EUGENE A. DEPASQUALE AUDITOR GENERAL

Independent Auditor's Report

The Honorable Barry J. Schoch, P.E. Secretary Department of Transportation Harrisburg, PA 17120

We examined the accompanying Forms MS-991 With Adjustments for the Liquid Fuels Tax Fund and the Reports of Act 44 Tax Fund With Adjustments of Chester County for the period January 1, 2011 to December 31, 2012. The county's management is responsible for the Forms MS-991 and the Reports of Act 44 Tax Fund. Our responsibility is to express an opinion on the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting Chester County's Forms MS-991 and Reports of Act 44 Tax Fund for the period January 1, 2011 to December 31, 2012 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each county's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in the Finding Recommendations section of this report, the county expended \$784.00 during 2011 and \$1,065.89 during 2012 from its Liquid Fuels Tax Fund and \$4,404.51 during 2012 from the Act 44 Tax Fund for nonpermissible expenditures. Additionally, as discussed in the Comment section of this report, during the prior examination period the county expended \$16,751.65 for the purchase of road signs without maintaining documentation to support price quotations, \$9,300.00 without obtaining project approval, and \$7,440.93 for nonpermissible expenditures. The county reimbursed \$33,492.58 to Liquid Fuels Tax Fund on June 25, 2013, which was subsequent to our examination period.

In our opinion, except for the matters discussed in the preceding paragraph, the Forms MS-991 With Adjustments and the Reports of Act 44 Tax Fund With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund and Act 44 Tax Fund of Chester County for the period January 1, 2011 to December 31, 2012, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-991 and the Reports of Act 44 Tax Fund and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-991 and the Reports of Act 44 Tax Fund are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-991 and the Reports of Act 44 Tax Fund will not be prevented or detected by Chester County's internal control.

Independent Auditor's Report (Continued)

Our consideration of internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Forms MS-991 and the Reports of Act 44 Tax Fund.

The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

• Nonpermissible Expenditures – Recurring.

We are concerned in light of the county's failure to correct a previously reported finding regarding nonpermissible expenditures. The county should strive to implement the recommendations and corrective actions noted in this report.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of Chester County and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the courtesy extended by the Chester County, to us during the course of our examination. If you have any questions, please feel free to contact Michael B. Kashishian, CPA, CGAP, CFE, Director, Bureau of County Audits, at 717-787-1363.

CHESTER COUNTY LIQUID FUELS TAX FUND AND ACT 44 TAX FUND BACKGROUND FOR THE PERIOD JANUARY 1, 2011 TO DECEMBER 31, 2012

Background

The Vehicle Code makes provisions and provides funding for County Liquid Fuels and Act 44 Programs. The Pennsylvania Department of Transportation has regulatory administration and oversight of the funds supporting these county programs. Counties are required to comply with those provisions and to report annually.

The Vehicle Code imposes a state tax on liquid fuels and fuels used or sold and delivered by distributors within the Commonwealth (75 Pa. C.S. § 9004(a)). One-half cent of the tax collected on each gallon of liquid fuels is deposited in the Commonwealth's Liquid Fuels Tax Fund. The Vehicle Code further provides for the disposition and use of this tax, including the allocations to counties in June and December of each year to fund construction, reconstruction, maintenance and repair of county roads, streets and bridges. The allocation to the respective counties is made in the ratio that the average amount returned to each county during the three preceding years bears to the average amount returned to all counties during the three preceding years (75 Pa C.S. § 9010).

The Vehicle Code, as recently amended by Act 44 of 2007 (July 18, 2007, P.L.169), requires the Pennsylvania Turnpike Commission to make annual contributions for the benefit of the Pennsylvania Department of Transportation's Motor License Fund, and further requires the Department of Transportation to distribute \$5,000,000 of the annual contribution to counties (75 Pa. C.S. § 8915.6). The annual distribution to counties is determined based upon the ratio of square footage of deck area of a county's county-owned bridges to the total square footage of deck area of a county's county-owned bridges is required as part of the National Bridge Inspection Standards Program.

Criteria

- A. *The Vehicle Code* prescribes criteria for liquid fuels program funds (75 Pa C.S. § 9010). The Pennsylvania Department of Transportation's *Publication 9* provides more specific policies and procedures to counties for the administration and reporting of the liquid fuels program funds. In the event of any discrepancies between the two, the legislation governs.
 - (1) Funds received by the counties must be deposited in a special fund designated as the County Liquid Fuels Tax Fund and no other money may be deposited and commingled. Money should be invested to earn interest until expended.
 - For purposes of payments under (2), below, the county may borrow and place in the special fund money not in excess of the liquid fuels tax funds to be received during the current calendar year.

(2) Payments from the special fund may be used for:

- construction, reconstruction, maintenance and repair of roads, highways, bridges and curb ramps from a road or highway to provide for access by individuals with disabilities consistent with Federal and State law;
- property damages and compensation of viewers for services in eminent domain proceedings involving roads, highways, and bridges;
- construction, reconstruction, operation and maintenance of publicly owned ferryboat operations;
- interest and principal payments on road, bridge, or publicly owned ferryboat operation bonds or sinking fund charges;
- acquisition, maintenance, repair and operation of traffic signs and signals;
- erection and maintenance of stop and go signal lights, blinkers and other like traffic control devices;
- indirect costs, including benefit costs, overhead and other administrative charges for those county employees directly engaged in eligible projects, not to exceed 10 percent of the yearly allocation to the county; and

1. <u>Criteria (continued)</u>

- individual vehicle liability insurance for equipment purchased under the fund, not to exceed 10 percent of the yearly allocation to the county.
- (3) Counties may not make expenditures from the special fund for new construction on roads, bridges, curb ramps, or publicly owned ferryboat operations without the approval of the plans for construction by the Pennsylvania Department of Transportation. And, counties may not allocate money from the special fund to political subdivisions within the county until the application and the contracts or plans for the proposed expenditures have been made on a form prescribed by the Pennsylvania Department of Transportation.
- (4) Counties may encumber current funds for future road and bridge construction, reconstruction, and maintenance projects including viable municipal projects. Counties must redistribute any unencumbered balance in the special fund to political subdivisions if the unencumbered balance is more than the county's receipts during the preceding twelve month period.
- (5) Counties must submit a report to the Pennsylvania Department of Transportation by January 15 for the period ending December 31 on prescribed Form MS-991, The Report of County Liquid Fuels Tax Fund, showing the receipts and expenditures of the money received by the county from the Commonwealth. Upon failure to file the report or instances of any non-compliant payments, allocations, or expenditures, the Pennsylvania Department of Transportation will withhold further funding until the delinquent report is filed, the money is allocated, or the expenditures for the prior 12 months are approved.
- B. *The Vehicle Code*, as recently amended by Act 44 of 2007 (July 18, 2007, P.L. 169), prescribes the Pennsylvania Department of Transportation with oversight authority of the Act 44 funds distributed to the counties from the Pennsylvania Turnpike Commission's annual contribution of \$5,000,000 to the Commonwealth's Motor License Fund. The County's Act 44 Tax Fund is used to account for the distribution made to the county from the Department of Transportation and the payments made for construction and maintenance of county-owned bridges.

1. <u>Criteria (continued)</u>

Basis Of Presentation

In accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation, the Report of County Liquid Fuels Tax Fund With Adjustments and the Report of Act 44 Tax Fund With Adjustments do not constitute complete financial presentations of the county's assets, liabilities, expenses, and fund balance but include the receipts, expenditures, and fund balances of the County Liquid Fuels Tax Fund and the County Act 44 Tax Fund, respectively.

The Pennsylvania Department of Transportation prescribes that the county report the following on the MS-991 form, *Report of County Liquid Fuels Tax Fund*:

- A. The balance in the County Liquid Fuels Tax Fund at the beginning of the report calendar year.
- B. Receipts which must be itemized and include interest, reimbursable agreements, and miscellaneous items such as loans, sale of salvageable material, and damage claims to road or bridge property.

Refer to the related Notes: Note 3, Interest Earnings; Note 5, Reimbursable Agreements; and Note 6, Miscellaneous Receipts.

