

An Audit by Pennsylvania Auditor General Eugene DePasquale

REIGN OF PREDATORY BEHAVIOR

Rather than fire the now-former executive director on the spot after a 2015 sexual harassment complaint was confirmed, the PPA Board offered 13 conditions for his continued employment, including but not limited to:

"Under no circumstances should you ever kiss, caress, hug, massage or otherwise engage in personal physical conduct with an Authority employee. You shall not comment on the personal appearance of an Authority employee. You may not engage in intimate personal conversations of a sexual nature with an Authority employee."
