EUGENE A. DEPASQUALE AUDITOR GENERAL

### Independent Auditor's Report

The Honorable Leslie Richards Acting Secretary Department of Transportation Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Bear Lake, Warren County, for the period January 1, 2012 to December 31, 2013. The municipality's management is responsible for the Forms MS-965. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Borough of Bear Lake, Warren County's Forms MS-965 for the period January 1, 2012 to December 31, 2013 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

### <u>Independent Auditor's Report (Continued)</u>

In our opinion, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Bear Lake, Warren County, for the period January 1, 2012 to December 31, 2013, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose of expressing an opinion on whether the Form MS-965 are presented in accordance with the criteria described above and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control, described in the finding listed below, that we consider to be a material weakness in internal control:

· Authorized Check Signers Are Related - Recurring.

### <u>Independent Auditor's Report (Continued)</u>

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of the Borough of Bear Lake, Warren County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

• Failure To File 2013 Form MS-965.

We also noted an other matter that, while not required to be included in this report by *Government Auditing Standards*, has been included in the finding below:

Late Receipt Of Allocations - Recurring.

We are concerned that the municipality failed to correct previously reported findings for permitting relatives to authorize checks and for receiving its Liquid Fuels Tax Fund allocation late. During our current examination, authorized check signers were related, the municipality failed to file its 2013 Form MS-965, and the municipality received its allocation late. The failure to ensure that at least two unrelated persons are authorized to sign checks increases the risk of unauthorized disbursements, errors, or misappropriations occurring and remaining undetected. Additionally, because the municipality did not file its 2013 Form MS-965, it has not yet received its 2014 Liquid Fuels Tax Fund allocation. Furthermore, because the municipality failed to file required documents and information timely, it did not have use of its 2012 Liquid Fuels Tax Fund allocation for 20 months and its 2013 Liquid Fuels Tax Fund allocation for 5 months. The municipality should strive to comply with our recommendations and corrective actions noted in this report.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Borough of Bear Lake, Warren County, and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the courtesy extended by the Borough of Bear Lake, Warren County, to us during the course of our examination. If you have any questions, please feel free to contact Michael B. Kashishian, CPA, CGAP, CFE, Director, Bureau of County Audits, at 717-787-1363.

# BOROUGH OF BEAR LAKE WARREN COUNTY LIQUID FUELS TAX FUND BACKGROUND FOR THE PERIOD JANUARY 1, 2012 TO DECEMBER 31, 2013

### Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

- 1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.
- 2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.
- 3. A report of elected and appointed officials by January 31 of each year.
- 4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

# BOROUGH OF BEAR LAKE WARREN COUNTY LIQUID FUELS TAX FUND NOTES TO FORMS MS-965 WITH ADJUSTMENTS FOR THE PERIOD JANUARY 1, 2012 TO DECEMBER 31, 2013

### 1. Criteria

### Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

 Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

Prior To			
2012	2012	2013	2014
\$4,000.00	\$10,000.00	\$10,200.00	\$10,300.00

• Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs, or less, than the amounts indicated below:

Prior To			
2012	2012	2013	2014
\$4,000.00	\$10,000.00	\$10,200.00	\$10,300.00

Agility projects are exchanges of services with the Department of Transportation.

### Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is generally received from the Department of Transportation during the first week in April of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- The turnback allocation is generally received from the Department of Transportation during the first week in April of each year. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.

# BOROUGH OF BEAR LAKE WARREN COUNTY LIQUID FUELS TAX FUND NOTES TO FORMS MS-965 WITH ADJUSTMENTS FOR THE PERIOD JANUARY 1, 2012 TO DECEMBER 31, 2013

### 1. <u>Criteria (Continued)</u>

### Section 2 (Continued)

• Expenditures include the total transferred from Section 1.

### Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

### **Basis Of Presentation**

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

# BOROUGH OF BEAR LAKE WARREN COUNTY LIQUID FUELS TAX FUND NOTES TO FORMS MS-965 WITH ADJUSTMENTS FOR THE PERIOD JANUARY 1, 2012 TO DECEMBER 31, 2013

### 1. <u>Criteria (Continued)</u>

## **Basis Of Accounting**

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

## General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

## 2. Deposits

*The Borough Code*, Title 53 P.S § 46316, authorizes the borough to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit
  or share accounts of institutions having their principal place of business in the
  Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance
  Corporation (FDIC) or other like insurance. For any amount above the insured
  maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

# BOROUGH OF BEAR LAKE WARREN COUNTY

# LIQUID FUELS TAX FUND

### NOTES TO FORMS MS-965 WITH ADJUSTMENTS FOR THE PERIOD

JANUARY 1, 2012 TO DECEMBER 31, 2013

### 2. Deposits (Continued)

There were no deposits exposed to custodial credit risk as of December 31, 2013. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

### Fund Balance

The fund balance as of December 31, 2013 consists of the following:

Cash \$17,805.39

### 3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in an interest-bearing account which earned \$5.57 during 2012, and \$2.97 during 2013, thus providing additional funds for road maintenance and repairs.

## 4. Adjustments

### 2012 - Section 3

An adjustment of \$2,025.32 was made to "Prior year equipment balance" because of prior report adjustments that were not carried forward in the equipment balance.

