

The Pennsylvania Department of the Auditor General learned of alleged illegal acts/improper use of Liquid Fuels Tax funds by Quincy Township during the 2018 and 2019 calendar years. The allegations called into question the reliability of evidence that we used to determine the accuracy of the information on the township's MS-965 forms and the township's compliance with applicable requirements as previously reported in the examination reports for the 2018 calendar year and the 2019 calendar year. As a result, we removed the examination report from this website, and the findings and conclusions presented in the report should not be relied upon.

The Pennsylvania Department of the Auditor General plans to audit the township's MS-965 forms and the township's compliance with applicable requirements at a future date and will post the report to this website upon completion.
