BOROUGH OF CAMP HILL CUMBERLAND COUNTY LIQUID FUELS TAX FUND BACKGROUND FOR THE TWO YEARS ENDED DECEMBER 31, 2007

Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

- 1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.
- 2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.
- 3. A report of elected and appointed officials by January 31 of each year.
- 4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

Independent Auditor's Report

The Honorable Allen D. Biehler, P.E. Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Camp Hill, Cumberland County, for the two years ended December 31, 2007. The municipality's management is responsible for the Forms MS-965. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Borough of Camp Hill, Cumberland County's Forms MS-965 for the two years ended December 31, 2007 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in the Finding and Recommendations section of this report, the township expended \$9,063.32 in 2006 and \$4,877.43 in 2007 from the Liquid Fuels Tax Fund for the purchase of signs. However, documentation for price quotations was not available for examination. Additionally, as discussed in Comment No. 2, during our prior examination we recommended that the municipality reimburse \$1,345.89 to its Liquid Fuels Tax Fund. This amount consists of \$94.33 for an overexpended equipment purchase tally and \$1,251.56 for duplicate transfers. This amount was reimbursed to the municipality's Liquid Fuels Tax Fund on March 14, 2008, which was subsequent to our examination period.

In our opinion, except for the matters discussed in the preceding paragraph, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Camp Hill, Cumberland County, for the two years ended December 31, 2007, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-965 and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Borough of Camp Hill, Cumberland County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the Borough of Camp Hill, Cumberland County's Forms MS-965 that is more than inconsequential will not be prevented or detected by the Borough of Camp Hill, Cumberland County's internal control.

<u>Independent Auditor's Report (Continued)</u>

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-965 will not be prevented or detected by the Borough of Camp Hill, Cumberland County's internal control.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Forms MS-965.

The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

• Documentation For Price Quotations Was Not Available For Examination.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Borough of Camp Hill, Cumberland County, and is not intended to be and should not be used by anyone other than these specified parties.

December 19, 2008

JACK WAGNER Auditor General

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment that cost in excess of \$4,000.00.
- Minor equipment purchases are purchases of road machinery and road equipment that cost \$4,000.00 or less.
- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is generally received from the Department of Transportation during the first week in April of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- The turnback allocation is generally received from the Department of Transportation during the first week in April of each year. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.
- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

1. <u>Criteria (Continued)</u>

Section 3 (Continued)

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

1. Criteria (Continued)

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Borough Code, Title 53 P.S § 46316, authorizes the borough to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loans or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in financial institutions. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2007. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

2. <u>Deposits (Continued)</u>

Fund Balance

The fund balance as of December 31, 2007 consists of the following:

Cash \$161,015.52

3. <u>Interest On Investments</u>

Our examination disclosed that the municipality deposited idle liquid fuels tax money in interest-bearing accounts which earned \$15,179.36 during 2006, and \$13,387.63 during 2007, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2006 - Section 2

An adjustment of \$3,064.05 was made to "Balance, January 1, 2006" because of prior report adjustments that were not carried forward in the fund balance.

An adjustment of \$(23.00) was made to "Miscellaneous" receipts because a voided check was incorrectly reported as a receipt.

<u>2007 - Section 1</u>

An adjustment of \$42,293.77 was made to "Major equipment purchases" because these expenditures were misclassified as miscellaneous.

An adjustment of \$465.26 was made to "Maintenance and repair of roads and bridges" because these expenditures were misclassified as miscellaneous.

An adjustment of \$(292,759.03) was made to "Miscellaneous" because a transfer of \$250,000.00 between two Liquid Fuels Tax Fund accounts was incorrectly reported as an expenditure. Additionally, \$42,293.77 for "Major equipment purchases" and \$465.26 for "Maintenance and repair of roads and bridges" were misclassified.

4. Adjustments (Continued)

<u>2007 - Section 2</u>

An adjustment of \$(250,000.00) was made to "Miscellaneous" because a transfer between two Liquid Fuels Tax Fund accounts was incorrectly reported as a receipt.

2007 - Section 3

An adjustment of \$42,293.77 was made to "PENNDOT approved adjustments" because approved adjustments were understated.

5. Miscellaneous Receipts

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

| Source | Description | 2006 | 2007 |
|-------------------------|--------------------------------|-------------|-------------|
| East Pennsboro Township | Reimbursement of traffic costs | \$ 4,404.24 | \$20,726.59 |
| Shiremanstown Borough | Sale of road salt | 146.01 | 649.67 |
| General Fund | Reimbursement | | |
| | (Comment No. 1) | 13,899.22 | - |
| General Fund | Grant | - | 740.00 |
| General Fund | Reimbursement for dump | - | |
| | truck | | 42,293.77 |
| General Fund | Reimbursement for road | - | |
| | materials | | 465.26 |
| Totals | | \$18,449.47 | \$64,875.29 |

6. <u>Miscellaneous Expenditures</u>

The following miscellaneous expenditures were paid from the Liquid Fuels Tax Fund during the examination period:

| Payee | Description | 2007 | | |
|--------------|---|-------------|--|--|
| P P & L | Reimbursement for payment in error (Note 7) | \$ 30.52 | | |
| General Fund | Reimbursement (Comment No. 1) | 14,082.82 | | |
| Vendor | Reimbursement for payment in error (Note 7) | 43.99 | | |
| Totals | | \$14,157.33 | | |

7. Payments In Error

On August 23, 2007 and December 21, 2007, the municipality expended \$30.52 and \$43.99, respectively, from its Liquid Fuels Tax Fund for electric bills. The municipality should have expended this money from its General Fund. The municipality transferred \$74.51 from its General Fund to its Liquid Fuels Tax Fund to correct the payment in error on September 15, 2008, which was subsequent to our examination period.

