EUGENE A. DePASQUALE
AUDITOR GENERAL

Dr. Michael O'Brien, Superintendent
West Perry School District
2606 Shermans Valley Road
Elliottsburg, Pennsylvania 17024

Mr. Charles Thiemann, Board President
West Perry School District
2606 Shermans Valley Road
Elliottsburg, Pennsylvania 17024

Dear Dr. O'Brien and Mr. Thiemann:

We have conducted a performance audit of the West Perry School District (District) for the period November 6, 2012 through August 5, 2015. We evaluated the District's performance in following areas:

- Academics
- Contracting
- School Safety
- Bus Driver Requirements
- Administrator Contract Buy-Out

The audit was conducted pursuant to Section 403 of The Fiscal Code, 72 P.S. § 403, and in accordance with the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit found that the District performed adequately in the areas listed above.

We appreciate the District's cooperation during the course of the audit.

Sincerely,

A handwritten signature in black ink, appearing to read "Eugene A. DePasquale".

Eugene A. DePasquale
Auditor General

December 23, 2015

Findings and Observations

For the audited period, our audit of the District resulted in no findings or observations.

Status of Prior Audit Findings and Observations

Our prior audit of the District released on April 3, 2013, resulted in one finding. As part of our current audit, we determined the status of corrective action taken by the District to implement our prior audit recommendations. We reviewed the District's written response provided to the Pennsylvania Department of Education (PDE), interviewed District personnel, and performed audit procedures as detailed in each status section below.

Auditor General Performance Audit Report Released on April 3, 2013

Prior Finding: **Internal Control Weaknesses Regarding Pupil Membership Procedures**

Prior Finding Summary:

Our prior audit of child accounting data for 2008-09 and 2009-10 school years found that District personnel were not able to provide all the documents necessary to verify the accuracy of pupil membership data reported to PDE for both school years.

Prior Recommendations:

Our prior audit finding recommended that the District should:

1. Develop and implement written procedures to address the collection, reporting, and reconciling of district-generated student detail reports to the final PDE reports for all resident and non-resident students.
2. Review its child accounting procedures and analyze whether the decentralized approach is the best method of collecting and reporting data accurately for the District.
3. Perform routine reconciliation to ensure that data from the District's student information system matches the data being processed by the Pennsylvania Information Management System (PIMS) reports.
4. Maintain registration forms, entry and withdrawal forms, and student snapshot documentation for all students.
5. Develop written procedures to ensure continuity over PIMS data submission to minimize risk in the event of personnel turnover.

6. Review reports for years subsequent to audit and, if errors are noted, submit revised reports to PDE.

Current Status:

During our current audit, we interviewed District administrators, obtained documentary evidence, performed audit procedures, and verified the District did implement our prior recommendations.

Appendix: Audit Scope, Objectives, and Methodology

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, PDE, and other concerned entities.

Our audit, conducted under authority of Section 403 of The Fiscal Code,¹ is not a substitute for the local annual financial audit required by the Public School Code of 1949 (PSC), as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit.

Scope

Overall, our audit covered the period November 6, 2012 through August 5, 2015. In addition, the scope of each individual audit objective is detailed on the next page.

While all districts have the same school years, some have different fiscal years. Therefore, for the purposes of our audit work and to be consistent with PDE reporting guidelines, we use the term *school year* rather than fiscal year throughout this report. A school year covers the period July 1 to June 30.

The District's management is responsible for establishing and maintaining effective internal controls² to provide reasonable assurance that the District is in compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures (relevant requirements). In conducting our audit, we obtained an understanding of the District's internal controls, including any information technology controls, that we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in internal controls that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

¹ 72 P.S. § 403

² Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as: effectiveness and efficiency of operations; relevance and reliability of operational and financial information; and compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures.

Objectives/Methodology

In order to properly plan our audit and to guide us in selecting objectives, we reviewed pertinent laws and regulations, board meeting minutes, academic performance data, financial reports, annual budgets, and new or amended policies and procedures. We also determined if the District had key personnel or software vendor changes since the prior audit.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws, regulations, third-party studies, and best business practices. Our audit focused on the District's performance in the following areas:

- Academics
- Contracting
- School Safety
- Bus Driver Requirements
- Administrator Contract Buy-Out

As we conducted our audit procedures, we sought to determine answers to the following questions, which served as our audit objectives:

- ü Did the LEA's Board of School Directors (Board) and administration maintain best practices in governing academics and student achievement by developing and executing a plan to improve student academic performance at its underperforming school buildings?
 - o To address this objective, we considered a variety of District and school level academic results for the 2007-08 through 2012-13 school years to determine if the District had schools not meeting statewide academic standards established by PDE.³ Since underperforming schools were identified, we selected both underperforming District schools for further review. This review consisted of conducting interviews with the Superintendent and any other designated employees and reviewing required School Improvement Plans to determine if the selected underperforming schools have established goals for improving academic performance, are implementing goals, and are appropriately monitoring the implementation of these goals.

