EUGENE A. DEPASQUALE AUDITOR GENERAL

#### Independent Auditor's Report

The Honorable C. Daniel Hassell Secretary Pennsylvania Department of Revenue Harrisburg, PA 17128

We have examined the accompanying statement of receipts and disbursements (Statement) of District Court 41-3-05, Perry County, Pennsylvania (District Court), for the period January 1, 2015 to December 31, 2018 pursuant to the requirements of Section 401(c) of *The Fiscal Code*, 72 P.S. § 401(c). The District Court's management is responsible for presenting this Statement in accordance with the criteria set forth in Note 1. Our responsibility is to express an opinion on this Statement based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Statement is presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the statement of receipts and disbursements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Statement, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are mandated by Section 401(c) of *The Fiscal Code* to audit the accounts of each district court to determine whether all moneys collected on behalf of the Commonwealth have been correctly assessed, reported and promptly remitted. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 401(c) of *The Fiscal Code*.

### <u>Independent Auditor's Report (Continued)</u>

In our opinion, the Statement referred to above, for the period January 1, 2015 to December 31, 2018, is presented in accordance with the criteria set forth in Note 1, in all material respects.

In accordance with Government Auditing Standards, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Statement; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Statement. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Statement is presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Statement or on compliance and other matters; accordingly, we express no such opinions.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Statement will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose of expressing an opinion on whether the Statement is presented in accordance with the criteria described above and was not designed to identify all deficiencies in internal control over reporting on the Statement that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of obtaining reasonable assurance about whether the Statement is free from material misstatement, we performed tests of the District Court's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of Statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The purpose of this report is to determine whether all moneys collected on behalf of the Commonwealth have been correctly assessed, reported and promptly remitted. This report is not suitable for any other purposes.

# DISTRICT COURT 41-3-05 PERRY COUNTY SUMMARY OF PRIOR EXAMINATION RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2015 TO DECEMBER 31, 2018

### Summary Of Prior Examination Recommendations

During our prior examination, we recommended that the district court:

- Establish and implement adequate internal controls over third party collections to ensure that all payments are properly recorded, deposited and remitted.
- Request that the constables it engages for service of process of warrants complete the back of warrants in their entirety which serve as official receipts, and submit the warrants, along with collections, immediately to the district court. We further recommended that the district court consider discontinuing its use of constables who refuse to comply with the court's request and that the district court account for all collections, including constable fees, and document its attempts to ensure that unserved warrants are returned when recalled, in accordance with the *Magisterial District Judge Automated Office Clerical Procedures Manual*. Additionally, we recommended that the district court authorize payment of only allowable and correctly documented costs and fees for constables.
- Review warrant control reports and notify police or other officials to return warrants that are unserved for 60 days for summary traffic and non-traffic cases are recommended by the *Magisterial District Judge Automated Office Clerical Procedures Manual*.

During our current examination, we noted that the office complied with our recommendations.