Finding - Documentation For Price Quotations Was Not Available For Examination

Our examination disclosed that the borough expended \$13,940.75 from the Liquid Fuels Tax Fund for the purchase of signs. This amount consists of \$9,063.32 in 2006 and \$4,877.43 in 2007. Before making these expenditures the borough was required to obtain written or telephonic price quotations. However, documentation for price quotations was not available for examination. These purchases were as follows:

Finding - Documentation For Price Quotations Was Not Available For Examination (Continued)

The above purchases were not made in compliance with the contract requirements of *The Borough Code*, 53 P.S. § 46402(a.1), (also found at § 1402(a.1) of *The Borough Code* as published by the Local Government Commission), which states, in part:

Written or telephonic price quotations from at least three qualified and responsible contractors shall be requested for all contracts that exceed four thousand dollars (\$4,000.00) but are less than the amount [in excess of \$10,000.00] requiring advertisement and competitive bidding or, in lieu of price quotations, a memorandum shall be kept on file showing that fewer than three qualified contractors exist in the market area within which it is practicable to obtain quotations. A written record of telephonic price quotations shall be made and shall contain at least the date of the quotation, the name of the contractor and the contractor's representative, the construction, reconstruction, repair, maintenance or work which was the subject of the quotation and the price. Written price quotations, written records of telephonic price quotations and memoranda shall be retained for a period of three years.

In addition, the above purchases were not made in compliance with the Department of Transportation's *Publication 9*, Appendix D, Section 449.7(d), which states, in part:

...For material estimates between \$4,000 and \$10,000, three telephone price quotes shall be obtained prior to the selection of a supplier. In lieu of the price quotations, a memorandum shall be kept on file showing that fewer than three qualified contractors service the market area within which it is practicable to obtain quotations. If the cost during the year of an unadvertised item or group of like items ordinarily supplied by a single supplier exceeds \$10,000 or if the cost was between \$4,000 and \$10,000 and three price quotes were not obtained, the entire cost shall be ineligible for payment from the Liquid Fuels Tax Fund unless it can be shown to the satisfaction of the Secretary [of the Department of Transportation] that it was reasonably believed that the cost of the year's requirements of that item or group of like items would not exceed \$10,000 or be between \$4,000 and \$10,000 as specified above.

The failure to comply with *The Borough Code* and the Department of Transportation's *Publication 9* could result in the borough having to reimburse \$13,940.75 to its Liquid Fuels Tax Fund.

Finding - Documentation For Price Quotations Was Not Available For Examination (Continued)

Recommendations

We recommend that the borough reimburse \$13,940.75 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the borough comply with *The Borough Code* and the Department of Transportation's *Publication 9* as noted in this finding.

Management's Response

The finance manager stated:

The public works foreman over a two year period, changed old and worn street signs. Street name signs were the largest amount of signs replaced. Included were stop signs, one way signs and pedestrian walk signs. The largest amounts of signs were the street signs. That plan came to an end in late 2007.

Comment No. 1 - Summary Of 2002-2003 Audit Recommendation

In our 2002-2003 report we recommended that the Department of Transportation review our audit finding to determine if the municipality should reimburse \$13,899.22 to its Liquid Fuels Tax Fund for nonpermissible expenditures.

During our 2004-2005 examination we reviewed a letter dated May 17, 2006 from the Department of Transportation informing the municipality to reimburse \$13,899.22 to its Liquid Fuels Tax Fund. We noted that on May 6, 2005, the municipality reimbursed \$14,082.82 to its Liquid Fuels Tax Fund, which was \$183.60 more than the required amount. We further noted that the municipality reimbursed an additional \$13,899.22 to its Liquid Fuels Tax Fund on July 7, 2006.

During our current examination, we noted that the municipality transferred \$14,082.82 from its Liquid Fuels Tax Fund to its General Fund on September 7, 2007 to correct the overpayment.

Comment No. 2 - Summary Of 2004-2005 Examination Recommendations

In our 2004-2005 report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$1,345.89 to its Liquid Fuels Tax Fund. This amount consists of \$94.33 for an overexpended equipment purchase tally and \$1,251.56 for duplicate transfers.

During our current examination we reviewed a letter dated February 1, 2008, from the Department of Transportation informing the municipality to reimburse \$1,345.89 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on March 14, 2008, which was subsequent to our examination period.

In our 2004-2005 report we also recommended:

- That the municipality only expend up to the approved amount on equipment expenditures in accordance with the Department of Transportation's *Publication 9*.
- That the municipality establish and implement internal controls to avoid duplicate transfers.
- That the municipality ensure that its Forms MS-965 are complete and accurate.

During our current examination we noted that the municipality complied with our recommendations.
