Ms. Eileen Simmons  
Chief Financial Officer  
UPMC – Presbyterian Shadyside  
200 Lothrop Street  
Pittsburgh, Pennsylvania 15213

Dear Ms. Simmons:

The Tobacco Settlement Act of June 26, 2001 (P.L. 755, No. 77), as amended, 35 P.S. § 5701.101 et seq., mandated the Department of Public Welfare (DPW) to make payments to hospitals for a portion of uncompensated care services provided by these facilities. The Department of the Auditor General performed a review of UPMC – Presbyterian Shadyside’s hospital records to substantiate the data it submitted to the Pennsylvania Health Care Cost Containment Council (PHC4) and the Department of Public Welfare (DPW) for payments made under the Tobacco Settlement Act of June 26, 2001 (P.L. 755, No. 77), as amended, 35 P.S. § 5701.101 et seq. The DPW used this data to calculate the year 2012 uncompensated care payment of \$3,210,327.02 it made to your facility for uncompensated care services.

Beginning with payments made under Chapter 11 of the Tobacco Settlement Act of June 26, 2001 (P.L. 755, No. 77), as amended, 35 P.S. § 5701.101 et seq., in June 2002, hospitals that qualify can receive payments using either an uncompensated care approach or an extraordinary expense approach. The uncompensated care score of each hospital is determined by using three-year averages from five main data elements (for a total of fifteen data elements). These data elements are uncompensated care costs, net patient revenues, Medicare supplemental security income (Medicare SSI) days, Medical Assistance (MA) days and total inpatient days. A hospital qualifies for an extraordinary expense payment based on its number of qualified claims. Qualified claims are those claims in which the cost of the claim exceeds twice the average cost of all claims for that particular facility and for which the hospital provided inpatient services to an uninsured patient.

Per the requirements of the Tobacco Settlement Act of June 26, 2001 (P.L. 755, No. 77), as amended, 35 P.S. § 5701.101 et seq., the 2012 uncompensated care payment was to be calculated based on three-year averages of the above listed data elements for the fiscal years ended June 30, 2008, 2009, and 2010. However, due to errors in data used by the Centers for Medicare and Medicaid Services (CMS) to calculate the Medicare SSI days for the fiscal years ended June 30, 2006, 2007, 2008, and 2009, the DPW chose to calculate the 2012 Medicare SSI days data element based on three-year averages of Medicare SSI days for the fiscal years ended June 30, 2007, 2008, and 2009, as these years represent the most recent data available for Medicare SSI days.

The purpose of our review was to determine whether proper documentation existed for the 15 data elements utilized by the Department of Public Welfare in calculating the 2012 uncompensated care payment received by your facility. Our review consisted of verifying: your facility's documentation supporting the uncompensated care costs and net patient revenues submitted to the PHC4 for the fiscal years ended June 30, 2008, 2009, and 2010; patients' census records supporting MA days and total inpatient days, as included on your facility's Medical Assistance cost reports submitted to the DPW for the fiscal years ended June 30, 2008, 2009, and 2010; and the Medicare SSI days, as determined by the CMS for the fiscal years ended June 30, 2007, 2008, and 2009.

Additionally, the purpose of our review was to verify the calculation of the UC score used to determine whether a facility qualifies for uncompensated care payment and to calculate the amount of the payment. The UC score is the sum of the three-year averages of uncompensated care costs as a percentage of net patient revenue, Medicare SSI days as a percentage of total inpatient days, and MA days as a percentage of total inpatient days.

The results of our review disclosed that 13 of the 15 data elements utilized by the DPW to calculate the year 2012 uncompensated care payment were properly supported and reconciled to applicable supporting documentation. For the remaining 2 data elements, the following variances were noted:

- For the fiscal years ended June 30, 2008 and 2009, we found that total MA days were overstated by 66 and 265 days, respectively when comparing your facility's census records to the data utilized by the DPW to calculate your facility's payment. This overstatement was due to errors in 2008 FFS, HMO and out-of state days and 2009 FFS and HMO days, which are factors of total MA days, when reporting these data elements to the DPW by your facility.

The UC score used by the DPW to calculate the original payment was 25.42%. The results of our review determined that the UC score for UPMC – Presbyterian Shadyside Hospital should decrease to 25.39%. This revised score could affect your facility's eligibility for the 2012 uncompensated care payment.

Our office is currently reviewing all facilities that received uncompensated care payments for year 2012. Once all the reviews are completed, we will prepare a revised entitlement schedule based on the results of all our reviews and we will include that schedule in a final summary report to the DPW. After reviewing our summary report, the

DPW will contact you with instructions regarding the settlement of UPMC – Presbyterian Shadyside’s 2012 uncompensated care entitlement.

We thank the staff of UPMC – Presbyterian Shadyside for the cooperation extended to us during the course of our review. If you have any questions, please feel free to contact Tracie Fountain, CPA, Director, Bureau of Children and Youth Services at 717-787-1159.

Sincerely,

A handwritten signature in black ink, appearing to read "Eugene A. DePasquale". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
