**TIMOTHY L. DEFOOR
AUDITOR GENERAL**

Board of Township Supervisors
Mount Pleasant Township
Adams County
Gettysburg, PA 17325

We have conducted a compliance audit of the Mount Pleasant Township Non-Uniformed Pension Plan for the period January 1, 2018 to December 31, 2022. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report, we inquired of plan officials and evaluated supporting documentation provided by officials evidencing that the suggested corrective action has been appropriately taken. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit. State aid allocations that were deposited into the pension plan for the years ended December 31, 2017 to December 31, 2022, are presented on the Summary of Deposited State Aid and Employer Contributions.
- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation. Employer contributions that were deposited into the pension plan for the years ended December 31, 2017 to December 31, 2022, are presented on the Summary of Deposited State Aid and Employer Contributions.
- We determined that there were no employee contributions required by the plan's governing document and applicable laws and regulations for the years covered by our audit period.
- We determined whether retirement benefits calculated for the plan members who retired and received distributions during the current audit period, and through the completion of our fieldwork procedures, represent payments to all (and only) those entitled to receive them and were properly determined and disbursed in accordance with the plan's governing document, applicable laws, and regulations by recalculating the amount of the benefits due to the retired individuals and comparing these amounts to supporting documentation evidencing amounts determined and actually paid to the recipients.
- We determined whether the January 1, 2019 and January 1, 2021 actuarial valuation reports were prepared and submitted by March 31, 2020 and 2022, respectively, in accordance with Act 205 and whether selected information provided on these reports is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.
- We determined whether the terms of all 10 of the plan's allocated insurance contracts, including ownership and any restrictions, were in compliance with plan provisions, investment policies, and state regulations by comparing the terms of the contracts with the plan's provisions, investment policies, and state regulations.

The township has elected to purchase allocated insurance contracts to fund the pension benefits for plan members. Under an allocated funding arrangement, the insurer receives and retains consideration in exchange for a legally enforceable obligation to pay future benefits. In accordance with Statement No. 67 of the Governmental Accounting Standards Board, allocated insurance contracts are excluded from the pension plan's assets. Consequently, the plan has no reportable assets.

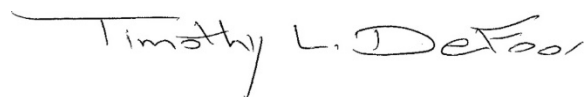

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Mount Pleasant Township Non-Uniformed Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objectives.

The results of our procedures indicated that, in all significant respects, the Mount Pleasant Township Non-Uniformed Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Partial Compliance With Prior Audit Recommendation –
Receipt Of State Aid In Excess Of Entitlement

The finding contained in this audit report repeats a condition that was cited in our previous report that has not been corrected by township officials. We are concerned by the township's failure to correct this previously reported finding and strongly encourage timely implementation of the recommendation noted in this audit report.

The contents of this report were discussed with officials of Mount Pleasant Township and, where appropriate, their responses have been included in the report. We would like to thank township officials for the cooperation extended to us during the conduct of the audit.

Timothy L. DeFoor
Auditor General

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a two percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Mount Pleasant Township Non-Uniformed Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code, and applicable provisions of various other state statutes.

The Mount Pleasant Township Non-Uniformed Pension Plan is a single-employer defined contribution pension plan locally controlled by the provisions of Resolution No. 21-97, as amended. The plan was established May 22, 1970. Active members are not required to contribute to the plan. The municipality is required to contribute \$4,000 per year per participant. As of December 31, 2022, the plan had five active members.

MOUNT PLEASANT TOWNSHIP NON-UNIFORMED PENSION PLAN
STATUS OF PRIOR FINDING

Partial Compliance With Prior Recommendation

Mount Pleasant Township has partially complied with the prior recommendation concerning the following:

· Receipt Of State Aid In Excess Of Entitlement

As disclosed in the prior audit report, municipal officials returned \$963 to the Commonwealth from the township's general fund for the excess state aid received in 2016, plus applicable interest, on March 20, 2018. However, during the current audit period, a similar condition occurred as further discussed in the Finding and Recommendation of this audit report.

MOUNT PLEASANT TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Partial Compliance With Prior Audit Recommendation – Receipt Of State Aid In Excess Of Entitlement

Condition: As disclosed in the prior audit report, although the township returned the excess state aid received in the year 2016 to the Commonwealth, a similar condition occurred during the current audit period. Plan officials again failed to reconcile the amount of state aid allocated to the pension plan with the pension plan’s defined contribution pension costs for the year 2020, as illustrated below:

State aid allocation	\$ 20,683
Less: Actual municipal pension costs	<u>(20,415)</u>
Excess state aid	<u>\$ 268</u>

In addition, as of the date of this report, the excess state aid remains in the township’s general fund.

Criteria: Section 402(f)(2) of Act 205 states:

No municipality shall be entitled to receive an allocation of general municipal pension system State aid in an amount which exceeds the aggregate actual financial requirements of any municipal pension plans for police officers, paid firefighters or employees other than police officers or paid firefighters maintained by the municipality, less the amount of any aggregate annual member or employee contributions during the next succeeding plan year, as reported in the most recent complete actuarial report filed with the commission.

Cause: Plan officials again failed to implement adequate procedures to reconcile the township’s annual state aid allocation with the plan’s actual defined contribution pension costs during 2020.

Effect: It is this department’s opinion that because the entire proceeds of the insurance premium tax on foreign casualty insurance companies are distributed annually to each eligible recipient municipality, it is inappropriate to use state aid in one year to offset pension costs in other years. Consequently, the overpayment of state aid in the year 2020 must be returned to the Commonwealth for redistribution.

MOUNT PLEASANT TOWNSHIP NON-UNIFORMED PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

Recommendation: We recommend that the municipality return the \$268 of excess state aid received in the year 2020 to the Commonwealth from their general fund. A check in this amount, with interest compounded annually from date of receipt to date of repayment, at a rate earned by the plan, should be made payable to: Commonwealth of Pennsylvania and mailed to: Department of the Auditor General, Municipal Pension & Fire Relief Programs Unit, 321 Finance Building, Harrisburg, PA 17120. A copy of the interest calculation must be submitted along with evidence of payment.

In addition, we again recommend that, in the future, plan officials reconcile the township's annual state aid allocation and municipal contributions made to the pension plan with the plan's annual defined contribution pension costs and reimburse any excess state aid received to the Commonwealth.

Management's Response: Management official agreed with the finding without exception. Subsequent to the exit conference, the township returned the excess state aid, \$268 plus interest, to the Commonwealth.

Auditor's Conclusion: Based on the management response, it appears municipal officials have complied with the finding recommendation. Continued compliance will be evaluated during our next audit of the plan.

MOUNT PLEASANT TOWNSHIP NON-UNIFORMED PENSION PLAN
SUMMARY OF DEPOSITED STATE AID AND EMPLOYER CONTRIBUTIONS

Year Ended December 31	State Aid	Employer Contributions
2017	\$ 23,721	\$ 1,284
2018	24,385	53
2019	19,543	672
2020	20,415	None
2021	20,412	\$ 685
2022	20,128	2