- C. Accounts receivable (to be realized within 60 days of the year end).
- D. Total Liquid Fuels Tax funds available for expenditure and encumbrances.
- E. Expenditures for county-owned roads, highways, and bridges.
- F. Accounts payable (accrued wages, accrued payroll taxes, and accounts payable vendors to be realized within 60 days of the year end).
- G. The balance in the fund at the close of the report calendar year.
- H. Encumbered and unencumbered balances on hand at the close of the report calendar year.

1. <u>Deposits</u>

The County Code, Title 16 P.S § 17067, authorizes the county to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit from institutions having their principal place of business in or outside the Commonwealth of Pennsylvania that are insured by the FDIC or other like insurance. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in financial institutions. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2012. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the county's name.

Fund Balance

The fund balance for the Liquid Fuels Tax Fund as of December 31, 2012, consists of the following:

Cash

\$199,037.96

The fund balance for the Act 44 Tax Fund as of December 31, 2012, consists of the following:

Cash

<u>\$89,979.98</u>

3. <u>Interest Earnings</u>

Our examination disclosed that the county deposited idle liquid fuels tax money in interestbearing accounts and certificates of deposit which earned \$1,048.82 during 2011, and \$345.95 during 2012, thus providing additional funds for road maintenance and repairs.

Additionally, the county deposited idle Act 44 tax money in interest-bearing accounts and certificates of deposit which earned \$6.44 during 2011, and \$465.63 during 2012, thus providing additional funds for bridge maintenance and repairs.

4. Adjustments

2011 Form MS-991

An adjustment of \$394,607.86 was made to "Balance, January 1, 2011" because an incorrect fund balance was reported.

Adjustments were made to "Reimbursable agreements" and "Miscellaneous" because receipts of \$4,500.00 were misclassified.

An adjustment of \$394,607.86 was made to "Maintenance and repair" because these expenditures were understated.

2012 Form MS-991

An adjustment of \$3,499.56 was made to "Balance, January 1, 2012" because an incorrect fund balance was reported.

Adjustments were made to "Reimbursable agreements" and "Miscellaneous" because receipts of \$92,318.26 were misclassified.

2011 Report of Act 44 Tax Fund

Adjustments were made to "Act 44 Funds" and "Miscellaneous Receipts" because receipts of \$89,128.53 were misclassified.

4. Adjustments (Continued)

2012 Report of Act 44 Tax Fund

Adjustments were made to "Act 44 Funds" and "Miscellaneous Receipts" because receipts of \$88,401.44 were misclassified.

5. <u>Reimbursable Agreements</u>

During our examination, we noted that the county entered into reimbursement agreements with the Commonwealth of Pennsylvania for bridge inspections. During our current examination period, the county received \$107,348.22 during 2011, and \$111,886.04 during 2012 as a result of these agreements and deposited this money into its Liquid Fuels Tax Fund. As of December 31, 2012, \$34,981.37 is due the Liquid Fuels Tax Fund.

6. <u>Miscellaneous Receipts</u>

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

2012

CHESTER COUNTY LIQUID FUELS TAX FUND AND ACT 44 TAX FUND FINDING AND RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2011 TO DECEMBER 31, 2012

Finding - Nonpermissible Expenditures - Recurring

We cited the county for nonpermissible expenditures in our prior report for the period January 1, 2008 to December 31, 2010. Our current examination disclosed that the county expended \$784.00 during 2011 and \$1,065.89 during 2012 from the Liquid Fuels Tax Fund and \$4,404.51 during 2012 from the Act 44 Tax Fund for the following nonpermissible items:

The Liquid Fuels and Fuels Tax Act of April 17, 1997, P.L. 6, § 12, 75 Pa. C.S.A. § 9010(b)(2)(i)(A-H), provides, in part, that Liquid Fuels Tax Fund money can only be used "for the purposes of construction, reconstruction, maintenance and repair of roads, highways, and bridges...."

The Department of Transportation has been statutorily authorized to promulgate regulations concerning the administration of Liquid Fuels Tax Fund money and has determined that certain items, including uniforms and labor for work other than bridge or road work, are outside the scope of permissible expenditures.

