AUDITOR GENERAL**

Mr. Steve Arblaster, President
East Franklin Volunteer Fireman's
Relief Association
Armstrong County

We have conducted a compliance audit of the East Franklin Volunteer Fireman's Relief Association (relief association) for the period January 1, 2019, to December 31, 2022. The audit was conducted pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania; Section 403 of The Fiscal Code, 72 P.S. § 403; and the Volunteer Firefighters' Relief Association Act ("VFRA Act"), see 35 Pa.C.S. § 7418.

The objective of the audit was to determine if the relief association complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds. Our audit was limited to the areas related to the objective identified above and was not, nor was it required to be, conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States.

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief association funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objective. We believe that our audit provides a reasonable basis for our conclusions.

Based on our audit procedures, we conclude that, for the period January 1, 2019, to December 31, 2022, the relief association, in all significant respects, complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds, except as noted in the finding listed below and discussed later in this report.

Finding – Failure To Define Discretionary Benefits

The contents of this report were discussed with the management of the relief association and, where appropriate, their response has been included in the report. We would like to thank the relief association officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code¹, and the Volunteer Firefighters' Relief Association Act² ("VFRA Act"), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law³ (commonly referred to as Act 205) are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

The VFRA Act governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, the VFRA Act authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by the VFRA Act, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the relief association officers therefore have a responsibility to the public to conduct the relief association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all relief association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the relief association operates in accordance with applicable state laws, contracts, bylaws, and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

² 35 Pa.C.S. § 7411 *et seq.* See specifically, 35 Pa.C.S. § 7418 (amended by Act 91 of 2020).

³ 53 P.S. § 895.701 *et seq.* (Act 205 of 1984, as amended by Act 119 of 1990).

BACKGROUND – (Continued)

The relief association was allocated state aid from the following municipalities:

<u>Municipality</u>	<u>County</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>
East Franklin Township	Armstrong	\$21,224	\$21,350	\$19,172	\$22,645

EAST FRANKLIN TOWNSHIP VOLUNTEER FIREMAN'S RELIEF ASSOCIATION
FINDING AND RECOMMENDATION

Finding – Failure To Define Discretionary Benefits

Condition: The relief association did not formally define and approve discretionary benefits that were being offered to its members. During the current audit period, the relief association paid \$10,000 in discretionary benefits. Although these expenditures were authorized by the VFRA Act, the types, amounts, and criteria to be met before receiving the benefits were not described in a formal policy approved by the relief association membership.

Criteria: Section 7413 of the VFRA Act states that funds shall be available:

- (3) For payment, either by insurance or by operation of a beneficial fund, of a sum certain to designated beneficiaries of a participating member following the death of a member for any cause and to establish criteria which members must meet in order to qualify as participants in a death benefit fund. (Emphasis added.)
- (5) Financial assistance to volunteer firefighters who, after having actively participated in the fire service for a specified minimum term, are no longer physically able to continue participation and are in need of financial assistance. (Emphasis added.)

Furthermore, prudent business practice dictates that when a relief association offers death benefits, disability benefits, officer compensation, or any other type of discretionary benefit provided by the VFRA Act, it should establish a precedent for those benefits being offered. Such a precedent should be documented in the bylaws, a formal relief association policy, or in the official meeting minutes. The formal approval is necessary to clarify the types and amounts of benefits offered to its membership as well as the criteria to be met in order to receive the benefits.

Cause: The relief association officials did not provide a reason why this occurred.

Effect: The relief association's failure to formally define discretionary benefits prevents the membership from being aware of the types and amounts of benefits offered to its membership. The absence of formal approval increases the risk of unauthorized expenditures and could also lead to benefits not being applied equally to all members of the relief association.

EAST FRANKLIN TOWNSHIP VOLUNTEER FIREMAN'S RELIEF ASSOCIATION
FINDING AND RECOMMENDATION

Finding – (Continued)

Recommendation: We recommend that the relief association officials formally define and document the criteria of the discretionary benefits being offered to its membership. The formal approval of benefits and related criteria should be documented in the bylaws, a policy statement, or in the official meeting minutes, and should be maintained for an indefinite period of time so as to afford the membership of the relief association with a formal document defining the benefits offered and the criteria to be met before receiving the benefit. Furthermore, all approved discretionary benefits should be in accordance with provisions of the VFRA Act. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.
