EUGENE A. DePASQUALE
AUDITOR GENERAL

Mr. Frank Galicki, Acting Superintendent
Tunkhannock Area School District
41 Philadelphia Avenue
Tunkhannock, Pennsylvania 18657

Mr. Philip Farr, Board President
Tunkhannock Area School District
41 Philadelphia Avenue
Tunkhannock, Pennsylvania 18657

Dear Mr. Galicki and Mr. Farr:

We have conducted a performance audit of the Tunkhannock Area School District (District) for the period September 12, 2013 through September 3, 2015. We evaluated the District's performance in the following areas:

- Academics
- Governance
- Administrator Contract Buy-out
- School Safety
- Bus Driver Requirements

The audit was conducted pursuant to Section 403 of The Fiscal Code and in accordance with the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit found that the District performed adequately in the areas listed above.

We appreciate the District's cooperation during the course of the audit.

Sincerely,

A handwritten signature in black ink that reads "Eugene A. DePasquale".

Eugene A. DePasquale
Auditor General

January 7, 2016

Findings and Observations

For the audited period, our audit of the District resulted in no findings or observations.

Status of Prior Audit Findings and Observations

Our prior audit of the District resulted in no findings or observations.

Appendix: Audit Scope, Objectives, and Methodology

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, the Pennsylvania Department of Education (PDE), and other concerned entities.

Our audit, conducted under authority of Section 403 of The Fiscal Code,¹ is not a substitute for the local annual financial audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit.

Scope

Overall, our audit covered the period September 12, 2013 through September 3, 2015. In addition, the scope of each individual audit objective is detailed on the next page.

While all districts have the same school years, some have different fiscal years. Therefore, for the purposes of our audit work and to be consistent with PDE reporting guidelines, we use the term *school year* rather than fiscal year throughout this report. A school year covers the period July 1 to June 30.

The District's management is responsible for establishing and maintaining effective internal controls² to provide reasonable assurance that the District is in compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures (relevant requirements). In conducting our audit, we obtained an understanding of the District's internal controls, including any information technology controls, that we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in internal controls that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

¹ 72 P.S. § 403

² Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as: effectiveness and efficiency of operations; relevance and reliability of operational and financial information; and compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures.

Objectives/Methodology

In order to properly plan our audit and to guide us in selecting objectives, we reviewed pertinent laws and regulations, board meeting minutes, academic performance data, financial reports, annual budgets, and new or amended policies and procedures. We also determined if the District had key personnel or software vendor changes since the prior audit.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws, regulations, third-party studies, and best business practices. Our audit focused on the District's efficiency and effectiveness in the following areas:

- Academics
- Governance
- Administrator Contract Buy-out
- School Safety
- Bus Driver Requirements

As we conducted our audit procedures, we sought to determine answers to the following questions, which served as our audit objectives:

- ü Did the LEA's Board of School Directors (Board) and administration maintain best practices in governing academics and student achievement by developing and executing a plan to improve student academic performance at its underperforming school buildings?
 - o To address this objective, we considered a variety of District and school level academic results for the 2007-08 through 2011-12 school years to determine if the District had schools not meeting statewide academic standards established by PDE.³ Since underperforming schools were identified, we selected one underperforming school for further review. This review consisted of conducting interviews with the Superintendent and any other designated employees and reviewing required School Improvement Plans and/or optional School Level Plans to determine if the selected underperforming school have established goals for improving academic performance, are implementing goals, and are appropriately monitoring the implementation of these goals.
- ü Did the LEA's Board and administration maintain best practices in overall organizational governance?

³ Academic data for the District and its school buildings included a five year trend analysis of Adequate Yearly Progress (AYP) results from the 2007-08 through 2011-12 school years, Pennsylvania System of School Assessment results in Math and Reading for the "all students" group for the 2011-12 and 2012-13 school years, School Performance Profile scores for the 2012-13 school year, and federal accountability designations (i.e. Priority, Focus, Reward, and No Designation) for Title I schools for the 2012-13 school year. All of the academic data standards and results we examined originated with PDE.

