## **Report of Independent Auditors**

The Honorable Tom Corbett  
Governor  
Commonwealth of Pennsylvania  
Harrisburg, Pennsylvania 17120

Dear Governor Corbett:

We have conducted an audit of the Delaware County Assistance Office (CAO), Crosby District, pursuant to Section 109.1 of Title 55 of the Pennsylvania Code and Sections 402 and 403 of the Fiscal Code. Delaware County, Crosby District, falls under The Department of Public Welfare's (DPW's) HealthChoices mandatory managed care program. The audit period was November 18, 2006 through December 11, 2009. The objective of our audit was to determine whether the CAO made proper eligibility determinations for recipients of Medicaid.

When recipients are not eligible for Medicaid, the cost to Pennsylvania taxpayers of the resulting improper payments could be significant. For individuals receiving health care services through a managed care organization (MCO), a set monthly capitation fee is paid to the MCO even if the recipient did not receive services during the period of ineligibility. For individuals not in an MCO, the amount of improper payments depends on the cost of services received by individuals during periods of ineligibility.

Our audit resulted in the following finding.

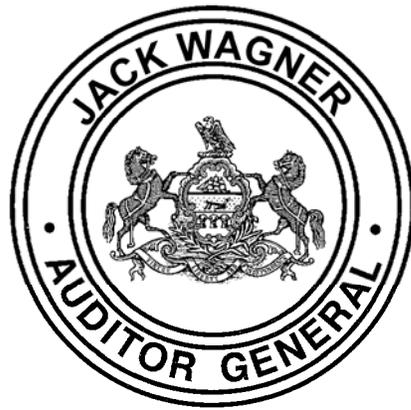

Finding - Failure To Make Proper Medicaid Eligibility Determinations

During the exit conference, we reviewed this finding and recommendations with the Delaware CAO, Crosby District, management. We have included the CAO and DPW management comments, where applicable, in this report.

Sincerely,

JACK WAGNER  
Auditor General

July 2, 2012

**Commonwealth of Pennsylvania  
Department of Public Welfare  
Delaware County Assistance Office  
Crosby District**

**BACKGROUND INFORMATION**

## ***Background Information***

---

---

Medicaid, also known as DPW's medical assistance program is the federal health care program for families and individuals with low income and resources. It is funded jointly by the state and the federal governments. DPW administers the program while the federal Centers for Medicare and Medicaid (CMS) establishes requirements for service delivery, quality and eligibility standards.

Eligibility determinations are based on federal and state regulations specifying which individuals qualify for a program and the amounts for which they qualify. The Code of Federal Regulations (CFR) contains the applicable federal regulations. The Pennsylvania Code contains the applicable state regulations.

Relevant information about recipients is recorded and maintained in DPW's Client Information System (CIS). This information is used to determine eligibility status and category of aid. The CAO updates information on CIS when new information becomes available.

CAO personnel utilize DPW's Income Eligibility Verification System (IEVS) to compare income and resource information with income and resource information obtained from outside sources. IEVS is updated on a regular basis with information from several sources including wage information from the Department of Labor and Industry, benefit information from the Social Security Administration, and tax and unearned income information from the Internal Revenue Service (IRS). CAO caseworkers are required to review this information at the time of application, when the recipient submits his/her semi-annual reporting (SAR) form and at the annual renewal. Caseworkers receive alerts when they are required to review certain information between the application date, the SAR and at the time of the annual renewal.

Crosby District**

**OBJECTIVES, SCOPE, AND METHODOLOGY**

## ***Objectives, Scope, And Methodology***

---

---

To achieve our audit objectives regarding eligibility, we obtained a quarterly data file from the Department of Public Welfare of all recipients determined by the CAO to be eligible for Medicaid benefits as of June 30, 2009. We selected a random sample of 148 cases from the 14,292 cases related to our audit objectives for the Delaware CAO, Crosby District represented in the data file. Our audit period was November 18, 2006 to December 11, 2009; however, in cases where we determined that an ineligible individual was receiving Medicaid benefits, we expanded our test work through the last date of his or her ineligibility.

