EUGENE A. DEPASQUALE AUDITOR GENERAL

Mr. Michael J. Valyo, President Relief Association of the Jefferson Fire Co. #1 Montgomery County

We have conducted a compliance audit of the Relief Association of the Jefferson Fire Co. #1 (relief association) pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010 (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, for the period January 1, 2016 to December 31, 2018.

#### The objectives of the audit were:

- 1. To determine if the relief association took appropriate corrective action to address the finding contained in our prior audit report.
- 2. To determine if the relief association complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds.

Our audit was limited to the areas related to the objectives identified above and was not required to be and was not conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States.

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objectives. We believe that our audit provides a reasonable basis for our conclusions.

Based on our audit procedures, we conclude that, for the period January 1, 2016 to December 31, 2018:

- The relief association took appropriate corrective action to address the finding contained in our prior audit report.
- Because of the significance of the matters described in the findings below and discussed later in this report, the relief association did not, in all significant respects, comply with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds, collectively as a whole. Therefore, the relief association may be subject to the potential withholding of its upcoming state aid distribution, as discussed in the Potential Withhold of State Aid section of this report.

Finding No. 1 – Unauthorized Expenditures

Finding No. 2 – Failure To Define Discretionary Benefits

Finding No. 3 - Failure To Maintain A Complete And Accurate Equipment Roster

The supplementary financial information contained in this report is presented for purposes of additional disclosure and analysis. We performed only limited procedures on the supplementary financial information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with the management of the relief association and, where appropriate, their responses have been included in the report. We would like to thank the relief association officials for the cooperation extended to us during the conduct of the audit.

May 6, 2019

EUGENE A. DEPASQUALE

Eugent O-Pasyer

#### BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 et seq., the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 et seq. (commonly referred to as Act 205), are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

#### **BACKGROUND** – (Continued)

The relief association was allocated state aid from the following municipality:

Municipality	County	2016	2017	2018
West Norriton Township	Montgomery	\$122,113	\$109,280	\$99,301

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The relief association is affiliated with the following fire service organization:

Jefferson Fire Company No. 1

## RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 STATUS OF PRIOR FINDING

#### COMPLIANCE WITH PRIOR AUDIT FINDING AND RECOMMENDATION

The relief association has complied with the prior audit finding and recommendation, as follows:

#### • Insufficient Surety (Fidelity) Bond Coverage

By increasing the Surety (Fidelity) bond coverage to an amount greater than the balance of the relief association's cash assets.

## RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 FINDINGS AND RECOMMENDATIONS

#### <u>Finding No. 1 – Unauthorized Expenditures</u>

<u>Condition</u>: The relief association expended funds for the following items during the current audit period that are not authorized by Act 118:

Date	Check No.	Description			Amount
06/26/2017 09/20/2017	3310 3338	LED lighting of firehouse LED lighting of firehouse		\$	7,942 2,458
			Total	\$	10,400

Criteria: Section 7416(f) of Act 118 states:

The funds of any volunteer firefighters' relief association may be spent:

(1) To pay for such normal and reasonable running expenses as may be appropriate to the businesslike conduct of the affairs of the association, including legal fees, rental or purchase of offices, payment of reasonable compensation of employees and purchase of office equipment and supplies.

Costs associated with the purchase of LED lighting of firehouse do not qualify as authorized volunteer firefighters' relief association expenditures; consequently, these disbursements are not authorized under Act 118.

<u>Cause</u>: Relief association officials indicated that they were unaware that the aforementioned expenditures were not authorized by Act 118.

<u>Effect</u>: As a result of these improper expenditures, relief association funds were not available for investment purposes, or to pay for expenditures authorized by Act 118. Furthermore, the relief association's future state aid allocations may be withheld until the finding recommendation is complied with.

Recommendation: We recommend that the relief association be reimbursed \$10,400 for the unauthorized expenditures and that relief association officials become familiar with Section 7416(f) of Act 118 to aid them in determining the propriety of future expenditures. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

## RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 FINDINGS AND RECOMMENDATIONS

#### Finding No. 1 – (Continued)

<u>Management's Response</u>: Relief association management did not agree with the finding as presented at the audit exit conference.

<u>Auditor's Conclusion</u>: Under Act 118, relief association funds are not authorized for purchase of LED lighting for a fire company owned building. Therefore, the finding remains as stated. Due to the potential withhold of state aid, the relief association's compliance with the finding recommendation will be monitored subsequent to the release of the audit report and through our next audit of the relief association.

#### Finding No. 2 – Failure To Define Discretionary Benefits

<u>Condition</u>: The relief association did not formally define and approve discretionary benefits that were being offered to its members. During the current audit period, the relief association paid \$13,000 in discretionary benefits. Although these expenditures were authorized by Act 118, the types, amounts, and criteria to be met before receiving the benefits were not described in a formal policy approved by the relief association membership.

Criteria: Section 7413 of Act 118 states that funds shall be available:

- (3) For payment, either by insurance or by operation of a beneficial fund, of a sum certain to designated beneficiaries of a participating member following the death of a member for any cause and to establish criteria which members must meet in order to qualify as participants in a death benefit fund. (Emphasis added.)
- (5) Financial assistance to volunteer firefighters who, after having actively participated in the fire service <u>for a specified minimum term</u>, are no longer physically able to continue participation and are in need of financial assistance. (Emphasis added.)

