EUGENE A. DEPASQUALE AUDITOR GENERAL

Dr. Karen Downie, Superintendent Northwestern School District 100 Harthan Way Albion, Pennsylvania 16401 Mr. Gary Bilek, Board President Northwestern School District 100 Harthan Way Albion, Pennsylvania 16401

Dear Dr. Downie and Mr. Bilek:

We have conducted a performance audit of the Northwestern School District (District) for the period July 1, 2012 through June 30, 2015, except as otherwise indicated in the audit scope, objectives, and methodology section of the report. We evaluated the District's performance in the following areas:

- Hiring and Separations
- School Safety
- Bus Driver Requirements
- Conflict of Interest

The audit was conducted pursuant to Section 403 of The Fiscal Code, 72 P.S. § 403, and in accordance with the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit found that the District performed adequately in the areas listed above.

We appreciate the District's cooperation during the course of the audit.

Sincerely,

Eugent: O-Pasyn

Eugene A. DePasquale Auditor General

June 30, 2016

Findings and Observations

For the audited period, our audit of the District resulted in no findings or observations.

Status of Prior Audit Findings and Observations

Our prior audit of the District resulted in no findings or observations.

Appendix: Audit Scope, Objectives, and Methodology

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, the Pennsylvania Department of Education (PDE), and other concerned entities.

Our audit, conducted under authority of Section 403 of The Fiscal Code,¹ is not a substitute for the local annual financial audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit.

Scope

Overall, our audit covered the period July 1, 2012 through June 30, 2015. In addition, the scope of each individual audit objective is detailed on the next page.

The District's management is responsible for establishing and maintaining effective internal controls² to provide reasonable assurance that the District is in compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures (relevant requirements). In conducting our audit, we obtained an understanding of the District's internal controls, including any information technology controls, that we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in internal controls that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

¹ 72 P.S. § 403.

² Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as: effectiveness and efficiency of operations; relevance and reliability of operational and financial information; and compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures.

Objectives/Methodology

In order to properly plan our audit and to guide us in selecting objectives, we reviewed pertinent laws and regulations, board meeting minutes, academic performance data, financial reports, annual budgets, and new or amended policies and procedures. We also determined if the District had key personnel or software vendor changes since the prior audit.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws, regulations, third-party studies, and best business practices. Our audit focused on the District's efficiency and effectiveness in the following areas:

- Hiring and Separations
- School Safety
- Bus Driver Requirements
- Conflict of Interest

As we conducted our audit procedures, we sought to determine answers to the following questions, which served as our audit objectives:

- **ü** Did the LEA follow the Public School Code and best practices when hiring new staff?
 - To address this objective, we obtained and reviewed the District's hiring policies and procedures. We selected the last three employees hired by the District for the 2015-16 school year, and reviewed documentation to determine if the District complied with the Public School Code, District policies and procedures, and best practices in hiring new employees. Employees tested included both certified and non-certified employees.
- **ü** Did the District take appropriate actions to ensure it provided a safe school environment?
 - To address this objective, we reviewed a variety of documentation including, safety plans, training schedules, anti-bullying policies, and after action reports. In addition, we conducted on-site reviews at one school building to assess whether the District had implemented basic safety practices.
- **Ü** Did the District ensure that bus drivers transporting District students had the required driver's license, physical exam, training, background checks, and clearances as outline in applicable laws?³ Also, did the District have adequate written policies and procedures governing the hiring of new bus drivers?

³ 24 P.S. § 1-111, 23 Pa.C.S. § 6344(a.1), 24 P.S. § 2070.1a *et seq.*, 75 Pa.C.S. §§ 1508.1 and 1509, and 22 *Pa. Code Chapter 8*.

- To address this objective, we selected 5 of the 13 bus drivers hired by the District bus contractor, from July 1, 2015 through February 16, 2016, and reviewed documentation to ensure the District complied with bus driver's requirements. We also determined if the District had written policies and procedures governing the hiring of bus drivers and if those procedures were sufficient to ensure compliance with bus driver hiring requirements.
- **ü** Were votes made by the District's Board of School Directors free from apparent conflicts of interest?
 - To address this objective, we reviewed all 13 of the sitting and recent board members' employment history, Statements of Financial Interest, board meeting minutes, and any known outside relationships with the District.

^v PSSA scores, which are Pennsylvania's mandatory, statewide academic test scores, are issued by PDE. However, the PSSA scores issued by PDE are collected by an outside vendor, Data Recognition Corporation (DRC). The Pennsylvania Department of the Auditor General and KPMG issued a material weakness in internal controls over PDE's compilation of this academic data in the Single Audit of the Commonwealth of Pennsylvania for the fiscal year ended June 30, 2014, citing insufficient review procedures at PDE to ensure the accuracy of test score data received from DRC.

^{vi} In the 2011-12 school year, the state benchmarks reflect the Adequate Yearly Progress targets established under No Child Left Behind. In the 2012-13 school year, the state benchmarks reflect the statewide goals based on annual measurable objectives established by PDE.

^{vii} SPP stands for School Performance Profile, which is Pennsylvania's new method for reporting academic performance scores for all public schools based on a scale from 0% to 100% implemented in the 2012-13 school year by PDE.

^{viii} *Id.* Additionally, federal Title I designations of Priority, Focus, Reward, and No Designation are new federal accountability designations issued by PDE to Title I schools only beginning in the 2012-13 school year. Priority schools are the lowest 5%, focus schools are the lowest 10%, and reward schools are the highest 5% of Title I schools. All Title I schools not falling into one of the aforementioned percentage groups are considered "No Designation" schools. The criteria used to calculate the percentage rates is determined on an annual basis by PDE. ^{ix} Title I Federal accountability designations for Title I schools originate from PDE and are determined based on the number of students at the school who receive free and/or reduced price lunches. School lunch data is accumulated in PDE's CN-PEARS system, which is customized software developed jointly with an outside vendor, Colyar, Inc. The Pennsylvania Department of the Auditor General and KPMG issued a significant deficiency in internal controls over the CN-PEARS system in the Single Audit of the Commonwealth of Pennsylvania for the fiscal year ended June 30, 2014.

^{iv} PSSA stands for the Pennsylvania System of School Assessment (PSSA), which is composed of statewide, standardized tests administered by PDE to all public schools and the reporting associated with the results of those assessments. PSSA scores in the tables in this report reflect Reading and Math results for the "All Students" group for the 2011-12 and 2012-13 school years.