For each case selected in our sample, we tested certain aspects of eligibility, including income, disability, citizenship and identity, and other non-financial eligibility requirements to determine compliance with DPW regulations and administrative policies.

The criteria we used to test cases in our sample include the Code of Federal Regulations and the Pennsylvania Code, Title 55.

It is DPW's position that current law does not allow DPW to provide all federal and state wage and unearned income information to the Department of the Auditor General. DPW provided us with most, but not all, federal and state wage and unearned income information. DPW did not give us access to IRS-reported wage and income data. This scope limitation prevents us from confirming that all available resources were included in calculating recipients' eligibility for benefits.

**FINDING AND RECOMMENDATIONS**

## ***Finding and Recommendations***

---

---

The random sample contained 148 out of 14,292 Medicaid cases. The following finding addresses areas where deficiencies occurred:

### **Finding - Failure To Make Proper Medicaid Eligibility Determinations**

During our audit we found that CAO management failed to ensure that eligibility requirements were met in 23 of the 148, or 16% of the cases we tested. Recipients in these cases may have been over the income limit. In 17 of these cases, recipients were not eligible for Medicaid benefits, and in 4 additional cases the recipients had periods of ineligibility and periods where they were placed in the incorrect category of aid. In 20 of these 21 cases, benefits were paid while the recipients were ineligible. As a result, improper payments of \$160,697 were issued to both managed care organizations and individual providers on behalf of recipients,<sup>1</sup> as shown in Table 1, beginning on page 9 of this report. Specifically, improper payments of \$124,800 were issued to managed care organizations in the form of monthly capitation fees and \$35,897 was paid to providers for medical claims submitted on behalf of recipients. Payments made on behalf of ineligible recipients cannot be recouped by the Commonwealth from MCOs, due to contractual obligations, or from individual providers, who billed the Commonwealth in good faith. Therefore, it is important for DPW to monitor recipients' eligibility, immediately identify ineligible recipients, and stop payment of benefits on their behalf. The lack of proper monitoring increases the risk of payment to an ineligible recipient and creates an atmosphere that could result in potential fraud.

In 2 of the 23 cases, recipients were placed in the incorrect category of aid although they had no periods of ineligibility. Failure to place recipients in the proper category of aid could result in recipients receiving services for which they are not entitled, or being denied services for which they are entitled. Also, because capitation payment amounts vary depending on the category of aid, MCOs could be receiving erroneous capitation payments as a result of a recipient not being placed in the proper category of aid.

Because we do not have access to all wage and unearned income information as noted in our scope limitation described on page 6 of this report, we were not able to ascertain whether CAO personnel utilized all available wage and unearned income information to

---

<sup>1</sup> In a fee-for-service environment providers are paid directly for services they provide to recipients. In a managed care environment, contracted managed care organizations are paid a set monthly capitation fee for all members of their organization whether or not members (recipients) received services. The managed care organization is then responsible to pay providers of services.

---

## ***Finding and Recommendations***

---

determine Medicaid eligibility. As a result, additional improper payments could have been made and not discovered during our audit.

The Medicaid Eligibility Handbook provides criteria to assist the CAO in making proper eligibility determinations.

These improper eligibility determinations occurred because:

- CAO management did not monitor to ensure that citizenship and identity of recipients were verified during the application and renewal process.
- CAO management did not monitor to ensure that income from IEVS alerts was properly reconciled with reported income.
- CAO management did not monitor to ensure that recipients appealed unfavorable Social Security Administration (SSA) decisions.
- At the time of our audit, DPW's policy did not require a review of income from ongoing employment when the information became available on IEVS. Instead, DPW's policy required that information regarding ongoing employment be reviewed only during a recipient's annual renewal.

**Table**

	Audit Sample Number	Ineligibility Period		Benefits Paid
		From	To	
1.	MA-14	09/08/07	10/22/07	\$151.09
		09/22/08	09/16/09	6,144.07
2.	MA-24	01/28/07	10/13/09	21,704.55
3.	MA-23	11/05/07	09/30/09	5,650.20
4.	MA-49	07/13/09	12/03/09	1,674.74
5.	MA-85	05/01/08	06/30/08	856.26
6.	MA-112	01/08/08	06/30/09	7,627.68

## ***Finding and Recommendations***

---

**Table (Continued)**

	Audit Sample Number	Ineligibility Period		Benefits Paid
		From	To	
7.	MA-117	09/11/07	03/25/08	\$2,477.33
		02/01/09	08/05/09	3,217.74
8.	MA-57	09/23/08	11/24/09	8,942.10
9.	MA-137	12/27/08	12/01/09	16,565.08
10.	MA-77	07/01/07	12/31/07	1,494.35
11.	MA-149	06/04/09	12/09/09	2,859.16
12.	MA-94	06/01/09	08/29/09	1,247.18
13.	MA-71	12/31/07	12/04/09	10,891.83
14.	MA-52	11/01/07	01/31/08	753.21
		04/01/08	06/30/08	451.25
15.	MA-114	01/01/08	02/28/08	506.03
16.	MA-21	07/01/08	08/31/08	538.79
17.	MA-33	07/09/07	11/02/09	5,535.02
18.	MA-20	02/11/08	09/25/09	21,441.70
19.	MA-05	03/31/07	06/12/07	13,058.50
		10/01/07	09/30/09	22,053.22
20.	MA-03	02/05/07	11/13/07	2,319.91
		11/13/08	09/30/09	2,536.18
	<b>Totals</b>			<b>\$160,697.17</b>

We recommend that:

- CAO management ensure that personnel verify citizenship and identity during the application and renewal process.
- CAO management ensure that caseworkers properly reconcile reported income with IEVS alerts.
- CAO management ensure that personnel understand the eligibility requirements pertaining to SSA requirements.

## ***Finding and Recommendations***

---

Subsequent to the period under review, effective December 14, 2009, DPW management implemented Data Exchange Targeting Logic enhancements to require a review of income from ongoing employment when the information becomes available on IEVS.

During our next audit, we will examine the implementation of these additional procedures to determine whether or not it adequately addresses the deficiencies noted in this report.

### **DPW's Management Response**

DPW disagrees with this finding. DPW, along with the CAO, reviewed the cases that the auditor cited as deficiencies and does not agree with all the exceptions cited as deficiencies for the individual cases. When DPW evaluates for Medicaid, it also evaluates for state-funded General Assistance (GA)-related MA categories. Although the procedures in place during the audit period (which extends back to November 18, 2006) worked well and were effective, it should be noted that since that time additional procedures have been implemented to make the monitoring even better and to further ensure that recipients are meeting eligibility requirements. The following responses to the issues identified by the AG support DPW's position on this finding.

Under current policy, anyone applying for or receiving medical benefits, whether federally-funded or state-funded, must verify identity (MA Handbook Section 320.1) and anyone applying for or receiving medical benefits, whether federally-funded or state-funded, must verify citizenship status (MA Handbook 322.1). Only those requesting or receiving medical benefits must provide the verification; other household members who do not wish to receive medical benefits or do not meet criteria for medical benefits do not have to provide verification. If an individual does not have or cannot obtain satisfactory verification of identity or citizenship, proof that the client is attempting to obtain the verification is sufficient. System upgrades were made on June 7, 2010 on the Client Information System (CIS) to automatically verify citizenship and identity by linking to the Social Security Administration (SSA) through the Master Client Index (MCI). Per Operations Memorandum 100602, when a case initiation is

## ***Finding and Recommendations***

---

completed on a new application, a request for electronic verification is sent out and response is received in two or three days. The CAO must verify, through the Systematic Alien Verification for Entitlements (SAVE) Program, the immigration status of all aliens who receive cash assistance, Supplemental Nutrition Assistance Program (SNAP), or medical assistance (Supplemental Handbook Section 740.1). If a citizenship or identity verification is needed for a newborn, it is requested at the Annual Renewal (MA Handbook Section 322.11). If during a renewal the caseworker notices that identity or citizenship has not been verified, they will request the verification. If the client fails to provide the requested verification or provide proof that they are attempting to secure verification, the caseworker discontinues the client's benefits.

