Independent Auditor's Report

The Honorable Daniel P. Meuser
Secretary
Pennsylvania Department of Revenue
Harrisburg, PA 17128

We have examined the accompanying statement of receipts and disbursements (Statement) of District Court 12-3-02, Dauphin County, Pennsylvania (District Court), for the period January 1, 2006 to December 31, 2009, pursuant to the requirements of Section 401(c) of *The Fiscal Code*, 72 P.S. § 401(c). This Statement is the responsibility of the District Court's management. Our responsibility is to express an opinion on this Statement based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Statement and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 401(c) of *The Fiscal Code* to audit the accounts of each district court to determine whether all moneys collected on behalf of the Commonwealth have been correctly assessed, reported and promptly remitted. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 401(c) of *The Fiscal Code*.

Independent Auditor's Report (Continued)

In our opinion, the Statement referred to above presents, in all material respects, the operations of the District Court as it pertains to receipts made on behalf of the Commonwealth for the period ended December 31, 2009, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Statement and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Statement is presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Statement or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District Court's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the District Court's Statement that is more than inconsequential will not be prevented or detected by the District Court's internal control. We consider the deficiency described in the finding below to be a significant deficiency in internal control over the reporting on the Statement:

- Deposit Slips Not Validated By The Bank.

Independent Auditor's Report (Continued)

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Statement will not be prevented or detected by the District Court's internal control. Our consideration of the internal control over reporting on the Statement would not necessarily disclose all matters in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We consider the significant deficiency described above to be a material weakness.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Pennsylvania Department of Revenue, the Administrative Office of Pennsylvania Courts, and the District Court and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO THE STATEMENT OF RECEIPTS AND DISBURSEMENTS

1. Criteria

The Statement of Receipts and Disbursements provides a summary of receipts and disbursements by category. The categories and the amounts of fines, costs, fees, and surcharges assessed are based on Pennsylvania laws and regulations.

The Statement was prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Revenue. Under this method, only the Commonwealth portion of cash receipts and disbursements are presented, revenues are recognized when received, and expenditures are recognized when paid.

2. Receipts

Receipts are comprised of fines, costs, fees, and surcharges collected on behalf of the Commonwealth. These fines, costs, fees, and surcharges represent collections made on traffic, non-traffic, civil, and criminal cases filed with the District Court.

3. Disbursements

Total disbursements are comprised as follows:

District Court checks issued to:

Department of Revenue	\$ <u>954,858</u>
-----------------------	-------------------

4. Balance Due Commonwealth (District Court) For The Period January 1, 2006 To December 31, 2009

This balance reflects the summary of monthly transmittal reports as settled by the Department of Revenue.

Gregory D. Johnson served at District Court 12-3-02 for the period January 1, 2006 to December 31, 2009.

DISTRICT COURT 12-3-02
DAUPHIN COUNTY
FINDING AND RECOMMENDATION
FOR THE PERIOD
JANUARY 1, 2006 TO DECEMBER 31, 2009

Finding - Deposit Slips Not Validated By The Bank

Our examination of the district court's accounting records disclosed that the office copy of the bank deposit slip was not validated by the bank in 60 of the 60 deposits tested. The district court received a validated receipt from the bank, but this only confirmed the total amount deposited and not the actual make up of the deposit (i.e. cash and check mix).

Good internal accounting controls require that the amount of each check and the total amount of cash deposited are identified on the deposit slip. The office copy of each deposit should be brought to the bank to be validated.

Without a good system of internal control over funds received by the office, the possibility of funds being lost or misappropriated increases significantly.

The district court was not aware of the potential internal control weaknesses caused by not having a validated deposit slip.

Recommendation

We recommend that the district court secure the bank's validation on the court's copy of the deposit slip.

Management's Response

The Magisterial District Judge responded as follows:

We were not aware of the necessity of separating cash and checks amounts. Our bank provided us with a confirmation slip for our deposit and did not provide a validated deposit slip. Those deposit slips and validation slips were stapled together and matched. The first time we were made aware of the problem was during this audit. We immediately ordered triplicate deposit slips and now these are validated by the bank, returned to us and attached to the daily report. The second time I was made aware (of this) was at Continuing Legal Education (CLE) in January 2011. I feel this should not be a written finding but an oral comment.

Auditor's Conclusion

The condition noted above is a material weakness that, per Government Auditing Standards, must be documented in the examination report.