### 2013 - Section 1

Adjustments were made to this form because it was not filed with the Department of the Transportation (see Finding No. 2).

### 2013 - Section 2

Adjustments were made to this form because it was not filed with the Department of the Transportation (see Finding No. 2).

### 2013 - Section 3

Adjustments were made to this form because it was not filed with the Department of the Transportation (see Finding No. 2).

### Finding No. 1 - Authorized Check Signers Are Related - Recurring

We cited the municipality for permitting relatives to authorize checks in our prior report for the period January 1, 2010 to December 31, 2011. Our current examination disclosed that during 2012 the secretary/treasurer and the president of council, who are daughter and father, respectively, were authorized to sign checks drawn on the Liquid Fuels Tax Fund. Additionally, during 2013 the secretary/treasurer and president of council, who are wife and husband, respectively, were authorized to sign checks drawn on the Liquid Fuels Tax Fund.

Good internal control procedures ensure that at least two unrelated persons are authorized to sign checks drawn on the Liquid Fuels Tax Fund.

Without this control, the risk of unauthorized disbursements, errors, or misappropriations occurring and remaining undetected increases significantly.

This condition occurred because the municipality failed to comply with our prior examination recommendation to require at least two signatures of unrelated municipal officials on all disbursements from the Liquid Fuels Tax Fund account.

### Recommendation

We again recommend that the municipality improve internal control procedures over disbursements by requiring at least two signatures of unrelated municipal officials on all disbursements from the Liquid Fuels Tax Fund account.

### Management's Response

The president of council stated:

This is the way it has always been. Moving forward it will be brought up at January meeting to have three authorized to sign.

### Auditor's Conclusion

This is a recurring finding. We strongly recommend that the municipality comply with our recommendation. During our next examination we will determine if the municipality complied with recommendation.

### Finding No. 2 - Failure To File 2013 Form MS-965

Our examination disclosed that the borough did not file its 2013 Form MS-965 with the Department of Transportation. The Department of Transportation's *Publication 9* requires municipalities to file a Form MS-965 by January 31 each year for the preceding year.

Additionally, a borough is not eligible to receive its Liquid Fuels Tax Fund allocation until the Form MS-965 for the prior year is filed. Because the borough did not file its 2013 Form MS-965, it has not received its 2014 Liquid Fuels Tax Fund allocation as of December 16, 2014, the exit conference date of this report.

### Recommendations

We recommend that the municipality ensure that its Form MS-965 is complete and accurate and is filed timely with the Department of Transportation.

We further recommend that the municipality immediately file is 2013 Form MS-965 with the Department of Transportation.

### Management's Response

The president of council stated:

I am new to this position, and unaware when and where to report. The borough will meet with a PA representative to discuss how to report this.

### Auditor's Conclusion

The borough officials should ensure that its Form MS-965 is filed with the Department of Transportation annually. During our next examination we will determine if the municipality complied with our recommendation.

### Finding No. 3 - Late Receipt Of Allocations - Recurring

We cited the municipality for receiving its Liquid Fuels Tax Fund allocation late in our prior report for the period January 1, 2010 to December 31, 2011. Our current examination disclosed that the 2012 and 2013 Liquid Fuels Tax Fund allocations of \$4,962.97 and \$4,881.48, respectively, which should have been distributed from the Department of Transportation to the municipality during the first week of April of each year, were not received until December 11, 2013, and September 23, 2013, respectively, because the municipality failed to comply with the Department of Transportation's *Publication 9*, Chapter Two, Section 2.4, which states:

To qualify for the annual liquid fuels tax allocation, a municipality shall:

- Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- Make deposits and payments or expenditures in compliance with the Act 655. Failure to do so may result in not receiving allocations from PENNDOT until all discrepancies are resolved.
- Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition by March 15<sup>th</sup>.
- Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.

Because the municipality failed to file documents and information timely as noted above, the municipality did not have use of the 2012 allocation for more than 20 months and the 2013 allocation for more than 5 months. Furthermore, had the allocations been received timely, money may have been available for investment purposes, potentially earning interest income which could have been used for road maintenance and repairs.

This condition occurred because the municipality failed to comply with the Department of Transportation's *Publication 9* to ensure that its allocations are received during the first week in April as outlined above.

### Finding No. 3 - Late Receipt Of Allocations (Continued)

### Recommendation

We again recommend that, in the future, the municipality comply with the Department of Transportation's *Publication 9* to ensure that the allocations are received during the first week in April as outlined above.

## Management's Response

The president of council stated:

I am new to this position, and unaware when and where to report. The borough will meet with PA representative to discuss how to report this.

### Auditor's Conclusion

This is a recurring finding. We strongly recommend that the municipality comply with our recommendation. During our next examination we will determine if the municipality complied with recommendation.

# BOROUGH OF BEAR LAKE WARREN COUNTY LIQUID FUELS TAX FUND SUMMARY OF EXIT CONFERENCE FOR THE PERIOD JANUARY 1, 2012 TO DECEMBER 31, 2013

An exit conference was held December 16, 2014. Those participating were:

# **BOROUGH OF BEAR LAKE**

The Honorable Jason Christianson, President of Council

## **DEPARTMENT OF THE AUDITOR GENERAL**

Ms. Ortenzia M. Keller, Auditor

The results of the examination were presented and discussed in their entirety.