Additionally, The Department of Transportation's *Publication 9*, Chapter Four, Section 4.2, permits Act 44 Tax Fund money to be used only for the maintenance and construction of county-owned bridges.

The failure to comply with the Liquid Fuels and Fuels Tax Act and the Department of Transportation's *Publication 9* could result in the county having to reimburse \$1,849.89 to its Liquid Fuels Tax Fund and \$4,404.51 to its Act 44 Tax Fund.

This condition occurred because the county failed to comply with our prior examination recommendation to comply with the Liquid Fuels and Fuels Tax Act and the Department of Transportation's *Publication 9* regarding permissible expenditures.

CHESTER COUNTY LIQUID FUELS TAX FUND AND ACT 44 TAX FUND FINDING AND RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2011 TO DECEMBER 31, 2012

Finding - Nonpermissible Expenditures – Recurring (Continued)

Recommendations

We recommend that the county reimburse \$1,849.89 to its Liquid Fuels Tax Fund and \$4,404.51 to its Act 44 Tax Fund upon official notification by the Department of Transportation.

We again recommend that, in the future, the county comply with the Liquid Fuels and Fuels Tax Act and the Department of Transportation's *Publication 9* regarding permissible expenditures.

Management's Response

The Deputy Controller stated:

The nonpermissible uniforms were brought to the County's attention during the previous audit. Since the 2008-2010 findings were not received until March 2013, the nonpermissible uniforms continued to be purchased using Liquid Fuels Tax Fund money in 2011 and 2012.

We concur with the finding for the nonpermissible payroll and related expenditures due to disciplinary action. The employee's time should not have been charged to the Liquid Fuels Tax Fund. We have corrected the situation going forward.

Auditor's Conclusion

The county officials were informed of the finding for nonpermissible expenditures at the exit conference for our 2008-2010 examination held on December 21, 2011. However, the county continued to make the nonpermissible expenditures through 2012. During our next examination we will determine if the county complied with our recommendations.

CHESTER COUNTY LIQUID FUELS TAX FUND AND ACT 44 TAX FUND COMMENT FOR THE PERIOD JANUARY 1, 2011 TO DECEMBER 31, 2012

Comment - Summary Of Prior Examination Recommendations

In our prior report we recommended that the Department of Transportation review our examination finding to determine if the county should reimburse \$33,492.58 to its Liquid Fuels Tax Fund. This amount consists of \$16,751.65 for the purchase of road signs without obtaining price quotations, \$9,300.00 failing to obtain project approval, and \$7,440.93 for nonpermissible expenditures. A finding for nonpermissible expenditures was written in our current report.

During our current examination we reviewed a letter dated May 28, 2013, from the Department of Transportation informing the county to reimburse \$33,492.58 to its Liquid Fuels Tax Fund. We noted that the county reimbursed this amount to its Liquid Fuels Tax Fund on June 25, 2013, which was subsequent to our examination period.

In our prior report we also recommended:

- That before the county expends money on a project, it applies for and obtains prior approval of the project, and when the project is completed it obtains approval for the completed work.
- That the county comply with *The County Code* and the Department of Transportation's *Publication 9* by maintaining price quotations for purchases between \$4,000.00 and \$10,000.00. The thresholds for obtaining price quotations increased to purchases between \$10,000.00 and \$18,500.00 for 2012, \$10,200.00 and \$18,900.00 for 2013, and \$10,300.00 and \$19,100.00 for 2014.

During our current examination we noted that the county complied with our recommendations.

Additionally, in our prior report we recommended that the Department of Transportation review our examination finding to determine if the county should distribute \$475,933.43 to the political subdivisions within the county because the county's unencumbered balance was greater than the total receipts for the year ended December 31, 2010.

During our current examination we reviewed a letter dated September 4, 2013, from the Department of Transportation informing the county that the distribution of \$475,933.43 would not be required.

CHESTER COUNTY LIQUID FUELS TAX FUND AND ACT 44 TAX FUND SUMMARY OF EXIT CONFERENCE FOR THE PERIOD JANUARY 1, 2011 TO DECEMBER 31, 2012
