Auditor General DePasquale Releases Audits for School Entities in Columbia, Northampton, Washington Counties

HARRISBURG – Auditor General Eugene DePasquale today announced the release of audit reports for school districts in Columbia and Northampton counties and one career and technical center in Washington County.

The Department of the Auditor General examines the records of school districts, charter schools, intermediate units, and area vocational-technical schools. The audits — among other things — assess whether or not school entities received the state subsidies and reimbursements to which they were entitled, accurately managed taxpayer funds, and complied with ethics codes. The audits also determine whether or not teachers and administrators were properly certified for the positions they held during the audit period.

The full audit reports are available online using the links provided below.

Columbia County

[Millville Area School District](#)

Complied, in all significant respects, with applicable state laws, contracts, grant requirements and administrative procedures.
