TIMOTHY L. DEFOOR AUDITOR GENERAL

Mr. Lucas McCluskey, President East Brady Volunteer Fireman's Relief Association Clarion County

We have conducted a compliance audit of the East Brady Volunteer Fireman's Relief Association (relief association) for the period January 1, 2019, to December 31, 2021. The audit was conducted pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania; Section 403 of The Fiscal Code, 72 P.S. § 403; and the Volunteer Firefighters' Relief Association Act ("VFRA Act"), see 35 Pa.C.S. § 7418.

The objectives of the audit were:

- 1. To determine if the relief association took appropriate corrective action to address the finding contained in our prior audit report.
- 2. To determine if the relief association complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds.

Our audit was limited to the areas related to the objectives identified above and was not, nor was it required to be, conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States.

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objectives. We believe that our audit provides a reasonable basis for our conclusions.

Based on our audit procedures, we conclude that, for the period January 1, 2019, to December 31, 2021:

- The relief association took appropriate corrective action to address the finding contained in our prior audit report.
- The relief association, in all significant respects, complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds, except as noted in the finding listed below and discussed later in this report.

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code¹, and the Volunteer Firefighters' Relief Association Act² ("VFRA Act"), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law³ (commonly referred to as Act 205) are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

The VFRA Act governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, the VFRA Act authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by the VFRA Act, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws, and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

² 35 Pa.C.S. § 7411 et seq. See specifically, 35 Pa.C.S. § 7418 (amended by Act 91 of 2020).

EAST BRADY VOLUNTEER FIREMAN'S RELIEF ASSOCIATION FINDING AND RECOMMENDATION

Finding - Failure To Deposit Proceeds From The Sale Of A Jointly Purchased Vehicle

Condition: In 2008, the relief association had expended \$25,000 towards the joint purchase of a 2008 Ford F550 with the affiliated fire company which had a total cost of \$58,812. The relief association entered into an agreement with the affiliated fire company dated February 18, 2008, where the relief association would receive the pro-rata share percentage of 42.51% if the vehicle was ever sold. In 2021, the jointly purchased vehicle was sold for \$39,000 and the relief association's pro-rata share was determined to be \$16,579. On October 18, 2021, the relief association received and deposited \$5,000 for their pro-rata share. As a result, the relief association did not receive and deposit its total proportional ownership interest of the proceeds due from the sale of the jointly purchased vehicle and is still owed \$11,579.

Criteria: Section 7418(a) of the VFRA Act states:

The Office of Auditor General shall have the power and its duty shall be to audit the accounts and records of every volunteer firefighters' relief association receiving money under Chapter 7 of the Act of December 18, 1984 (P.L. 1005, No. 205), known as the Municipal Pension Plan Funding Standard and Recovery Act, as far as may be necessary to satisfy the Auditor General that the money received was or is being expended for no purpose other than that authorized by this subchapter. Copies of all audits shall be furnished to the Governor.

Prudent business practice dictates that the relief association should secure its proportional ownership interest in the jointly purchased vehicle by executing a formal written agreement that enumerates the relief association's proportional share of financing. Such agreement shall specify that the relief association shall receive its prorated share of the proceeds upon sale of the vehicle, in the event the vehicle is ever sold. Once the vehicle is sold, the relief association officials should closely monitor all sales to ensure proceeds are received and timely deposited into a relief association account.

<u>Cause</u>: Relief association officials indicated that they thought the relief association only owned the rescue box portion of the vehicle instead of a percentage ownership of the total vehicle.

<u>Effect</u>: The failure to receive and deposit the total amount of proceeds due from the sale of a jointly purchased vehicle with the affiliated fire company places the relief association's ownership interest at greater risk. As a result, the relief association was unable to use the outstanding funds for general operating expenses or for investment purposes.

EAST BRADY VOLUNTEER FIREMAN'S RELIEF ASSOCIATION FINDING AND RECOMMENDATION

<u>Finding – (Continued)</u>

Recommendation: We recommend that the relief association be reimbursed the remaining \$11,579 for its pro-rata share of the proceeds due from the sale of the jointly purchased vehicle. We also recommend the relief association officials establish accounting and internal control procedures to ensure that all future proceeds resulting from the sale of a jointly purchased vehicle are timely received and deposited in a relief association account. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and, as a result of our audit, the affiliated fire company reimbursed the relief association \$11,579 on August 24, 2022, for the pro-rata share of the proceeds from the sale of the jointly purchased vehicle.

<u>Auditor's Conclusion</u>: We reviewed documentation verifying that the reimbursement of \$11,579 was received. Compliance for expenditures made during the next audit period will be subject to verification through our next audit.
