Our audit was limited to the areas related to the objectives identified above and was not required to be and was not conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States.

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objectives. We believe that our audit provides a reasonable basis for our conclusions.

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 *et seq.* (commonly referred to as Act 205), are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

BACKGROUND – (Continued)

The relief association was allocated state aid from the following municipality:

<u>Municipality</u>	<u>County</u>	<u>2016</u>	<u>2017</u>
Jonestown Borough	Lebanon	\$10,039	\$9,065*

* The 2017 state aid allocation received from Jonestown Borough was not deposited by the relief association until April 18, 2018 as disclosed in Finding No. 2 in this report.

The volunteer firefighters’ relief association and the affiliated fire service organization are separate, legal entities. The relief association is affiliated with the following fire service organization:

Perseverance Fire Company

PERSEVERANCE FIRE COMPANY VOLUNTEER FIREMEN'S RELIEF ASSOCIATION
STATUS OF PRIOR FINDING

The relief association has not complied with the following prior audit finding. This finding is noted below and discussed in detail in the Findings and Recommendations section of this report:

- Failure To Maintain Surety (Fidelity) Bond Coverage

We are concerned by the relief association's failure to correct this previously reported audit finding. The association management should strive to implement the recommendation and corrective action noted in this audit report.

PERSEVERANCE FIRE COMPANY VOLUNTEER FIREMEN'S RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Noncompliance With Prior Audit Recommendation – Failure To Maintain Surety (Fidelity) Bond Coverage

Condition: The relief association failed to maintain Surety (Fidelity) bond coverage on its authorized disbursing officer, as required by Act 118. The relief association's Surety (Fidelity) bond coverage expired on April 20, 2013. As of December 31, 2017, the relief association's cash assets totaled \$14,795.

A similar condition was noted in our prior audit report.

Criteria: Act 118 at 35 Pa.C.S. § 7415(c)(4) states, in part, that:

. . . the disbursing officer, whether designated treasurer, comptroller, financial secretary or otherwise, shall be bonded by corporate surety for faithful performance of duty. The amount of the bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on the bond shall be a proper charge against the funds of the association.

Cause: Even though notified of this condition during our prior audit, relief association officials again neglected to comply with the Act 118 provisions requiring the maintenance of Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer.

Effect: As a result of the authorized disbursing officer of the relief association not being bonded, the relief association's cash assets were not adequately safeguarded.

Recommendation: We again recommend that the relief association officials obtain Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer in an amount greater than the relief association's maximum cash balance, as required by Act 118. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: We are concerned by the relief association's failure to correct this previously reported audit finding and strongly encourage timely implementation of the recommendation noted in this audit report.

PERSEVERANCE FIRE COMPANY VOLUNTEER FIREMEN'S RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – Untimely Receipt And Deposit Of State Aid

Condition: The relief association did not deposit the 2017 state aid allocation it received from Jonestown Borough, in the amount of \$9,065, until April 18, 2018. The foreign fire insurance tax allocation was distributed to the municipal treasurer on September 25, 2017, who forwarded the state aid to the affiliated fire company, instead of the relief association, on October 2, 2017, which is within 60 days of receipt, as required by Section 706 (b)(2) of the Act of December 18, 1984, (P.L. 1005, No. 205); however, the state aid allocation should be sent directly to the relief association. Since the state aid allocation was sent to the affiliated fire company, instead of the relief association, the state aid allocation was erroneously deposited by the affiliated fire company. Once the error was discovered, the affiliated fire company reimbursed the relief association. Consequently, the relief association did not ensure the funds were received and deposited timely into a relief association account.

Criteria: Section 706 (b)(2) of the Act of December 18, 1984, (P.L. 1005, No. 205), states:

The foreign fire insurance premium tax amount applicable to a municipality served solely by volunteer firefighters shall be paid to the municipality, which shall within 60 days of the date of the receipt of the moneys from the State Treasurer pay the amount received to the relief association fund of the fire department or departments, or fire company or companies, now existing or hereafter organized, inside or outside of the municipality, which is or are actively engaged in the service of the municipality and duly recognized by the governing body of the municipality.

Furthermore, prudent business practice dictates that upon receipt of its state aid allocation, the relief association should establish adequate internal control procedures to ensure the funds are deposited in a timely manner.

Cause: Relief association officials failed to establish internal control procedures to ensure that all income due the relief association was received, recorded and deposited timely into an appropriate relief association account. The municipality inadvertently sent the state aid allocation to the affiliated fire company and the affiliated fire company erroneously deposited the state aid check into their own account.

Effect: As a result of the untimely receipt and deposit, funds were not available to pay general operating expenses or for investment purposes. In addition, an untimely receipt and deposit of funds increases the risk that funds could be lost or misappropriated.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.
