BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code¹, and the Volunteer Firefighters' Relief Association Act² ("VFRA Act"), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law³ (commonly referred to as Act 205) are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

The VFRA Act governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, the VFRA Act authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by the VFRA Act, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the relief association officers therefore have a responsibility to the public to conduct the relief association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all relief association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the relief association operates in accordance with applicable state laws, contracts, bylaws, and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

³ 53 P.S. § 895.701 *et seq.* (Act 205 of 1984, as amended by Act 119 of 1990).

- (1) To pay for such normal and reasonable running expenses as may be appropriate to the businesslike conduct of the affairs of the association, including legal fees, rental or purchase of offices, payment of reasonable compensation of employees and purchase of office equipment and supplies.

- (11) To purchase safeguards for preserving life, health and safety of volunteer firefighters to ensure their availability to participate in the volunteer fire service, including necessary training.

ST. THOMAS TOWNSHIP FIREFIGHTER RELIEF ASSOCIATION, INC.
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – (Continued)

In addition, Section 7418(b) of the VFRA Act states:

- (b) Findings -- If the Auditor General finds that money received by a volunteer firefighters' relief association has been expended for a purpose other than one authorized by this subchapter, the commissioner, upon receiving notice of the finding from the auditor general, shall decline to approve payment to the volunteer firefighters' relief association until the improperly expended amount has been reimbursed to the relief association fund.

Costs associated with repairs of a non-relief owned vehicle, sales tax, duplicate payments, and overpayments do not qualify as authorized volunteer firefighters' relief association expenditures; consequently, these disbursements are not authorized under the VFRA Act.

Cause: The relief association officials did not provide a reason why this occurred.

Effect: As a result of these improper expenditures, relief association funds were not available for investment purposes, or to pay for expenditures authorized by the VFRA Act. In addition, because of stipulations within the VFRA Act, failure to obtain reimbursement of the improperly expended funds will result in a withholding of future state aid fund disbursements until the improperly expended fire relief association monies identified in the finding have been reimbursed to the relief association.

Recommendation: We recommend that the relief association be reimbursed \$4,479 for the unauthorized expenditures and that relief association officials become familiar with Section 7416(f) of the VFRA Act to aid them in determining the propriety of future expenditures. In addition, we recommend that the relief association officials seek a refund of the sales tax paid by filing an appeal form (REV-65BA) with the Pennsylvania Department of Revenue's Board of Appeals. Furthermore, we recommend that, in the future, relief association officials furnish its state sales tax exemption number to all vendors from which the relief association purchases equipment. All supporting documentation verifying the receipt of reimbursement for unauthorized expenditures should be submitted by the relief association to: Department of the Auditor General, Bureau of Fire Relief Audits, Room 316-E Finance Building, Harrisburg, PA 17120. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.

ST. THOMAS TOWNSHIP FIREFIGHTER RELIEF ASSOCIATION, INC.
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – Undocumented Expenditures

Condition: The relief association was unable to provide adequate supporting documentation for the following expenditures made during the current audit period:

<u>Date</u>	<u>Check No.</u>	<u>Payee Description</u>	<u>Amount</u>
01/14/2020	1470	Relief association member	\$ 29
02/11/2020	1471	Training vendor	150
06/02/2021	1478	Training vendor	165
10/16/2021	1487	Training vendor	150
12/21/2021	1490	Software provider	<u>1,803</u>
		Total	<u>\$ 2,297</u>

Criteria: Section 7418(a) of the VFRA Act states:

The Office of Auditor General shall have the power and its duty shall be to audit the accounts and records of every volunteer firefighters' relief association receiving money under Chapter 7 of the Act of December 18, 1984 (P.L. 1005, No. 205), known as the Municipal Pension Plan Funding Standard and Recovery Act, as far as may be necessary to satisfy the Auditor General that the money received was or is being expended for no purpose other than that authorized by this subchapter. Copies of all audits shall be furnished to the Governor.

Prudent business practice dictates that supporting documentation be maintained to evidence the propriety of all financial transactions.

Cause: The relief association officials did not provide a reason why this occurred.

Effect: Lack of supporting documentation, such as invoices, itemized receipts, and detailed minutes of meetings, made it impossible to determine if the expenditures were made in accordance with Section 7416(f) of the VFRA Act. In addition, the failure to maintain adequate supporting documentation for relief association expenditures can lead to an increased risk of errors occurring and funds being misappropriated.

ST. THOMAS TOWNSHIP FIREFIGHTER RELIEF ASSOCIATION, INC.
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – (Continued)

Recommendation: We recommend that the relief association officials provide this department with adequate supporting documentation, such as invoices and/or itemized receipts, to ensure the propriety of the expenditures or that the relief association be reimbursed \$2,297 for the undocumented expenditures. We also recommend that the relief association officials maintain supporting documentation for all future expenditures. For further guidance, please refer to the Auditor General’s publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS’ RELIEF ASSOCIATIONS.

Management’s Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor’s Conclusion: Compliance will be subject to verification through our next audit.

