Our audit was limited to the areas related to the objectives identified above and was not, nor was it required to be, conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States.

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief association funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objectives. We believe that our audit provides a reasonable basis for our conclusions.

Based on our audit procedures, we conclude that, for the period January 1, 2020, to December 31, 2022:

- The relief association took appropriate corrective action to address the findings contained in our prior audit report.

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code¹, and the Volunteer Firefighters' Relief Association Act² ("VFRA Act"), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law³ (commonly referred to as Act 205) are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

The VFRA Act governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, the VFRA Act authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by the VFRA Act, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the relief association officers therefore have a responsibility to the public to conduct the relief association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all relief association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the relief association operates in accordance with applicable state laws, contracts, bylaws, and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

OAK RIDGE VOLUNTEER FIREMEN'S RELIEF ASSOCIATION STATUS OF PRIOR FINDINGS

COMPLIANCE WITH PRIOR AUDIT FINDINGS AND RECOMMENDATIONS

The relief association has complied with the prior audit findings and recommendations, as follows:

• <u>Undocumented And Unsecured Loans</u>

By providing a formal written loan agreement that specifies the payment schedule, interest rate, and identifies the collateral for the loan.

• Inadequate Signatory Authority For The Disbursement Of Funds

By requiring more than one signature on all negotiable instruments.

OAK RIDGE VOLUNTEER FIREMEN'S RELIEF ASSOCIATION FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Insufficient Surety (Fidelity) Bond Coverage

<u>Condition</u>: The relief association did not maintain a Surety (Fidelity) bond in a sufficient amount to cover the relief association's authorized disbursing officer. The relief association's Surety (Fidelity) bond coverage amount was \$30,000; however, as of December 31, 2022, the relief association's cash assets totaled \$46,443.

Criteria: Section 7415(c)(4) of the VFRA Act states, in part, that:

... the disbursing officer, whether designated treasurer, comptroller, financial secretary or otherwise, shall be bonded by corporate surety for faithful performance of duty. The amount of the bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on the bond shall be a proper charge against the funds of the association.

<u>Cause</u>: Relief association officials failed to monitor the relief association's cash balance to ensure that the Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer was in compliance with the VFRA Act provisions and did not provide a reason why this occurred.

<u>Effect</u>: As a result of the authorized disbursing officer of the relief association being insufficiently bonded, the relief association's cash assets were not adequately safeguarded.

<u>Recommendation</u>: We recommend that the relief association officials ensure that its Surety (Fidelity) bond sufficiently covers the relief association's authorized disbursing officer, as required by the VFRA Act. This requirement may be accomplished by increasing the Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer to an amount greater than the expected maximum balance of the relief association's cash assets, or by decreasing the relief association's cash assets to an amount anticipated to remain below the policy coverage amount. In addition, relief association officials should monitor the relief association's cash balance to ensure that unexpected events affecting the relief association's current funds do not again result in insufficient Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and, as a result of our audit, the relief association increased their bond coverage to \$75,000 on October 26, 2023.

<u>Auditor's Conclusion</u>: We reviewed documentation verifying that the bond coverage was increased to \$75,000. Compliance for sufficient bond coverage during the next audit period will be subject to verification through our next audit.

OAK RIDGE VOLUNTEER FIREMEN'S RELIEF ASSOCIATION FINDINGS AND RECOMMENDATIONS

Finding No. 2 – Failure To Obtain A Federal Tax Identification Number

<u>Condition</u>: The relief association failed to comply with the Tax Equity and Fiscal Responsibility Act by not obtaining a federal tax identification number. The relief association is inappropriately using the fire service organization's federal tax identification number, although the fire service organization and the relief association are separate legal entities.

<u>Criteria</u>: All businesses, both profit and nonprofit, are required to obtain a federal tax identification number and provide this number to any financial institution where funds are earning interest. If their tax identification number is not provided, the financial institution is required to withhold 31 percent of interest earned and transmit these funds to the Internal Revenue Service, representing federal income taxes.

<u>Cause</u>: Relief association officials indicated that they were unaware of the necessity to obtain its own federal tax identification number.

<u>Effect</u>: Failure to comply with the Tax Equity and Fiscal Responsibility Act could cause the relief association to be penalized by the Internal Revenue Service, resulting in the loss of funds otherwise available for general operating expenditures or for investment purposes.

<u>Recommendation</u>: We recommend that the relief association officials immediately apply for its own federal tax identification number through the Internal Revenue Service and furnish this number to its financial institutions. Relief association officials should also consider applying to the Internal Revenue Service for tax exempt status as a nonprofit corporation under Internal Revenue Code 501(c). For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.

Finding No. 3 – Failure To Maintain A Pennsylvania Sales Tax Exemption Number

<u>Condition</u>: The relief association failed to maintain a Pennsylvania sales tax exemption number. Although the relief association did have its own sales tax exemption number, it expired on May 31, 2010, and is no longer valid.

OAK RIDGE VOLUNTEER FIREMEN'S RELIEF ASSOCIATION FINDINGS AND RECOMMENDATIONS

Finding No. 3 – (Continued)

Criteria: Section 7415(e) of the VFRA Act states:

A volunteer firefighters' relief association organized or conducted in accordance with the requirements of this section shall be regarded as a charitable corporation for all purposes, including the right to establish exemption from the operation of certain taxes.

<u>Cause</u>: Relief association officials indicated that they were unaware that its sales tax exemption number from the Pennsylvania Department of Revenue had expired.

<u>Effect</u>: As a result of the relief association's failure to maintain a sales tax exemption number, the relief association may be required to pay Pennsylvania sales tax on their purchases, which ultimately reduces the funds otherwise available for general operating expenditures or for investment purposes.

<u>Recommendation</u>: We recommend that the relief association officials immediately reapply for a new state sales tax exemption number from the Department of Revenue and furnish this exemption number to all vendors from whom the relief association purchases equipment. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.
