AUDITOR GENERAL**

The Honorable Mayor and Borough Council  
Camp Hill Borough  
Cumberland County  
Camp Hill, PA 17011

We have conducted a compliance audit of the Camp Hill Borough Police Pension Plan for the period January 1, 2018 to December 31, 2021. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report, we inquired of plan officials and evaluated supporting documentation provided by officials evidencing that the suggested corrective action has been appropriately taken. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit.
- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- We determined that there were no employee contributions required for the years covered by our audit period due to the fact that employee contributions were appropriately waived by the municipality.
- We determined whether retirement benefits calculated for plan members who retired during the current audit period and through the completion of our fieldwork procedures, represent payments to all (and only) those entitled to receive them and were properly determined and disbursed in accordance with the plan's governing document, applicable laws, and regulations by recalculating the amount of the monthly pension benefits due to the retired individuals and comparing these amounts to supporting documentation evidencing amounts determined and actually paid or payable to the recipients.
- We determined whether the January 1, 2017, January 1, 2019, and January 1, 2021, actuarial valuation reports were prepared and submitted by March 31, 2018, 2020, and 2022, respectively, in accordance with Act 205 and whether selected information provided on these reports is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.
- We determined whether provisions of the Deferred Retirement Option Plan (DROP) were in accordance with the provisions of Act 205 by examining provisions stated in the plan's governing documents.

The Camp Hill Borough Police Pension Plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. PMRS issues a separate Annual Comprehensive Financial Report, copies of which are available from the PMRS accounting office. PMRS's financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

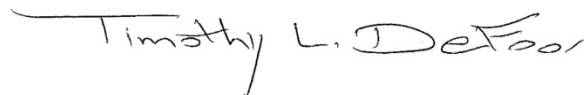

Borough officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Camp Hill Borough Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objectives.

The results of our procedures indicated that, in all significant respects, the Camp Hill Borough Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Partial Compliance With Prior Audit Recommendation – Incorrect  
Data On Certification Form AG 385 Resulting In An Underpayment  
Of State Aid

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Camp Hill Borough and, where appropriate, their responses have been included in the report. We would like to thank borough officials for the cooperation extended to us during the conduct of the audit.

## BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a 2 percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Camp Hill Borough Police Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 15 - Pennsylvania Municipal Retirement Law, Act of February 1, 1974  
(P.L. 34, No. 15), as amended, 53 P.S. § 881.101 et seq.

The Camp Hill Borough Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 2018-02, and a separately executed plan agreement with the plan custodian, adopted pursuant to Act 15. The plan is also affected by the provisions of collective bargaining agreements between the borough and its police officers. The plan was established August 10, 1959. Active members are required to contribute five (5.0) percent of compensation to the plan; however, member contributions were eliminated during the audit period. As of December 31, 2021, the plan had 10 active members, no terminated members eligible for vested benefits in the future, and 16 retirees receiving pension benefits.

CAMP HILL BOROUGH POLICE PENSION PLAN  
STATUS OF PRIOR FINDING

Partial Compliance With Prior Audit Recommendation

Camp Hill Borough has partially complied with the prior audit recommendation concerning the following:

· Incorrect Data On Certification Form AG 385 Resulting In An Overpayment Of State Aid

During the current audit period, the borough reimbursed \$5,584 to the Commonwealth for the overpayment of state aid received in 2017; however, the borough again failed to establish adequate procedures to ensure the accuracy of the reported data, as further discussed in the Finding and Recommendation section of this report.

CAMP HILL BOROUGH POLICE PENSION PLAN  
FINDING AND RECOMMENDATION

**Finding – Partial Compliance With Prior Audit Recommendation – Incorrect Data On Certification Form AG 385 Resulting In An Underpayment Of State Aid**

Condition: As disclosed in the Status of Prior Finding section of this report, the borough partially complied with the prior recommendation by reimbursing the Commonwealth for the overpayment of state aid received in 2017. However, a similar condition occurred during the current audit period. The borough again failed to establish adequate procedures to ensure the accuracy of the reported data. The borough understated payroll by \$51,241 and \$35,485 on the Certification Forms AG 385 filed in 2018 and 2019, respectively, and failed to certify an eligible police officer (2 units) and understated payroll by \$93,002 on the Certification Form AG 385 filed in 2020. The data contained on these certification forms is based on prior calendar year information.

Criteria: Pursuant to Act 205, at Section 402(e)(2), an employee who has been employed on a full-time basis for at least six consecutive months and has been participating in a pension plan during the certification year is eligible for certification.

Cause: Plan officials again failed to establish adequate internal control procedures, such as having another individual review the data certified, to ensure the accuracy of the reported data and compliance with the prior recommendation.

Effect: The data submitted on this certification form is used, in part, to calculate the state aid due to the municipality for distribution to its pension plans. Because the borough’s state aid allocation was based on pension costs, the borough received an underpayment of state aid as identified below:

<u>Year</u>	<u>Normal Cost</u>	<u>Payroll Understated</u>	<u>State Aid Underpayment</u>
2018	16.48%	\$ 51,241	\$ 8,445
2019	16.47%	35,485	5,844
2020	16.47%	94,680	<u>15,594</u>
		Total	<u>\$ 29,883</u>

Although the borough will be reimbursed for the underpayment of state aid due to the borough’s certification error, the full amount of the 2018, 2019, and 2020 state aid allocations were not available to be deposited timely and therefore were not available to fund benefits, pay operating expenses or for investment.

CAMP HILL BOROUGH POLICE PENSION PLAN  
FINDING AND RECOMMENDATION

**Finding – (Continued)**

Recommendation: We recommend that in the future, plan officials establish adequate internal control procedures, such as having at least two people review the data certified, to ensure compliance with the instructions that accompany Certification Form AG 385 to assist them in accurately reporting the required pension data.

Management's Response: Municipal officials agreed with the finding without exception.

Auditor's Conclusion: Compliance will be evaluated during our next audit of the plan.

 SUPPLEMENTARY INFORMATION  
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan’s funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially. The historical information, beginning as of January 1, 2017, is as follows:

	(1)	(2)	(3)	(4)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)
01-01-17	\$ 6,568,661	\$ 5,767,903	\$ (800,758)	113.9%
01-01-19	6,984,615	6,332,608	(652,007)	110.3%
01-01-21	7,514,323	7,622,412	108,089	98.6%

CAMP HILL BOROUGH POLICE PENSION PLAN  
SUPPLEMENTARY INFORMATION  
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.