Furthermore, prudent business practice dictates that when a relief association offers death benefits, disability benefits, officer compensation, or any other type of discretionary benefit provided by Act 118, it should establish a precedent for those benefits being offered. Such a precedent should be documented in the bylaws, a formal relief association policy, or in the official meeting minutes. The formal approval is necessary to clarify the types and amounts of benefits offered to its membership as well as the criteria to be met in order to receive the benefits.

## RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 FINDINGS AND RECOMMENDATIONS

#### Finding No. 2 – (Continued)

<u>Cause</u>: Relief association officials indicated that they were not aware of the specific stipulations of Act 118 and did not perceive the formal approval to be an essential internal control in safeguarding relief association assets. As a result, relief association officials failed to establish procedures to formally define the benefits and related criteria for the benefits offered to members.

<u>Effect</u>: The relief association's failure to formally define discretionary benefits prevents the membership from being aware of the types and amounts of benefits offered to its membership. The absence of formal approval increases the risk of unauthorized expenditures and could also lead to benefits not being applied equally to all members of the relief association.

Recommendation: We recommend that the relief association officials formally define and document the criteria of the discretionary benefits being offered to its membership. The formal approval of benefits and related criteria should be documented in the bylaws, a policy statement, or in the official meeting minutes, and should be maintained for an indefinite period of time so as to afford the membership of the relief association with a formal document defining the benefits offered and the criteria to be met before receiving the benefit. Furthermore, all approved discretionary benefits should be in accordance with provisions of Act 118. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.

#### Finding No. 3 – Failure To Maintain A Complete And Accurate Equipment Roster

<u>Condition</u>: The relief association failed to maintain a complete and accurate roster of equipment owned by the relief association. Although a listing of relief association owned equipment was provided during the current audit period, this listing was incomplete and did not accurately identify all of the equipment owned by the relief association. Furthermore, there was no indication that a physical inventory of equipment was conducted on an annual basis to account for the equipment owned by the relief association.

## RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 FINDINGS AND RECOMMENDATIONS

#### Finding No. 3 – (Continued)

<u>Criteria</u>: Prudent business practice dictates that the relief association should establish adequate internal control procedures to ensure the maintenance of a cumulative equipment roster of all items purchased by the relief association in order to provide an effective accounting control over the relief association's equipment. A cumulative equipment roster of all relief association equipment should include all of the following:

- Types of equipment purchased
- Dates of purchase
- Unit costs
- Names of suppliers
- Serial numbers, if applicable
- Current locations of items
- Final dispositions of sold or damaged equipment
- Evidence of the performance and results of an annual physical inventory

<u>Cause</u>: Relief association officials failed to establish adequate internal control procedures over equipment by requiring the maintenance of a cumulative equipment roster and the performance of an annual physical inventory of equipment.

<u>Effect</u>: The failure to properly record equipment purchases in a detailed equipment roster prevents officials from effectively monitoring the relief association's equipment purchases. In addition, the failure to maintain a detailed equipment roster and perform an annual physical inventory of equipment prevents adequate accountability for, and safeguarding of, relief association equipment.

<u>Recommendation</u>: We recommend that the relief association officials maintain a cumulative equipment roster of all equipment owned by the relief association. Furthermore, the relief association should ensure it performs an annual physical inventory of all operable equipment and that the completion of the inventory be sufficiently documented. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.

## RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 POTENTIAL WITHHOLD OF STATE AID

A condition such as that reported by Finding No. 1 contained in this audit report may lead to a total withholding of state aid in the future unless that finding is corrected. However, such action may not be considered if sufficient documentation is provided within 60 days to verify compliance with this department's recommendations. Such documentation should be submitted by the relief association to: Department of the Auditor General, Bureau of Fire Relief Audits, Room 327 Finance Building, Harrisburg, PA 17120.

#### RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 SUPPLEMENTARY FINANCIAL INFORMATION CASH AND INVESTMENT BALANCES AS OF DECEMBER 31, 2018

Cash	\$ 316,368
Fair Value of Investments	1,171,848
Total Cash and Investments	\$ 1,488,216

## RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 SUPPLEMENTARY FINANCIAL INFORMATION SUMMARY OF EXPENDITURES FOR THE PERIOD JANUARY 1, 2016 TO DECEMBER 31, 2018

#### Expenditures:

Benefit Services:		
Insurance premiums	\$	78,253
Death benefits		16,000
Relief benefits		13,149
Tokens of sympathy and goodwill		381
Total Benefit Services	\$	107,783
Fire Services:		
Equipment purchased	\$	238,182
Equipment maintenance		45,010
Training expenses		16,583
Fire prevention materials		6,085
Total Fire Services	\$	305,860
Administrative Services:		
Officer compensation	\$	3,588
Other administrative expenses		6,740
Bond premiums		1,507
Total Administrative Services	\$	11,835
Other Expenditures:		
Undocumented expenditure*	\$	347
Unauthorized expenditures		10,400
Total Other Expenditures	\$	10,747
	_	
Total Expenditures	\$	436,225

<sup>\*</sup> The relief association was unable to provide adequate supporting documentation evidencing the propriety of an insignificant expenditure amounting to \$347 made during 2017. We disclosed this issue to relief association officials during the conduct of our audit.

## RELIEF ASSOCIATION OF THE JEFFERSON FIRE CO. #1 REPORT DISTRIBUTION LIST

This report was initially distributed to the following:

The Honorable Tom W. Wolf

Governor Commonwealth of Pennsylvania

Relief Association of the Jefferson Fire Co. #1 Governing Body:
