BOROUGH OF SUMMIT HILL CARBON COUNTY LIQUID FUELS TAX FUND BACKGROUND FOR THE PERIOD JANUARY 1, 2011 TO DECEMBER 31, 2011

Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

- 1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.
- 2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.
- 3. A report of elected and appointed officials by January 31 of each year.
- 4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

EUGENE A. DEPASQUALE AUDITOR GENERAL

Independent Auditor's Report

The Honorable Barry J. Schoch, P.E. Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Form MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Summit Hill, Carbon County, for the period January 1, 2011 to December 31, 2011. The municipality's management is responsible for the Form MS-965. Our responsibility is to express an opinion on the Form MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Borough of Summit Hill, Carbon County's Form MS-965 for the period January 1, 2011 to December 31, 2011 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Form MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in the Finding and Recommendations section of this report, the municipality expended \$10,769.40 in excess of the amount available for the purchase of equipment during 2011. The municipality reimbursed \$22,781.59 to its Liquid Fuels Tax Fund on March 4, 2012, which was subsequent to our examination period and \$12,012.19 more than required. Additionally as discussed in Comment No. 2, during the prior examination period the municipality expended \$3,772.34 in excess of the amount available for the purchase of equipment during 2010. This amount was reimbursed to the municipality's Liquid Fuels Tax Fund on May 15, 2012, which was subsequent to our examination period.

In our opinion, except for the matters discussed in the preceding paragraph, the Form MS-965 With Adjustments presents, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Summit Hill, Carbon County, for the period January 1, 2011 to December 31, 2011, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Form MS-965 and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Form MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Form MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Borough of Summit Hill, Carbon County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the Borough of Summit Hill, Carbon County's Form MS-965 that is more than inconsequential will not be prevented or detected by the Borough of Summit Hill, Carbon County's internal control.

Independent Auditor's Report (Continued)

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Form MS-965 will not be prevented or detected by the Borough of Summit Hill, Carbon County's internal control.

Our consideration of internal control over reporting on the Form MS-965 was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Form MS-965.

The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

• Overexpended Equipment Purchase Tally.

We are concerned in light of the municipality's failure to correct a previously reported finding regarding an overexpended equipment purchase tally. The municipality should strive to implement the recommendation and corrective action noted in this report.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Borough of Summit Hill, Carbon County, and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Form MS-965 With Adjustments are an integral part of this report.

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment that cost in excess of \$4,000.00.
- Minor equipment purchases are purchases of road machinery and road equipment that cost \$4,000.00 or less.
- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is generally received from the Department of Transportation during the first week in April of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- The turnback allocation is generally received from the Department of Transportation during the first week in April of each year. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.
- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

1. <u>Criteria (Continued)</u>

Section 3 (Continued)

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Form MS-965 has been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Form MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

Basis Of Accounting

The accompanying Form MS-965 With Adjustments is prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. <u>Deposits</u>

The Borough Code, Title 53 P.S § 46316, authorizes the borough to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit
 or share accounts of institutions having their principal place of business in the
 Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance
 Corporation (FDIC) or other like insurance. For any amount above the insured
 maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2011. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

Fund Balance

Cash	\$32,285.59

The fund balance consists of the following:

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in an interest-bearing account which earned \$12.36 during 2011, thus providing additional funds for road maintenance and repairs.

4. Adjustments

Section 1

Adjustments were made to "Major equipment purchases," "Repairs of tools and machinery," and "Highway construction and rebuilding projects" because expenditures of \$13,653.94 were misclassified.

Section 3

An adjustment of \$(24,423.34) was made to "PENNDOT approved adjustments" because there were no approved adjustments.

An adjustment of (13,653.94) was made to "Major equipment expenditures" to reflect the adjustment made to major equipment purchases in 2011 – Section 1.

5. Bank Loan

On July 16, 2001, the municipality borrowed \$162,244.74 from the Jim Thorpe National Bank to finance a road and paving project. The term of the loan was for ten years at an interest rate of 4.80 percent. Principal and interest payments of \$1,705.35 are due monthly. Prior years' principal and interest payments from the Liquid Fuels Tax Fund were \$148,105.06 and \$41,472.22, respectively. Additionally, the municipality paid principal of \$2,636.74 and interest of \$773.96 from the General Fund.

During the current examination period the municipality paid principal of \$11,502.94, interest of \$168.21, and a late payment fee of \$341.04 from the Liquid Fuels Tax Fund. These amounts are reflected in highway construction and rebuilding projects on the 2011 Form MS-965 – Section 1. The loan was paid-in-full on June 20, 2011.

6. <u>Lease-Purchase Agreement</u>

On June 8, 2007, the municipality entered into a lease-purchase agreement with Midlantic Machinery, Inc. to purchase a 2007 Komatsu WA200-5 wheel loader for \$85,473.00. The agreement was for a term of 72 months at an interest rate of 4.50 percent. Principal and interest payments of \$1,356.80 are due monthly. Prior years' principal and interest payments from the Liquid Fuels Tax Fund were \$45,946.95 and \$9,747.42 respectively. Additionally, the municipality paid principal of \$1,096.12 and interest of \$260.68 from the General Fund.

During the current examination period the municipality paid principal of \$14,856.19, interest of \$1,425.41, and a late payment fee of \$20.35 from the Liquid Fuels Tax Fund. These amounts are reflected in major equipment purchases on the 2011 Form MS-965 – Section 1. The outstanding balance of the lease-purchase agreement as of December 31, 2011 was \$23,573.74, plus interest.

7. Bank Loan

On January 8, 2008, the municipality borrowed \$34,000.00 from Harleysville National Bank & Trust Company to purchase a 2004 Ford F-550 truck. The term of the loan was for five years at an interest rate of 8.29 percent. Principal and interest payments of \$694.12 are due monthly. Prior years' principal and interest payments from the Liquid Fuels Tax Fund were \$17,865.33 and \$5,734.75 respectively. Additionally, the municipality paid principal of \$261.69 and interest of \$432.43 from the General Fund.

During the current examination period the municipality paid principal of \$7,263.13 and interest of \$1,066.31 from the Liquid Fuels Tax Fund. These amounts are reflected in major equipment purchases on the 2011 Form MS-965 – Section 1. The outstanding balance of the loan as of December 31, 2011 was \$8,609.85, plus interest.

BOROUGH OF SUMMIT HILL CARBON COUNTY LIQUID FUELS TAX FUND FINDING AND RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2011 TO DECEMBER 31, 2011

Finding - Overexpended Equipment Purchase Tally

Our examination disclosed that the municipality expended \$10,769.40 in excess of the amount available for the purchase of equipment for the year ending December 31, 2011, as follows:

<u>2011</u>		Actual
1.	Prior year equipment balance	\$ -
2.	Current year equipment allocation (20% of Lines 2 + 2A, Section 2)	13,861.99
3.	PENNDOT approved adjustments	
4.	Total funds available for equipment acquisition	13,861.99
5.	Less: Major equipment purchases	24,631.39
6.	Amount overexpended for equipment – 2011	\$(10,769.40)

The Department of Transportation's, *Publication 9*, Appendix D, Section 449.11, requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year, 20 percent of the current year's Liquid Fuels Tax Fund allocations, and any approved adjustments.

The municipality reimbursed \$22,781.59 to the Liquid Fuels Tax Fund on March 4, 2012, which was subsequent to our examination period and \$12,012.19 more than required.

A similar finding was also written in our prior report.

Recommendation

We again recommend that the municipality only expend up to the approved amount on equipment expenditures in accordance with the Department of Transportation's *Publication 9*.

Management's Response

The municipal officials offered no formal response at this time.

Finding - Overexpended Equipment Purchase Tally (Continued)

Auditor's Conclusion

This is a recurring finding. We strongly recommend that the municipal officials comply with our recommendation.

BOROUGH OF SUMMIT HILL CARBON COUNTY LIQUID FUELS TAX FUND COMMENTS FOR THE PERIOD JANUARY 1, 2011 TO DECEMBER 31, 2011

Comment No. 1 – Summary 2009 Examination Recommendations

In our 2009 report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$21,907.00 to its Liquid Fuels Tax Fund for paving in excess of one inch on Main Street without obtaining the approval of the Department of Transportation.

During our current examination we reviewed a letter dated February 2, 2011, from the Department of Transportation informing the municipality to reimburse \$21,907.00 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on June 1, 2011.

Comment No. 2 – Summary Of 2010 Examination Recommendations

In our 2010 report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$3,772.34 to its Liquid Fuels Tax Fund for overexpending the equipment purchase tally A similar finding was also written in our current report (see Finding).

During our current examination we reviewed a letter dated February 9, 2012, from the Department of Transportation informing the municipality to reimburse \$3,772.34 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on May 15, 2012, which was subsequent to our examination period.
