We have conducted a compliance audit of the North Sewickley Township Police Pension Plan for the period January 1, 2018 to December 31, 2022. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit.

- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- We determined whether annual employee contributions were calculated, deducted, and deposited into the pension plan in accordance with the plan's governing document and applicable laws and regulations by testing total members' contributions on an annual basis using the rates obtained from the plan's governing document in effect for all years within the period under audit and examining documents evidencing the deposit of these employee contributions into the pension plan.
- We determined that there were no benefit calculations prepared for the years covered by our audit period.
- We determined whether the January 1, 2019 and January 1, 2021 actuarial valuation reports were prepared and submitted by March 31, 2020 and 2022, respectively, in accordance with Act 205 and whether selected information provided on these reports is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.

The North Sewickley Township Police Pension Plan participates in the Pennsylvania Municipal Retirement System (PMRS), which is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating municipal pension plans. PMRS issues a separate Annual Comprehensive Financial Report, copies of which are available from the PMRS accounting office. PMRS's financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

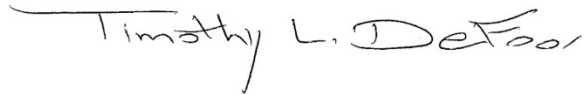

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the North Sewickley Township Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objective.

The results of our procedures indicated that, in all significant respects, the North Sewickley Township Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Failure To Deposit State Aid Into An Eligible Pension Plan

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of North Sewickley Township and, where appropriate, their responses have been included in the report. We would like to thank township officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a two percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the North Sewickley Township Police Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 15 - Pennsylvania Municipal Retirement Law, Act of February 1, 1974
(P.L. 34, No. 15), as amended, 53 P.S. § 881.101 et seq.

The North Sewickley Township Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 06082021, effective April 1, 2020 and a separately executed adoption agreement with the plan custodian adopted pursuant to Act 15. Prior to April 1, 2020, the plan was locally controlled by the provisions of Ordinance No. 119 and an agreement with the plan custodian also adopted pursuant to Act 15. The plan was established January 1, 2001. Active members are required to contribute three (3.0) percent of compensation to the plan. As of December 31, 2022, the plan had two active members, no terminated members eligible for vested benefits in the future, and one retiree receiving pension benefits from the plan.

NORTH SEWICKLEY TOWNSHIP POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Failure To Deposit State Aid Into An Eligible Pension Plan

Condition: The municipality deposited its 2022 state aid allocation in the amount of \$2,707 into the police pension plan instead of the non-uniformed pension plan. Since the police pension plan’s actuarial value of assets exceeded the actuarial present value of future benefits, the police pension plan did not have costs, and therefore the township was only permitted to deposit state aid into the non-uniformed pension plan.

Criteria: Section 402(f)(2) of Act 205 states:

No municipality shall be entitled to receive an allocation of general municipal pension system State aid in an amount which exceeds the aggregate actual financial requirements of any municipal pension plans for police officers, paid firefighters or employees other than police officers or paid firefighters maintained by the municipality, less the amount of any aggregate annual member or employee contributions during the next succeeding plan year, as reported in the most recent complete actuarial report filed with the commission.

In addition, Section 402(g) of Act 205 states, in part:

. . . the total amount of the general municipal pension system State aid received by the municipality shall, within 30 days of receipt by the treasurer of the municipality, be deposited in the pension funds or the alternate funding mechanisms applicable to the respective pension plans.

Cause: Internal control procedures were not in effect to ensure the deposit of state aid into the correct account.

Effect: When state aid is not deposited into an eligible pension plan account, the funds are not available to pay operating expenses or for investment and the risk of misapplication is increased.

Recommendation: The township made municipal contributions to the non-uniformed pension plan from the township’s general fund for the year 2022, therefore, we recommend that municipal officials transfer the 2022 state aid allocation of \$2,707 from the police pension plan to the township’s general fund to reimburse the general fund for the contributions made to the non-uniformed pension plan.

We also recommend that plan officials develop and implement procedures to ensure that future state aid is deposited into an eligible pension plan within 30 days of receipt by the municipal treasurer.

Management’s Response: Municipal officials agreed with the finding without exception.

Auditor’s Conclusion: Compliance will be evaluated during our next audit of the plan.

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially. The historical information, beginning as of January 1, 2017, is as follows:

	(1)	(2)	(3)	(4)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)
01-01-17	\$ 502,601	\$ 391,868	\$ (110,733)	128.3%
01-01-19	511,371	397,104	(114,267)	128.8%
01-01-21	506,307	396,453	(109,854)	127.7%

SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.
