We have conducted a compliance audit of the Brady Township Non-Uniformed Pension Plan for the period January 1, 2017 to December 31, 2020. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit. State aid allocations that were deposited into the pension plan for the years ended December 31, 2015 to December 31, 2020, are presented on the Summary of Deposited State Aid and Employer Contributions.

- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation. Employer contributions that were deposited into the pension plan for the years ended December 31, 2015 to December 31, 2020, are presented on the Summary of Deposited State Aid and Employer Contributions.
- We determined whether annual employee contributions were calculated, deducted, and deposited into the pension plan in accordance with the plan's governing document and applicable laws and regulations by testing total members' contributions on an annual basis using the rates obtained from the plan's governing document in effect for all years within the period under audit and examining documents evidencing the deposit of these employee contributions into the pension plan. We also tested individual employee contributions for all 4 active employees employed during 2017 and 2018, all 3 active employees employed in 2019, and the 2 employees employed in 2020 amounting to \$10,328, \$12,235, \$10,702, and \$7,440, respectively, made during the audit period.
- We determined whether retirement benefits calculated for plan members who separated employment and received a lump-sum distribution during the current audit period, and through completion of our fieldwork procedures, represent payments to all (and only) those entitled to receive them and were properly determined and disbursed in accordance with the plan's governing document, applicable laws, and regulations by recalculating the amount of the pension benefits due to the retired individuals and comparing these amounts to supporting documentation evidencing amounts determined and actually paid to the recipients.
- We determined whether the January 1, 2017 actuarial valuation report was prepared and submitted by March 31, 2018 respectively, in accordance with Act 205 and whether selected information provided on this report is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.
- We determined whether the terms of all four of the plan's allocated insurance contracts, including ownership and any restrictions, were in compliance with plan provisions, investment policies, and state regulations by comparing the terms of the contracts with the plan's provisions, investment policies, and state regulations.

The township has elected to purchase allocated insurance contracts to fund the pension benefits for plan members. Under an allocated funding arrangement, the insurer receives and retains consideration in exchange for a legally enforceable obligation to pay future benefits. In accordance with Statement No. 67 of the Governmental Accounting Standards Board, allocated insurance contracts are excluded from the pension plan's assets. Consequently, the plan has no reportable assets.

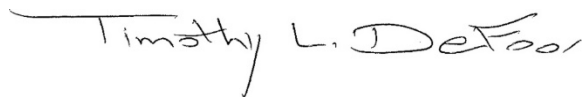

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Brady Township Non-Uniformed Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objective.

The results of our procedures indicated that, in all significant respects, the Brady Township Non-Uniformed Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following findings further discussed later in this report:

Finding No. 1 – Receipt Of State Aid In Excess Of Entitlement

Finding No. 2 – Failure To File Actuarial Valuation Report

The contents of this report were discussed with officials of Brady Township and, where appropriate, their responses have been included in the report. We would like to thank township officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a 2 percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Brady Township Non-Uniformed Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 69 - The Second Class Township Code, Act of May 1, 1933 (P.L. 103, No. 69), as reenacted and amended, 53 P.S. § 65101 et seq.

The Brady Township Non-Uniformed Pension Plan is a single-employer defined contribution pension plan locally controlled by the provisions of a resolution adopted May 5, 1975, as amended. The plan was established May 5, 1975. Active members are not required to contribute to the plan. The municipality is required to contribute \$1,500 per member. As of December 31, 2020, the plan had two active members.

BRADY TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Receipt Of State Aid In Excess Of Entitlement

Condition: The township received state aid in excess of the non-uniformed pension plan’s defined contribution pension costs in the years 2017, 2018, and 2019, as illustrated below:

	<u>2017</u>	<u>2018</u>	<u>2019</u>
State aid allocation	\$ 6,269	\$ 6,331	\$ 6,933
Actual municipal pension costs	<u>(6,000)</u>	<u>(6,000)</u>	<u>(4,500)</u>
Excess state aid	<u>\$ 269</u>	<u>\$ 331</u>	<u>\$ 2,433</u>

In addition, the excess state aid remains in the township’s general fund and has not been deposited into the pension plan and/or returned to the Commonwealth as of the date of this report.

