Auditor General DeFoor Announces County Children & Youth Agency Audits Released in First Quarter of 2024

HARRISBURG – The Department of the Auditor General released audits of nine county children and youth services agencies during the first quarter of 2024, Auditor General Timothy L. DeFoor said today.

“Our audits ensure that counties are properly using state funds to protect at-risk children,” DeFoor said.

By law, the department audits the fiscal reports that county CYS agencies submit to the Pennsylvania Department of Human Services (DHS) which document how state funds are used to protect children.

The audit reports, which were shared with counties and DHS upon completion, are available online using the links provided below:
