Auditor General DeFoor: 16 County Children & Youth Agency Audits Released in First Quarter of 2022

HARRISBURG – The Department of the Auditor General released audits of 16 county children and youth services agencies during the first quarter of 2022, Auditor General Timothy L. DeFoor said today.

“Our audits help to ensure that counties are properly using state funds to protect children,” DeFoor said.

By law, the department audits the fiscal reports that county CYS agencies submit to the Pennsylvania Department of Human Services (DHS) which document how state funds are used to protect children. The audit reports were shared with counties and DHS upon completion.