- ü Did the District ensure that its significant contracts were current and were properly obtained, approved, executed, and monitored?
 - o To address this objective, we reviewed the District's procurement and contract monitoring policies and procedures. We obtained contracts for goods and

³ Academic data for the District and its school buildings included a five year trend analysis of Adequate Yearly Progress (AYP) results from the 2007-08 through 2011-12 school years. Pennsylvania System of School Assessment results in Math and Reading for the "all students" group for the 2011-12 and 2012-13 school years. School Performance Profile scores for the 2012-13 school year, and federal accountability designations (i.e. Priority, Focus, Reward, and No Designation) for Title I schools for the 2012-13 school year. All of the academic data standards and results we examined originated with PDE.

services that were in effect for the 2014-15 school year. We selected two significant contracts for detailed testing. Testing included a review of the procurement documents to determine if the contract was procured in accordance with the PSC and District policies. We also reviewed documents to determine if the District properly monitored the selected contracts. Finally, we reviewed board meeting minutes and the Board's Statements of Financial Interest to determine if any board member had a conflict of interest in approving the selected contracts.

Ü Did the District take appropriate actions to ensure it provided a safe school environment?

- To address this objective, we conducted a review of the prior audit deficiencies to assess whether the District had implemented basic safety practices.

Ü Did the District ensure that bus drivers transporting District students had the required driver's license, physical exam, training, background checks, and clearances as outline in applicable laws?⁴ Also, did the District have adequate written policies and procedures governing the hiring of new bus drivers?

- To address this objective, we selected 5 of the 23 bus drivers hired by District bus contractors, during the school year July 1, 2014 through June 30, 2015, and reviewed documentation to ensure the District complied with bus driver's requirements. We also determined if the District had written policies and procedures governing the hiring of bus drivers and if those procedures were sufficient to ensure compliance with bus driver hiring requirements.

Ü Did the District pursue a contract buy-out with an administrator and if so, what was the total cost of the buy-out, what were the reasons for the termination/settlement, and did the current employment contract(s) contain adequate termination provisions and were the termination provisions followed?

- To address this objective, we reviewed the contracts, settlement agreements, board meeting minutes, board policies, and payroll records for the two administrators who separated from employment with the District during the period November 6, 2012 through August 5, 2015.

⁴ 24 P.S. § 1-111, 23 Pa.C.S. § 6344(a.1), 24 P.S. § 2070.1a *et seq.*, 75 Pa.C.S. §§ 1508.1 and 1509, and 22 *Pa. Code Chapter 8*.

Distribution List

This report was initially distributed to the Superintendent of the District, the Board of School Directors, and the following stakeholders:

The Honorable Tom W. Wolf

Governor
Commonwealth of Pennsylvania
Harrisburg, PA 17120

The Honorable Pedro A. Rivera

Secretary of Education
1010 Harristown Building #2
333 Market Street
Harrisburg, PA 17126

The Honorable Timothy Reese

State Treasurer
Room 129 - Finance Building
Harrisburg, PA 17120

Mrs. Danielle Mariano

Director
Bureau of Budget and Fiscal Management
Pennsylvania Department of Education
4th Floor, 333 Market Street
Harrisburg, PA 17126

Dr. David Wazeter

Research Manager
Pennsylvania State Education Association
400 North Third Street - Box 1724
Harrisburg, PA 17105

Mr. Lin Carpenter

Assistant Executive Director for Member Services
School Board and Management Services
Pennsylvania School Boards Association
P.O. Box 2042
Mechanicsburg, PA 17055

ⁱⁱⁱ Source: United States Census <http://www.census.gov/2010census>

^{iv} PSSA stands for the Pennsylvania System of School Assessment (PSSA), which is composed of statewide, standardized tests administered by PDE to all public schools and the reporting associated with the results of those assessments. PSSA scores in the tables in this report reflect Reading and Math results for the “All Students” group for the 2011-12 and 2012-13 school years.

^v PSSA scores, which are Pennsylvania’s mandatory, statewide academic test scores, are issued by PDE. However, the PSSA scores issued by PDE are collected by an outside vendor, Data Recognition Corporation (DRC). The Pennsylvania Department of the Auditor General and KPMG issued a significant weakness in internal controls over PDE’s compilation of this academic data in the Single Audit of the Commonwealth of Pennsylvania for the fiscal year ended June 30, 2014, citing insufficient review procedures at PDE to ensure the accuracy of test score data received from DRC.

^{vi} In the 2011-12 school year, the state benchmarks reflect the Adequate Yearly Progress targets established under No Child Left Behind. In the 2012-13 school year, the state benchmarks reflect the statewide goals based on annual measurable objectives established by PDE.

^{vii} SPP stands for School Performance Profile, which is Pennsylvania’s new method for reporting academic performance scores for all public schools based on a scale from 0% to 100% implemented in the 2012-13 school year by PDE.

^{viii} *Ibid.* Additionally, federal Title I designations of Priority, Focus, Reward, and No Designation are new federal accountability designations issued by PDE to Title I schools only beginning in the 2012-13 school year. Priority schools are the lowest 5%, focus schools are the lowest 10%, and reward schools are the highest 5% of Title I schools. All Title I schools not falling into one of the aforementioned percentage groups are considered “No Designation” schools. The criteria used to calculate the percentage rates is determined on an annual basis by PDE.

^{ix} Title I Federal accountability designations for Title I schools originate from PDE and are determined based on the number of students at the school who receive free and/or reduced price lunches. School lunch data is accumulated in PDE’s CN-PEARS system, which is customized software developed jointly with an outside vendor, Colyar, Inc. The Pennsylvania Department of the Auditor General and KPMG issued a significant deficiency in internal controls over the CN-PEARS system in the Single Audit of the Commonwealth of Pennsylvania for the fiscal year ended June 30, 2014.