- To address this objective, we surveyed the District’s current Board, conducted in-depth interviews with the current Superintendent and his or her staff, reviewed board meeting books, policies and procedures, and reports used to inform the Board about student performance, progress in meeting student achievement goals, budgeting and financial position, and school violence data to determine if the Board was provided sufficient information for making informed decisions.
- Ü Did the District pursue a contract buy-out with an administrator and if so, what was the total cost of the buy-out, what were the reasons for the separation, and did the current employment contract contain adequate termination provisions and were the termination provisions followed?
- To address this objective, we reviewed the contract, settlement agreement, board meeting minutes, board policies, and payroll records for the one administrator who separated from employment with the District during the period July 1, 2012 through June 30, 2015. We determined the total cost of the buy-out, the reasons for the termination/settlement, whether the contract contained adequate termination provisions, and whether the termination provisions were followed.
- Ü Did the District take appropriate actions to ensure it provided a safe school environment?
- To address this objective, we reviewed a variety of documentation including safety plans, training schedules, anti-bullying policies, and after action reports. In addition, we conducted a follow-up review to assess whether the District had implemented basic safety practices to address prior audit weaknesses.
- Ü Did the District ensure that bus drivers transporting District students had the required driver’s license, physical exam, training, background checks, and clearances as outlined in applicable laws?⁴ Also, did the District have adequate written policies and procedures governing the hiring of new bus drivers?
- To address this objective, we selected 5 of the 18 bus drivers hired by District bus contractors, during the period of July 1, 2013 through June 30, 2015, and reviewed documentation to ensure the District complied with bus driver’s requirements. We also determined if the District had written policies and procedures governing the hiring of bus drivers and if those procedures were sufficient to ensure compliance with bus driver hiring requirements.

⁴ 24 P.S. § 1-111, 23 Pa.C.S. § 6344(a.1), 24 P.S. § 2070.1a *et seq.*, 75 Pa.C.S. §§ 1508.1 and 1509, and 22 *Pa. Code Chapter 8*.

Distribution List

This report was initially distributed to the Superintendent of the District, the Board of School Directors, and the following stakeholders:

The Honorable Tom W. Wolf

Governor
Commonwealth of Pennsylvania
Harrisburg, PA 17120

The Honorable Pedro A. Rivera

Secretary of Education
1010 Harristown Building #2
333 Market Street
Harrisburg, PA 17126

The Honorable Timothy Reese

State Treasurer
Room 129 - Finance Building
Harrisburg, PA 17120

Mrs. Danielle Mariano

Director
Bureau of Budget and Fiscal Management
Pennsylvania Department of Education
4th Floor, 333 Market Street
Harrisburg, PA 17126

Dr. David Wazeter

Research Manager
Pennsylvania State Education Association
400 North Third Street - Box 1724
Harrisburg, PA 17105

Mr. Lin Carpenter

Assistant Executive Director for Member Services
School Board and Management Services
Pennsylvania School Boards Association
P.O. Box 2042
Mechanicsburg, PA 17055

ⁱⁱⁱ Source: United States Census <http://www.census.gov/2010census>

^{iv} PSSA stands for the Pennsylvania System of School Assessment (PSSA), which is composed of statewide, standardized tests administered by PDE to all public schools and the reporting associated with the results of those assessments. PSSA scores in the tables in this report reflect Reading and Math results for the “All Students” group for the 2011-12 and 2012-13 school years.

^v PSSA scores, which are Pennsylvania’s mandatory, statewide academic test scores, are issued by PDE. However, the PSSA scores issued by PDE are collected by an outside vendor, Data Recognition Corporation (DRC). The Pennsylvania Department of the Auditor General and KPMG issued a significant weakness in internal controls over PDE’s compilation of this academic data in the Single Audit of the Commonwealth of Pennsylvania for the fiscal year ended June 30, 2014, citing insufficient review procedures at PDE to ensure the accuracy of test score data received from DRC.

^{vi} In the 2011-12 school year, the state benchmarks reflect the Adequate Yearly Progress targets established under No Child Left Behind. In the 2012-13 school year, the state benchmarks reflect the statewide goals based on annual measurable objectives established by PDE.

^{vii} SPP stands for School Performance Profile, which is Pennsylvania’s new method for reporting academic performance scores for all public schools based on a scale from 0% to 100% implemented in the 2012-13 school year by PDE.

^{viii} *Ibid.* Additionally, federal Title I designations of Priority, Focus, Reward, and No Designation are new federal accountability designations issued by PDE to Title I schools only beginning in the 2012-13 school year. Priority schools are the lowest 5%, focus schools are the lowest 10%, and reward schools are the highest 5% of Title I schools. All Title I schools not falling into one of the aforementioned percentage groups are considered “No Designation” schools. The criteria used to calculate the percentage rates is determined on an annual basis by PDE.

^{ix} Title I Federal accountability designations for Title I schools originate from PDE and are determined based on the number of students at the school who receive free and/or reduced price lunches. School lunch data is accumulated in PDE’s CN-PEARS system, which is customized software developed jointly with an outside vendor, Colyar, Inc. The Pennsylvania Department of the Auditor General and KPMG issued a significant deficiency in internal controls over the CN-PEARS system in the Single Audit of the Commonwealth of Pennsylvania for the fiscal year ended June 30, 2014.
