EUGENE A. DePASQUALE
AUDITOR GENERAL

Independent Auditor's Report

The Honorable Leslie Richards
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Lewistown, Mifflin County, for the period January 1, 2013 to December 31, 2014. The municipality's management is responsible for the Forms MS-965. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Borough of Lewistown, Mifflin County's Forms MS-965 for the period January 1, 2013 to December 31, 2014 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in the Finding and Recommendations section of this report, the municipality expended 7,849.40 for ID-2 Wearing and \$1,420.55 for BCBC during 2013 and \$928.82 for ID-2 Wearing during 2014 from the Liquid Fuels Tax Fund. However, ID-2 Wearing and BCBC are nonpermissible expenditures.

In our opinion, except for the matter discussed in the preceding paragraph, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Lewistown, Mifflin County, for the period January 1, 2013 to December 31, 2014, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose of expressing an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditor's Report (Continued)

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of the Borough of Lewistown, Mifflin County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

- Nonpermissible Expenditures.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Borough of Lewistown, Mifflin County, and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the courtesy extended by the Borough of Lewistown, Mifflin County, to us during the course of our examination. If you have any questions, please feel free to contact Michael B. Kashishian, CPA, CGAP, CFE, Director, Bureau of County Audits, at 717-787-1363.

BOROUGH OF LEWISTOWN
MIFFLIN COUNTY
LIQUID FUELS TAX FUND
BACKGROUND
FOR THE PERIOD
JANUARY 1, 2013 TO DECEMBER 31, 2014

Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.
2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.
3. A report of elected and appointed officials by January 31 of each year.
4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

 LIQUID FUELS TAX FUND
 NOTES TO FORMS MS-965 WITH ADJUSTMENTS
 FOR THE PERIOD
 JANUARY 1, 2013 TO DECEMBER 31, 2014

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

| Prior To 2012 | 2012 | 2013 | 2014 |
|------------------|-------------|-------------|-------------|
| \$4,000.00 | \$10,000.00 | \$10,200.00 | \$10,300.00 |

- Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs, or less, than the amounts indicated below:

| Prior To 2012 | 2012 | 2013 | 2014 |
|------------------|-------------|-------------|-------------|
| \$4,000.00 | \$10,000.00 | \$10,200.00 | \$10,300.00 |

- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation was received from the Department of Transportation during the first week in April of each year through 2013. Municipalities began receiving the state allocation in March of each year beginning in 2014. The amount the municipality receives is based half on its population and half on its road mileage.

The turnback allocation was received from the Department of Transportation during the first week in April of each year through 2013. Municipalities began receiving the turnback allocation in March of each year beginning in 2014. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.

Criteria (Continued)

Section 2 (Continued)

- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

1. Criteria (Continued)

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Borough Code, Title 53 P.S. § 46316, authorizes the borough to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

2. Deposits (Continued)

There were no deposits exposed to custodial credit risk as of December 31, 2014. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

Fund Balance

The fund balance as of December 31, 2014 consists of the following:

| | |
|------|--------------------------|
| Cash | <u><u>\$9,746.52</u></u> |
|------|--------------------------|

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in an interest-bearing account which earned \$606.17 during 2013, and \$353.38 during 2014, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2013 - Section 1

Adjustments were made to "Minor equipment purchases" and "Repairs of tools and machinery" because expenditures of \$4,395.00 were misclassified.

2014 - Section 1

Adjustments were made to "Cleaning streets and gutters" and "Repairs of tools and machinery" because expenditures of \$35,260.29 were misclassified.

5. Miscellaneous Receipts

On July 14, 2014, the municipality deposited \$18,231.32 into its Liquid Fuels Tax Fund that was received from an insurance company for damage to the street sweeper.

FINDING AND RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2013 TO DECEMBER 31, 2014

Finding - Nonpermissible Expenditures

Our examination disclosed that the municipality expended 7,849.40 for ID-2 Wearing and \$1,420.55 for BCBC during 2013 and \$928.82 for ID-2 Wearing during 2014 from the Liquid Fuels Tax Fund. However, ID-2 Wearing and BCBC are nonpermissible expenditures.

Paving materials approved by the Department of Transportation are listed in the Department of Transportation Specifications *Publication 408*, Section 703.2. BCBC and ID-2 Wearing are not approved for use by municipalities in *Publication 408*.

The failure to purchase stone that is approved by the Department of Transportation could result in the municipality having to reimburse \$10,198.77 to its Liquid Fuels Tax Fund.

Recommendations

We recommend that the municipality reimburse \$10,198.77 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the municipality purchase stone that is approved by the Department of Transportation.

Management's Response

The municipal officials stated:

The auditor discovered that we purchased ID-2 Wearing which I wasn't aware of that it was a nonpermissible. We will correct this in the future by using the correct material.

Auditor's Conclusion

During our next examination we will determine if the municipality complied with our recommendations.

Summary Of 2008-2010 Examination Recommendation

In our 2008-2010 report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$17,375.00 to its Liquid Fuels Tax Fund for a failure to maintain documentation for price quotations.

During our current examination, we reviewed a letter dated April 3, 2013, from the Department of Transportation, informing the municipality that the reimbursement of \$17,375.00 would not be required.