During September of 2008, with the implementation of Workload Dashboard, training was provided to caseworkers that included an extensive review of the IEVS processing procedures. CAO management has the ability to scrutinize the Workload Dashboard of all CAO staff to ensure that IEVS alerts are addressed timely.

When the Medical Review Team (MRT) certifies a client disabled, the disability continues as long as the MRT has certified the disability. If the client reports change in medical condition, another MRT determination is needed to re-evaluate the client's condition. The MRT determination can be found using the AppMap system, or the MRT may provide a hard copy for the case file (MA Handbook Section 305.25). Alerts are created when a disability end date is set to expire on the CADISB screen. CAO management has the ability to monitor these alerts through the Workload Dashboard.

If the Disability Advocacy Program (DAP) advocate deems that the client does not have a reasonable chance of being determined eligible for Social Security benefits after the initial Social Security denial, the client does not have to continue the appeal process (Supplemental Handbook Section 820.64).

Daily Status D3306 (Data Exchange Targeting Enhancements) was put into effect on December 14, 2009. Under the new enhancements, more alerts or "hits" are received, specifically for MA only budgets. Combined

## ***Finding and Recommendations***

---

income is reported on all active matched individuals in one budget level hit. Under the new rules, any wage data received for an applicant within 180 days of the application date or any new hire data received for an applicant within 180 days of the application date or any new hire data received for an applicant within 90 days of the application date will post a hit. Any Unemployment Compensation (UC) data received for an applicant will post a hit when the most recent UC check is within 90 days of the application date. Individual hits will post when the combined earned income of all active matched individuals increases by more than \$100 per month, or when UC income of all active matched individuals increases by more than \$50 per month.

Workload Dashboard was introduced during September of 2008, providing Income Maintenance Caseworkers (IMCWs) and CAO management with a system that more easily allows for tracking of applications and maintenance requirements on case records.

Supervisors are required to review three records per worker every month to ensure that all factors of eligibility are addressed. Management will ensure that reviews occur and areas of concern are addressed.

Supervisors hold monthly meetings to review findings from previous audits and to review policy with IMCWs to ensure that the audit findings are addressed. Supervisors also hold individual monthly conferences to review each worker's Comprehensive Supervisory Review (CSR) results and to offer additional individual training to ensure that compliance with policy is maintained.

The procedures for providing assistance to recipients when applying for and obtaining Social Security Administration (SSA) benefits as described in DPW's response to this finding will be reviewed with IMCWs to assure that DPW policy is followed.

CAO management has placed more emphasis on scanning/imaging of all documentation in an attempt to cut down on misplaced or repetitive verification. This also allows IMCWs at different CAOs to view verification that may have been previously been submitted in another county.

## ***Finding and Recommendations***

---

Desk guides are available for caseworkers and OIM staff on the following:

- Reporting requirements (Semi-Annual Reporting) for all budgets
- Income and Eligibility Verification System (IEVS) desk guide
- U. S. Citizenship and Identity desk guide
- Medical Eligibility Determination Automation (MEDA) desk references

### **Auditor's Conclusion**

We acknowledge DPW's efforts to review and revise procedures to ensure proper eligibility determinations are made. During our next audit we will examine the implementation of DPW's additional procedures, including the Workload Dashboard and Data Exchange Targeting Enhancements, to determine whether or not those procedures address the deficiencies noted in this report.

It is clear that the procedures in place during the audit period were not adequate to ensure proper eligibility determinations were consistently made. It is also clear that payments to managed care organizations or medical providers on behalf of recipients did not cease when some recipients were no longer eligible.

Deficiencies we detected related to MRT typically involved children who are eligible for a specific category of medical coverage. These children need medical coverage and they are eligible for coverage. In these cases the children were provided medical coverage under a SSI related or Healthy Horizons category which have higher capitation fees when the children should have been provided coverage under a Money Payment or Healthy Beginnings category which have lower capitation fees.

Lastly, proof of identity and citizenship for those requesting and receiving medical benefits was not always present in the case records. When proof of identity or citizenship was missing from a case record we provided an opportunity for it to be produced. When proof was not provided we determined the recipient was not eligible and that benefits should not have been paid on their behalf.
