Auditor General DePasquale Releases Audits for School Entities in Armstrong, Bucks, Cumberland, Mercer Counties

HARRISBURG – Auditor General Eugene DePasquale today announced the release of audit reports for three technical schools in Armstrong, Bucks and Cumberland counties; and one school district in Mercer County.

The Department of the Auditor General examines the records of school districts, charter schools, intermediate units, and area vocational-technical schools. The audits — among other things — assess whether or not school entities received the state subsidies and reimbursements to which they were entitled, accurately managed taxpayer funds, and complied with ethics codes. The audits also determine whether or not teachers and administrators were properly certified for the positions they held during the audit period.

The full audit reports are available online using the links provided below.