Finding No. 3 – Inadequate Minutes Of Meetings And Relief Association Bylaws

Condition: The relief association failed to maintain detailed minutes of meetings as required by the VFRA Act and the relief association’s bylaws. Specifically, the relief association’s minutes did not address all financial-related transactions that occurred during the audit period. In addition, meetings were only held in six months during calendar year 2020, four months during calendar year 2021, and no months during calendar year 2022. Furthermore, the meeting minutes were not signed and dated by the recording officer. The existing bylaws of the relief association contain language to conduct business pertaining to the disbursement, investment, and purchase of funds that is based on Act 84 of June 11, 1968. The relief association has not updated the bylaws to govern their organization to meet the requirements set forth in the VFRA Act (Act 118 of 2010 and Act 91 of 2020).

Criteria: Section 7415(a) of the VFRA Act states, in part, that the relief association:

. . . must provide for taking and preserving minutes of all meetings and maintenance of such books of account as may be necessary and appropriate to afford a permanent record of its fiscal affairs.

ST. THOMAS TOWNSHIP FIREFIGHTER RELIEF ASSOCIATION, INC.
FINDINGS AND RECOMMENDATIONS

Finding No. 3 – (Continued)

The relief association's bylaws at Article III, Section 3 states, in part:

Secretary: The secretary shall keep a true record of the proceedings of every meeting in the minutes. The minutes shall note authorization by the membership of all association financial transactions and all other pertinent business discussed at the meetings.

In addition, the relief association's bylaws at Article V, Section 1 states, in part:

All expenditures must be approved by a majority vote at an association meeting and duly recorded in the minutes.

Furthermore, the relief association's bylaws at Article VI, Section 1 states, in part:

Funds of this association may be invested in any security authorized by the provisions of Section 6(c) of Act 84.

Cause: The relief association officials stated that minutes of meetings were lost during the changing of officers. In addition, the relief association officials did not provide a reason why financial transactions were not addressed within the meeting minutes, why the Secretary of the Relief Association did not sign the meeting minutes, why all required meetings were not held, or why the bylaws were not updated to meet the requirements of the VFRA Act.

Effect: Without holding regular meetings and maintaining detailed minutes of meetings that are signed and dated, evidence that relief association business was presented before the membership for approval does not exist. As a result of the relief association not updating the bylaws to meet the appropriate requirements, the relief association may have conducted its affairs without proper authorization.

Recommendation: We recommend that the relief association officials hold all required meetings and maintain detailed minutes of meetings as required by the VFRA Act and the relief association's bylaws evidencing the discussion and approval of all financial-related business conducted by the relief association. We also recommend that the relief association officials ensure that all meeting minutes are signed and dated by the Secretary of the Relief Association to ensure the validity of the meeting minutes. In addition, we recommend that the relief association officials remove the language referring to Act 84 by updating the bylaws governing their organization so that the bylaws meet the requirements set forth in the VFRA Act (Act 118 of 2010 and Act 91 of 2020). For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

ST. THOMAS TOWNSHIP FIREFIGHTER RELIEF ASSOCIATION, INC.
FINDINGS AND RECOMMENDATIONS

Finding No. 3 – (Continued)

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.

Finding No. 4 – Failure To Maintain A Complete And Accurate Equipment Roster

Condition: The relief association failed to maintain a complete and accurate roster of equipment owned by the relief association. Although a listing of relief association owned equipment was provided during the current audit, this listing was incomplete and did not accurately identify all of the equipment owned by the relief association. The relief association purchased \$73,153 of equipment during the current audit period, but none of this equipment was properly accounted for on the relief association's equipment roster. In addition, there was no indication that a physical inventory of equipment was conducted on an annual basis to account for the equipment owned by the relief association.

Criteria: Prudent business practice dictates that the relief association should establish adequate internal control procedures to ensure the maintenance of a cumulative equipment roster of all items purchased by the relief association in order to provide an effective accounting control over the relief association's equipment. A cumulative equipment roster of all relief association equipment should include all of the following:

- Types of equipment purchased
- Dates of purchase
- Unit costs
- Names of suppliers
- Serial numbers, if applicable
- Current locations of items
- Final dispositions of sold or damaged equipment
- Evidence of the performance and results of an annual physical inventory

Cause: The relief association officials did not provide a reason why this occurred.

Effect: The failure to properly record equipment purchases in a detailed equipment roster prevents officials from effectively monitoring the relief association's equipment purchases. In addition, the failure to maintain a detailed equipment roster and perform an annual physical inventory of equipment prevents adequate accountability for, and safeguarding of, relief association equipment.

ST. THOMAS TOWNSHIP FIREFIGHTER RELIEF ASSOCIATION, INC.
FINDINGS AND RECOMMENDATIONS

Finding No. 4 – (Continued)

Recommendation: We recommend that the relief association officials maintain a cumulative equipment roster of all equipment owned by the relief association. Furthermore, the relief association should ensure it performs an annual physical inventory of all operable equipment and that the completion of the inventory be sufficiently documented. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification through our next audit.
