EUGENE A. DePASQUALE  
AUDITOR GENERAL

Mr. Jeffrey Lansberry, President  
The South Beaver Township Volunteer  
Firefighters Relief Association  
Beaver County

We have conducted a compliance audit of The South Beaver Township Volunteer Firefighters Relief Association (relief association) pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010 (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, for the period January 1, 2017 to December 31, 2019.

The objective of the audit was to determine if the relief association complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds. Our audit was limited to the areas related to the objective identified above and was not required to be and was not conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States.

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objective. We believe that our audit provides a reasonable basis for our conclusions.

Due to a stay at home order issued by the Governor of the Commonwealth of Pennsylvania during the COVID-19 pandemic, we were unable to observe any of the relief association's equipment to verify its existence.

Based on our audit procedures, we conclude that, except for the effects, if any, of the matter described in the preceding paragraph, for the period January 1, 2017 to December 31, 2019, the relief association, in all significant respects, complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds, except as noted in the finding listed below and discussed later in this report.

Finding – Failure To Define Discretionary Benefits

The supplementary financial information contained in this report is presented for purposes of additional disclosure and analysis. We performed only limited procedures on the supplementary financial information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with the management of the relief association and, where appropriate, their response has been included in the report. We would like to thank the relief association officials for the cooperation extended to us during the conduct of the audit.

## BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 *et seq.* (commonly referred to as Act 205), are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

**BACKGROUND – (Continued)**

The relief association was allocated state aid from the following municipality:

<u>Municipality</u>	<u>County</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>
South Beaver Township	Beaver	\$14,784	\$13,461	\$14,998

The volunteer firefighters’ relief association and the affiliated fire service organization are separate, legal entities. The relief association is affiliated with the following fire service organization:

The South Beaver Township Volunteer Fire Company

THE SOUTH BEAVER TOWNSHIP VOLUNTEER FIREFIGHTERS  
RELIEF ASSOCIATION  
FINDING AND RECOMMENDATION

**Finding – Failure To Define Discretionary Benefits**

Condition: The relief association did not formally define and approve discretionary benefits that were being offered to its members. During the current audit period, the relief association paid \$2,000 in discretionary benefits. Although these expenditures were authorized by Act 118, the types, amounts, and criteria to be met before receiving the benefits were not described in a formal policy approved by the relief association membership.

Criteria: Section 7413 of Act 118 states that funds shall be available:

- (3) For payment, either by insurance or by operation of a beneficial fund, of a sum certain to designated beneficiaries of a participating member following the death of a member for any cause and to establish criteria which members must meet in order to qualify as participants in a death benefit fund. (Emphasis added.)
  
- (5) Financial assistance to volunteer firefighters who, after having actively participated in the fire service for a specified minimum term, are no longer physically able to continue participation and are in need of financial assistance. (Emphasis added.)

Furthermore, prudent business practice dictates that when a relief association offers death benefits, disability benefits, officer compensation, or any other type of discretionary benefit provided by Act 118, it should establish a precedent for those benefits being offered. Such a precedent should be documented in the bylaws, a formal relief association policy, or in the official meeting minutes. The formal approval is necessary to clarify the types and amounts of benefits offered to its membership as well as the criteria to be met in order to receive the benefits.

Cause: Relief association officials indicated that they were not aware of the specific stipulations of Act 118 and did not perceive the formal approval to be an essential internal control in safeguarding relief association assets. As a result, relief association officials failed to establish procedures to formally define the benefits and related criteria for the benefits offered to members.

Effect: The relief association's failure to formally define discretionary benefits prevents the membership from being aware of the types and amounts of benefits offered to its membership. The absence of formal approval increases the risk of unauthorized expenditures and could also lead to benefits not being applied equally to all members of the relief association.

THE SOUTH BEAVER TOWNSHIP VOLUNTEER FIREFIGHTERS  
RELIEF ASSOCIATION  
FINDING AND RECOMMENDATION

**Finding – (Continued)**

Recommendation: We recommend that the relief association officials formally define and document the criteria of the discretionary benefits being offered to its membership. The formal approval of benefits and related criteria should be documented in the bylaws, a policy statement, or in the official meeting minutes, and should be maintained for an indefinite period of time so as to afford the membership of the relief association with a formal document defining the benefits offered and the criteria to be met before receiving the benefit. Furthermore, all approved discretionary benefits should be in accordance with provisions of Act 118. For further guidance, please refer to the Auditor General’s publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS’ RELIEF ASSOCIATIONS.

Management’s Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor’s Conclusion: Compliance will be subject to verification through our next audit.