Criteria: Section 402(f)(2) of Act 205 states:

No municipality shall be entitled to receive an allocation of general municipal pension system State aid in an amount which exceeds the aggregate actual financial requirements of any municipal pension plans for police officers, paid firefighters or employees other than police officers or paid firefighters maintained by the municipality, less the amount of any aggregate annual member or employee contributions during the next succeeding plan year, as reported in the most recent complete actuarial report filed with the commission.

Cause: Plan officials annually reconcile the amount of state aid allocated to the pension plan with the plan’s actual defined contribution pension costs, but were not aware that the excess state aid should have been returned to the Commonwealth.

Effect: It is this department’s opinion that because the entire proceeds of the insurance premium tax on foreign casualty insurance companies are distributed annually to each eligible recipient municipality, it is inappropriate to use state aid in one year to offset pension costs in other years. Consequently, the overpayment of state aid in the years 2017, 2018, and 2019, in the total amount of \$3,033 must be returned to the Commonwealth for redistribution.

Furthermore, the township’s future state aid allocations may be withheld until the finding recommendation is complied with.

BRADY TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – (Continued)

Recommendation: We recommend that the municipality return the \$3,033 of excess state aid received in the years 2017, 2018, and 2019 to the Commonwealth from township’s general fund. A check in this amount, with interest compounded annually from date of receipt to date of repayment, at a rate earned by the plan, should be made payable to: Commonwealth of Pennsylvania and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 321 Finance Building, Harrisburg, PA 17120. A copy of the interest calculation must be submitted along with evidence of payment.

Management’s Response: Municipal officials agreed with the finding without exception.

Auditor’s Conclusion: Due to the potential withhold of state aid, the township’s compliance with the finding recommendation will be monitored subsequent to the release of the audit report and through our next audit of the plan.

Finding No. 2 – Failure To File Actuarial Valuation Report

Condition: Municipal officials failed to file actuarial valuation report form 203A, with a valuation date of January 1, 2019, with the Municipal Pension Reporting Program (MPRP), by the March 31, 2020, deadline, as required by Act 205, and remains delinquent at the completion of our audit fieldwork.

Criteria: Section 201(a) of Act 205 states, in part:

Each municipality which has established or maintains a pension plan for its employees, including any municipality which participates in the Pennsylvania Municipal Retirement System, shall cause to be made actuarial valuation reports. Actuarial valuation reports shall be made biennially, unless the applicable municipality is applying or has previously applied for supplemental State assistance pursuant to Section 603, whereupon actuarial valuation reports shall be made annually.

Furthermore, Section 201(b) of Act 205 states, in part:

The biennial actuarial valuation report required pursuant to subsection (a) shall be made as of the beginning of each plan year occurring in an odd-numbered calendar year and shall be filed with the executive director of the commission no later than the last business day of March occurring in the following calendar year.

BRADY TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – (Continued)

Section 204 of Act 205 provides:

If a complete actuarial valuation report or experience investigation is not filed in a timely fashion, any and all financing which is provided to the municipality by the Commonwealth and is dedicated for pension plan purposes shall be withheld until the report or investigation is filed.

Cause: Plan officials were not familiar with the applicable Act 205 filing guidelines.

Effect: Due to the failure to file the 2019 actuarial valuation report, the township did not receive state aid for the year 2020, and subsequent year 2021. Further, future state allocations, if any, will be withheld until the necessary report is filed.

Recommendation: We recommend that the municipality take immediate action to file the January 1, 2019 actuarial valuation report, which was due by March 31, 2020, and submit it to the MPRP. By submitting the report as soon as possible, the municipality can minimize the length of time the pension aid will be withheld due to the delinquent filing of the required report.

Furthermore, to insure that future actuarial filing deadlines are met and to improve pension plan administration, we recommend that plan officials develop and implement internal control procedures, such as a calendar listing the various reporting and filing deadlines required by Act 205, including the actuarial valuation report filing date.

Management's Response: Municipal officials agreed with the finding without exception.

Auditor's Conclusion: Compliance will be evaluated during our next audit of the plan.

BRADY TOWNSHIP NON-UNIFORMED PENSION PLAN
POTENTIAL WITHHOLD OF STATE AID

Finding No. 1 contained in this audit report cites an overpayment of state aid to the township in the amount of \$3,033, plus interest. A condition of this nature may lead to a total withholding of state aid in the future unless that finding is corrected. A check in this amount with interest, at a rate earned by the pension plan, should be made payable to: Commonwealth of Pennsylvania, and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 321 Finance Building, Harrisburg, PA 17120.
