Auditor General DePasquale Releases Audits for School Entities in Nine Counties

HARRISBURG – Auditor General Eugene DePasquale today announced the release of audit reports for an intermediate unit in Bucks County, a technical school in Dauphin County, a career center in Mercer County and school districts in Beaver, Butler, Columbia, Indiana, Lancaster, and Lebanon counties.

“My school audits help ensure every available dollar of education funding is focused on students to improve their learning experience,” DePasquale said.

The Department of the Auditor General examines the records of school districts, charter schools, intermediate units, and area vocational-technical schools. The audit assessments include whether school entities received the state subsidies and reimbursements to which they were entitled, accurately managed taxpayer funds, and complied with ethics codes. The audits also determine whether teachers and administrators were properly certified for the positions they held during the audit period.
