant respects, the Lower Makefield Township Nonuniformed Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Incorrect Data On Certification Form AG 385 Resulting In A Net  
Overpayment Of State Aid

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Lower Makefield Township and, where appropriate, their responses have been included in the report.

July 23, 2009

JACK WAGNER  
Auditor General

LOWER MAKEFIELD TOWNSHIP NONUNIFORMED PENSION PLAN  
FINDING AND RECOMMENDATION

Finding – Incorrect Data On Certification Form AG 385 Resulting In A Net Overpayment Of State Aid

Condition: The township failed to certify 2 eligible nonuniformed employees (2 units) in 2008 on Certification Form AG 385. In addition, the township certified one ineligible police officer (2 units) and certified one ineligible nonuniformed employee (1 unit) in 2007 on Certification Form AG 385.

Criteria: Pursuant to Act 205, at Section 402(e)(2), an employee who has been employed on a full-time basis for at least six consecutive months and has been participating in a pension plan during the certification year is eligible for certification.

Cause: Plan officials were unaware of the applicable Act 205 guidelines for the certification of eligible employees.

Effect: The data submitted on these certification forms is used, in part, to calculate the state aid due to the municipality for distribution to its pension plans. Because the township’s state aid allocations were based on unit value, the township received an overpayment of state aid in the amount of \$3,246 as identified below:

<u>Year</u>	<u>Type Of Plan</u>	<u>Units Overstated (Understated)</u>	<u>Unit Value</u>	<u>State Aid Overpayment (Underpayment)</u>
2008	Nonuniformed	(2)	\$ 3,186	\$ (6,372)
2007	Police	2	\$ 3,206	6,412
	Nonuniformed	1	\$ 3,206	<u>3,206</u>
Total Net Overpayment of State Aid				<u>\$ 3,246</u>

In addition, the township used the overpayment of state aid to pay the minimum municipal obligation (MMO) due to the nonuniformed pension plan; therefore, if the reimbursement to the Commonwealth is made from the pension plan, the plan’s MMO will not be fully paid.

LOWER MAKEFIELD TOWNSHIP NONUNIFORMED PENSION PLAN  
FINDING AND RECOMMENDATION

Finding – ( Continued)

Recommendation: We recommend that the net overpayment of state aid, in the amount of \$3,246, be returned to the Commonwealth. A check in this amount, with interest compounded annually from date of receipt to date of repayment, at a rate earned by the pension plan, should be made payable to: Commonwealth of Pennsylvania and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 1205 Pittsburgh State Office Building, 300 Liberty Avenue, Pittsburgh, PA 15222. A copy of the interest calculation must be submitted along with the check.

We also recommend that, in the future, plan officials comply with the instructions that accompany Certification Form AG 385 to assist them in accurately reporting the required pension data.

In addition, if the reimbursement to the Commonwealth is made from pension plan funds, we recommend that any resulting MMO deficiency be paid to the pension plan with interest, at a rate earned by the pension plan.

Management's Response: Municipal officials agreed with the finding without exception.

LOWER MAKEFIELD TOWNSHIP NONUNIFORMED PENSION PLAN  
 SUPPLEMENTARY INFORMATION  
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2003, is as follows:

	(1)	(2)	(3)	(4)	(5)	(6)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	Unfunded (Assets in Excess of) Actuarial Accrued Liability as a % of Payroll [(b-a)/(c)]
01-01-03	\$ 2,302,164	\$ 2,878,254	\$ 576,090	80.0%	\$ 1,629,357	35.4%
01-01-05	2,977,214	3,986,028	1,008,814	74.7%	1,740,803	58.0%
01-01-07	3,907,249	4,426,551	519,302	88.3%	1,592,265	32.6%

Note: The market value of the plan's assets at 01-01-03 has been adjusted to reflect the smoothing of gains and/or losses over a 4-year averaging period. This method will lower contributions in years of less than expected returns and increase contributions in years of greater than expected returns. The net effect over long periods of time is to have less variance in contribution levels from year to year.

LOWER MAKEFIELD TOWNSHIP NONUNIFORMED PENSION PLAN  
SUPPLEMENTARY INFORMATION  
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.

LOWER MAKEFIELD TOWNSHIP NONUNIFORMED PENSION PLAN  
SUPPLEMENTARY INFORMATION  
(UNAUDITED)

SCHEDULE OF CONTRIBUTIONS FROM EMPLOYER  
AND OTHER CONTRIBUTING ENTITIES

Year Ended December 31	Annual Required Contribution	Percentage Contributed
2003	\$ 142,427	100.0%
2004	163,969	100.0%
2005	203,574	100.0%
2006	280,732	100.0%
2007	268,812	100.0%
2008	241,835	100.0%

LOWER MAKEFIELD TOWNSHIP NONUNIFORMED PENSION PLAN  
SUPPLEMENTARY INFORMATION  
NOTES TO SUPPLEMENTARY SCHEDULES  
(UNAUDITED)

The information presented in the required supplementary schedules was determined as part of the actuarial valuation at the date indicated. Additional information as of the latest actuarial valuation date follows:

Actuarial valuation date	January 1, 2007
Actuarial cost method	Entry age normal
Amortization method	Level dollar
Remaining amortization period	15 years
Asset valuation method	Market value
Actuarial assumptions:	
Investment rate of return *	8.0%
Projected salary increases *	5.0%
* Includes inflation at	Not disclosed
Cost-of-living adjustments	None assumed
